Much to Be Thankful For

We have much to be thankful for in America and it may be hard to pick out the most important thing. We are thankful, however, for health, food, happiness, safety, prosperity, etc. This country has these things in greater measure than any nation on earth.

We are also thankful for the dominance in this country of the high principles of justice and freedom.

WE THANK YOU

For the liberal support given this store this season. Our business has shown a nice increase, and this has been made possible only by the loyalty of our patrons.

Our policy of small profits and cash prices will continue throughout the season. We have discounted all of our bills, and selling for cash, we have no bad accounts. These two items go a long way toward reducing cost, and thus we are able to put our goods over the counter for a little less. And remember, too, that we are associated with a strong chain of Golden Rule stores, which gives us unusual buying power.

This store will be closed all day tomorrow, Thanksgiving Day

DIAMONDS AND SUCCESS

Wearing diamonds gives an air of prosperity that brings greater success. Everyone knows that diamonds are rich, and that no one can wear them, who has not considerable means or first-class credit. If, then, you wear them you are showing positively that you are at least on the road to prosperity, and it is human nature to pay tribute to success by helping it to further success. It is business for a business man to show that he is successful, for it will bring him more and better customers, and there is no better way to show that you are successful than by wearing well-chosen diamonds. All our diamonds are correctly graded by experts, with exact weights, qualities, and lowest prices marked in plain figures. If you want the best get it at Reddy's.
