

JACK LONDON, FAMOUS AUTHOR DIES SUDDENLY

GLEN ELLEN, Cal., Nov. 23.—The body of Jack London, famous California author, who died here last night, will be cremated in Oakland tomorrow at noon. Only near relatives will be present at the services in accordance with London's express wishes that his funeral be private.

The remains, accompanied by his widow, Mrs. Charmion London, a sister, Mrs. Eliza Sheppard, and London's secretary, J. Byrne, will leave Glen Ellen early tomorrow morning. At Oakland the funeral cortege will be joined by his two young daughters, Bessie and Joan London, and their mother, from whom the author was divorced ten years ago.

Death Unexpected. That the famous writer's death was an unexpected blow to his widow and physicians was admitted today by the secretary, who said that he had seen Mr. London yesterday afternoon and that he seemed "cheerful and confident of recovery."

London complained of indigestion when he went to bed Tuesday night, but during his last conscious hours he sat propped up in bed writing his daily quota of words, a task he had long ago set himself for life.

Late last night the physicians who attended him issued the following statement:

Died Very Suddenly. "At 6:30 p. m., November 21, 1916, Mr. Jack London partook of his dinner. He was taken during the night with what was supposed to be an acute attack of indigestion. This, however, proved to be a gastro-intestinal type of uremia. He rapidly entered coma, and died at 7:45 p. m., November 22, 1916."

The news of London's death was broken last night to his first wife, who lives in Oakland. She declared that the news staggered her—that he had so much before him. Besides his widow, the Charmion of his books, he is survived by two daughters by his first wife, Joan and Bess; a sister, Mrs. Eliza Sheppard, and his mother.

London's properties, including the Glen Ellen ranch, are almost entirely free from debt. During the past year he paid off more than \$20,000 in mortgages. One small mortgage remains.

Mrs. Flora London, mother of Jack London, is seriously ill at her home in Oakland, Cal., and has not yet been told of her son's death.

Messages of condolence reached the widow today from friends, admirers, noted writers and intimates from all sections of the country.

Story of His Life. Jack London was born in San Francisco, Cal., January 12, 1876. He entered the University of California but did not complete his course. He left college to go to the Klondike during the famous gold rush.

He went to sea before the mast in 1892 and followed this next year with a trip which included a visit to Japan and a seal hunting cruise in the Bering sea. In 1894 he tramped through the United States for the purpose of making a first hand study of social and economic problems, which he used, with his other experiences in his prolific writings.

In 1906 London built a 55-foot yacht, the Snark, and in 1907-09 he cruised the South seas in it. His life was stressful and many of his books, particularly "John Barleycorn" were popularly accepted as autobiographical experiences. He was an indefatigable writer. Early in his career he set himself the task of writing a certain amount every day and he lived up to the undertaking to the last.

London was deeply interested in socialism and latterly devoted himself to farming as a hobby, he testified in court a few days ago, to which he devoted all the earnings from his pen. He made a deep study of agricultural problems and recently qualified as an expert on irrigation.

He married Bessie Maddern of Oakland, Cal., April 7, 1900 and November 19, 1905 married Charmian Kilbridge of Berkeley, Cal.

London came into literary prominence in 1903 when he published The Call of the Wild. This was followed the next year by The Sea Wolf. He was the author of at least forty books, several plays and innumerable short stories.

HOBOES ACCUSED OF USING GUN UPON BREAKMAN

Charged with assault with a dangerous weapon, two knights of the road, Lewis Levine and George Botts, were lodged in the jail at Jacksonville last night by Fred Richardson, deputy sheriff, of Hornbrook.

Sunday night Carroll, a brakeman on a southbound freight, discovered the two men when the train was a few miles south of Steinman, on the Siskiyou. He ordered them off and the men drew guns. When he kept advancing one of them fired, the bullet striking Carroll's clothing near his waist, searing the flesh of his abdomen.

The men dropped off the train, and Carroll, reaching Hornbrook, filed a complaint. The deputy sheriff took a car and met the men at Hill, where they were arrested.

At Hornbrook, Levine made an attempt to escape, breaking from his captor. However, he fell in a ditch and was caught again.

Levine is about 35 years of age and Botts is 28. A preliminary hearing of the case will be held before Justice Taylor Friday morning.

ALONG ROGUE RIVER

Jack Houston has been hauling grain from Sam's Valley this week. A surprise party was given to Mr. and Mrs. Jeff Conover last Saturday. Many friends from both sides of the river were present.

Mr. and Mrs. Jasper Hannah were on a shopping tour in Medford last week. Miss Mima Hannah is taking music lessons of Mrs. M. Reed, who recently located here, and is staying with Mrs. M. Gage at present. She is highly recommended as a very competent teacher of music.

Mill Houshen has been in the valley on business. Dr. Kirchgessner made professional trips to Sam's Valley and Eagle Point last week. A successful entertainment and box social was held at the Central school last Saturday.

G. Fry and family moved to the Central school district last week, where they send their daughter to school. Mrs. Gage B. Johnston motored from Ashland to their Rogue river ranch recently.

Mr. and Mrs. Ed Houston drove to Medford a few days ago. Steve Smith made a shopping trip to Medford. Mr. Iker and family moved into the Ed Foster house recently, where they expect to stay for the winter.

Miss Mima Hannah is visiting her sister, Mrs. T. Daily, at the Hillcrest orchards. Elmer Simons is cutting wood for Dr. Kirchgessner. Jack Walker was in Medford last week purchasing goods.

The roads are in fine condition again after the rain. Mr. and Mrs. Chris Bergman were in the Butte Falls country last week looking after their ranch. Jasper Hannah is spending a few days in the hills looking after cattle.

Our friend and neighbor, Joe Hannah, is propelling himself over the roads daily in his high-powered flyer. It has been suggested that an addition of one or more cylinders may enable him to reach the point of destination a day or two sooner.

George Weeks, one of the rustling farmers and stockmen of the Trail and Elk creek country, came near losing his left eye. He was stung by a honey bee just below the eye and that caused him considerable pain, and while working in the brush a little twig struck him on the same eye, causing it to swell, and the pain was so intense that he could hardly bear it, so he went to one of the eye specialists of Medford to have it treated.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

Irrigation means saleable land. I cannot sell land in this county unless it has water or a show to get it. The actual producing value of land in this county will be more than doubled when properly irrigated. Irrigation first.

J. C. BARNES 162 West Main Street.

ed, and had to remain there and have it treated four times a day for two weeks, and during nine days of that time the specialist had but very little hope of saving it, but now it seems to be apparently out of danger. See what a man may suffer from so small a thing as a bee sting. He and his son went up on the stage Friday.

S. G. Harding of Lake Creek was a guest at the Sunnyside Friday noon. Joe Rader, wife and her sister, Mrs. Taylor, were in town visiting friends, but principally to see Joe's new nephew, Donald Ashpole, Friday afternoon.

Dr. L. N. Rednet of Dayton, Wash., spent the night with us Friday. During the evening he visited Dr. W. P. Holt and Saturday morning took the P. & E. for Butte Falls. He was simply looking the country over and looking over some mining interests.

L. K. Haak shipped a small lot of apples to Butte Falls Saturday, and there were several sacks of corn shipped to the same place for J. P. Hughes.

There was about a ton of land plaster came in Saturday morning for Fred Fridergar of Medford, who owns a twenty-acre tract of land just east of Eagle Point.

George H. Welman, our harness maker, and one of our regular boarders, has been spending the past week in the hills with one of his friends, Jud Edsall, and Carl Roberts, another one of our boarders, has been spending a few days in Medford looking after his business interests in Washington, D. C.

Frank Ditsworth came out Thursday with another load of beans, taking them to Medford, realizing 7 and 8 cents a pound. He returned to the Sunnyside Friday and spent the night.

Saturday there were eight or ten came in for dinner and there was quite a number of them strangers. They simply came for dinner (lunch), ate and started, giving me no time to ask questions.

Miss Mida McIntosh and the two children of Mr. and Mrs. McIntosh, her sister, Charles Bacon, came out to the S. S. Saturday evening.

PUT CREAM IN NOSE AND STOP CATARRH Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dizziness, headache, no yawning, sniffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffy!

DRINK HOT TEA FOR A BAD COLD Get a small package of Hamberg's Brewed Tea, or as the German folks call it, "Hamberger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

Phantom Powder Your skin may not be naturally beautiful, but one application of Phantom Powder will conceal the defects it will appear beautifully natural.

Especially good for the neck, arms, hands and for evening make up. Free Demonstration by calling at

MARINELLO HAIR SHOP Garnett-Cory Building. You have headache. You have dyspepsia. You are nervous. You can't sleep. Your eyes tire. You are despondent.

YOUR EYES MAY BE THE CAUSE. Come in and let me explain more about it.

Dr. Rickert Eye Sight Specialist Over the May Co., Medford.
