The Bradstreet of Filadelfia "Wid" says: "If Mr. Griffith expected to knock their eye out, he did." "Intolerance" landed with a "bang" that rocked Broadway, and it will keep on rocking for many months. Stupendous, tremendous, revolutionary, intense, thrilling, and then you can throw the old typewriter away and give up with the dictionary, because you can't get a justice enough. Mr. Griffith has put on the screen what is, without question, the most stirring human story that has ever been presented to the world. No spectacle, no drama, book, speech or any other expression under 3000 ft. of mankind has ever registered the stirring emotions that this production brings. "Intolerance" is ten times greater than "The Birth of a Nation." "Intolerance" is so big that no back ever will feel a desire to go back and see it a second or a third time to grasp many of the situations.

QUICK RELIEF FROM CONSTIPATION. Get Dr. Edwards' Olive Tablets. That is the joyful cry of thousands since Dr. Edwards' purgative Olive Tablets, the substitute for castor oil. Dr. Edwards, a practicing physician for 17 years and cancer's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No griping in the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headaches—torpid liver and are constipated, swell and quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them, 10c and 25c per box. All druggists.
