

DEADLOCK OVER ASHLAND HILL ROAD CONTINUES

The county court has reappointed all road supervisors, with the exception of district 12, Table Rock, where George Stacey of Beagle was appointed, replacing Lee Vincent. The court met Monday with G. F. Billings of Ashland in an endeavor to straighten out the deadlock that prevents the construction of the Ashland hill section of the Pacific highway, but was unable to accomplish anything. An agreement has been reached with Mr. Billings for right of way and with the railroad to pay half the cost of the subway, but Mr. Billings insists upon being given, in addition, a perpetual right for a private railroad crossing. The railroad will grant their regular private crossing permit, however upon ninety days' notice, but this is not satisfactory to Mr. Billings. For six months the construction of the highway has been held up while the county appealed to the higher officials of the railroad, who refused a perpetual right of way to Billings, who in turn refuses right of way to the county. The former survey, going through the Billings farm, was opposed by Mr. Billings also, and his opposition prevented the construction of the highway at the time the balance of the road was completed.

MILITIAMAN AIDE TO ARMY OFFICER

EL PASO, Tex., Jan. 9.—Lieutenant J. F. Devereux of the first Ohio cavalry was appointed aide to Brigadier General George Bell, Jr., commander of the border division. General Bell said this was the first time a National Guardsman had been appointed an aide to a United States army officer since the Spanish-American war. Lieutenant Devereux' home is in Cleveland.

WYOMING VOTES ON PROHIBITION IN 1918

CHEYENNE, Wyo., Jan. 9.—Wyoming will vote on a constitutional amendment in 1918, providing for statewide prohibition, legislative leaders here for the opening of the fourteenth Wyoming legislature predicted today. The democratic and the republican caucuses last night adopted resolutions endorsing submission of an amendment at that time. Leaders said one of the first things to be done by the legislature would be the adoption of such a resolution.

SENTENCED TO HANG FOR WIFE'S MURDER

OSIPEE, N. H., Jan. 9.—Frederick L. Small today was sentenced to be hanged on January 15, 1918, for the murder of his wife, Mrs. Florence A. Small, at Mountview on September 28 last.

MANY OREGON WOMEN SAY THE SAME.

Portland, Oregon.—"My daughter's health was very poor after her first baby came. Finally she took three bottles of Dr. Pierce's Favorite Prescription and her health was greatly improved. She has three children. Has always depended on this wonderful medicine to help her through."—Mrs. Isabel Bertrand, 86 Texas St., Portland, Oregon.

Lents, Oregon.—"I used Doctor Pierce's Favorite Prescription before my baby came and I believe it saved my life as I was in very poor health."—Mrs. C. H. Fowens, Lents, Oregon.

NOTE: Dr. Pierce's Pellets, daily, many letters like the above from all over the world. The mighty restorative power of Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

What Doctor Pierce's Favorite Prescription has done for thousands it will do for you. Get it this very day from any medicine dealer, in either liquid or tablet form.

Doctor Pierce's Pellets are unequalled as a Liver Pill. Smallest, easiest to take. One tiny Sugar-coated Pellet a Day. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all Derangements of the Liver, Stomach and Bowels.

U. S. TO BUILD ZEPPELINS FOR COAST DEFENSE

WASHINGTON, Jan. 9.—Ordnance and aircraft innovations designed from lines developed by European belligerents have been authorized by both war and navy departments. They include Zeppelin type airships, large caliber mobile rifles and howitzers to be mounted on trucks for the coast defense or hauled by tractor engines over country roads. Secretary Daniels announced today that the Zeppelin would be constructed at once. Determination to build the craft was reached after an exhaustive study of the question of rigid airships by a joint committee of officers representing the aeronautical branches of both services, the general staff of the army and the general board of the navy, which recommended that construction be undertaken at once. The recommendations have been approved by Secretary Daniels and Secretary Baker and the cost will be equally divided between the army and navy. Army ordnance plants are already building at the Watervliet arsenal, New York, a pilot gun of the 16 and 14 howitzer. Plans are completed also for a 14-inch high-powered rifle with carriage for mounting on railroad trucks.

ULTIMATUM GIVEN GREECE BY ALLIES

PIRAEUS, Greece, Jan. 9.—Ministers of the entente powers today handed to the Greek government an ultimatum giving Greece forty-eight hours to comply with the demands contained in the note drawn up by France, Great Britain and Russia on December 31.

The entente note to Greece demands among other things, that all Greek forces outside of Peloponnesus be reduced to a number strictly necessary to the preservation of order; that all meetings of reservists in Greece north of the Isthmus of Corinth be prohibited; that all persons obtained for high treason or for other political reasons be released forthwith; that the commandant of the first army corps be dismissed and that the Greek government make apologies to the allies' ministers and flags at some public spot in Athens.

WITHYCOMBE'S MESSAGE

(Continued From Page One.)

Oregon boys, and participation in it should count in their school credits. I believe such training is invaluable for physical development and the up-building of disciplined character. It would also afford an opportunity for the application of practical patriotism; those who take the training would do much to make themselves of value to their country in time of military need.

"I suggest legislation similar to that existing in several eastern states, which would permit Oregon soldiers on duty outside of the state the privilege of voting in state and national elections. Over 300 of our citizens were deprived of their franchise last November because they were detained in southern California serving their country.

Sterilization Bill. "I earnestly urge the passage of a sane sterilization act. Its application should be zealously safeguarded. The feeble-minded, the incurably insane and the criminally insane should be operated upon. Each case, it seems to me, should be considered by a commission, or jury, composed of the members of the state board of health, the superintendents of the two state hospitals, and the superintendent of the feeble-minded institution.

CHICAGO POLICE ALLEGED INVOLVED IN VICE SCANDAL

CHICAGO, Jan. 9.—Further arrests were promised today by Maclay Hoyle, state's attorney, in his investigation into the alleged police corruption ring whose vice manipulations, he charged, have netted thousands of dollars annually. Mr. Hoyle charged that "a great majority of the police captains and lieutenants" of Chicago are involved in the scandal which resulted in the arrest last night of Charles C. Healey, chief of police, Martin White, a police lieutenant, and three others on warrants charging extortion, conspiracy and bribery. In the early hours of the morning several persons were taken into custody in connection with the investigation, among them four women said to be keepers of immoral resorts. Warrants were issued also for the arrest of three police officers, one being confidential secretary to Chief Healey.

Mr. Hoyle declined to make public any of the alleged evidence he had seized but asserted that he attached much significance to a green covered book said to have been found in the possession of Lieutenant White. This book contained a carefully kept index of several hundred vice resorts, gambling houses and saloons. Opposite some of the names were figures and opposite others notations. Among these notations were "can be raided," "chief's," "three ways."

"The green book will play an important part in our investigation," Mr. Hoyle said. "To me 'three ways' means a division made of this money." Lieutenant White, Mr. Hoyle said, insisted the ooch was merely a record kept of the disreputable places in the police district of which he assumed command several weeks ago.

"Beyond declaring my innocence of these charges and my complete ignorance of any basis for them, I have nothing to say," said Chief Healey.

GREAT FALLS STORES CLOSED BY STRIKE

GREAT FALLS, Mont., Jan. 9.—Announcement is made by the Great Falls Employers' association that all of the grocery stores of the city, wholesale and retail, will open tomorrow morning in order that patrons may have a chance to stock in event of a further shutdown. The stores did not open Monday morning, and were closed because of disagreement between merchants and clerks over handling of certain flour. No settlement has been reached in the controversy and the opening is generally understood to be a temporary one.

this connection as to the effect that it might have on stocks. "I talked to only one man on that. He asked me what effect it would have. I did not venture any opinion."

"Evidently you were in possession of some information not generally known."

"I think I was."

He added the source of his information was in no way connected with the United States government.

"Would you object to stating for what purpose you made this statement?"

"Purely my personal judgment that it should be known," Sabin replied.

Sabin was excused from telling the source of his information about the German peace proposal because he said it had been given to him in confidence by some one absolutely without connection with the government of the United States. He was released by the committee from further attendance.

Otto Kahn Talks. Otto Kahn of Kahn, Loeb and company, New York, followed, and read into the record a statement denying all connection with any "leak." He was excused.

Allan Curtis of Boston followed Mr. Kahn, and denied authorship of the "A. Curtis" letter upon which Representative Wood based his charges.

HALF OF VOTE CAST BY 2 O'CLOCK IN CITY ELECTION

At 1:30 this afternoon 800 votes had been cast in the city election, 210 in the First ward, 340 in the Second and 250 in the Third. The vote will probably run about 1500 out of a normal vote of 1650. The normal vote is about 550 in the First, 650 in the Second and 550 in the Third ward. The afternoon vote is expected to be heavy, the sunlight bringing out the women voters in numbers. Large numbers of voters who have failed to register are being sworn in at the city hall, the force there being kept busy accommodating the lines of waiting people since early this morning.

Early this afternoon all parties were still confident of victory. Many voters are making the mistake of merely voting "yes" on their favorite plan and not voting "no" on the opposition plan. Campaign committees were informed of this fact this morning and have reached as many of the voters as possible and instructed them in the manner of marking their ballots. The ballots are short and it is thought the work of counting will be well along and the result of the election known by 9 o'clock this evening. The polls will close at 7 o'clock.
