

VETO INCREASES IN GRAIN STORAGE

WASHINGTON, Jan. 19.—The inter-state commerce commission today disapproved proposals by railroads to double and quadruple storage charges on export of grain at elevators at New York, Philadelphia, Baltimore, Boston, Newport News and other Atlantic ports, where such grain is held longer than sixty days.

New charges for the storage of export grain in cars awaiting unloading at Baltimore and Philadelphia also were disapproved. The proposals, made by the trunk line railroads, were designed as a measure to relieve congestion at Atlantic ports and to insure, through enforcement of penalties, a freer flow of grain through the elevators. A considerable proportion of the millions of bushels of grain shipped to Atlantic ports for export to the warring nations of Europe would have been effected. In its decision, the commission holds that the objects sought by the railroads should be attained by other methods than the one proposed.

is hereby declared to be guilty of violating the constitutional requirement of "good behavior" upon which his tenure of office rests and shall be held by such decision ipso facto to have vacated his office.

"Sec. 2. That the president of the United States is hereby authorized to nominate a successor or fill the position vacated by such judicial officer."

Senator Owen quoted from the constitution the paragraph dealing with jurisdiction of the United States supreme court which paragraph concludes "with such exceptions and under such regulations as the congress shall make."

This, said the senator, showed that the jurisdiction of the supreme court is a statutory jurisdiction, made in pursuance of the constitution, and it is within the power of congress to preserve its own sovereignty by limiting the cases which may be appealed to that court.

Ultimately a choice will be made for a team to participate in a state championship, and enthusiasm runs high. The debate here will be on Friday evening.

J. M. Mashburn, residing near Montague, has been visiting relatives here this week. In these days of numerous "leaks" one or more must have been discovered on the roofs of the various normal buildings here, because house bill No. 82 has been introduced in the legislature, appropriating \$420 for repairs, work that was urgently needed and should have been attended to long ago.

EAGLE POINT EAGLETS

By A. C. Howlett

Thursday afternoon, the 11th inst., George Trusty came out from his home on Elk creek, Trail, postoffice, so as to be here on Saturday afternoon to attend a meeting with those who were to be here to perfect the organization of the Eagle Point Federal Bank Loan association. He was accompanied by G. W. Herrington of Portland, who is representing the Dupont Powder Co.

The same day Mrs. George West came out with Bert Peachey in his new auto and later in the day Mr. West and E. Carlson, two of the forest rangers, came in on their way up to the Dead Indian soda springs; they had two teams and were preparing to haul hay up there to feed on while they and others were engaged in making a road and building bridges from Lake Creek to the springs, something very much needed. They procured hay from our enterprising farmer, J. D. Singleton. They returned in a few days and reported that they had built a barn to keep the mules in and then took up more hay. They expect to employ five or six men on the job, and by the time that the tourists get ready to go up there next summer will have a good road to travel on.

It becomes my duty to chronicle the death of another of our pioneers, Jeff Johnson, who passed away on the 12th inst. He leaves two brothers to battle with the trials of life.

Heals Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. A little zemo, obtained at any drug store for 25c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases. Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress. The E. W. Ross Co., Chemists, O.

Rube and Frank, and a sister, Mrs. Jeff Conover. The three brothers at one time owned what is now known as the McDonald Elk creek ranch, and at the time of his death he was interested in a livery stable in Central Point. The remains were interred in the family burying ground on Indian creek.

John Foster, who has been up at Edsall for some time, came out the same day, spent two days here and then went up to his farm near Debenzer Gap.

Word came to me over the phone that John Allen of Derby had been kicked by a horse and had his leg broken just above the knee, a painful and serious accident for a man of his age, and in addition to all that he has his stock, a part of the Derby ranch and the rest at his ranch near Rancherie, and it will be hard for him to get anyone to look after his stock as he did.

The E. P. F. L. R. association met as per announcement Saturday afternoon in the Eagle Point school house, with L. K. Haak in the chair and E. H. Hurd, acting secretary. There were twenty-seven persons present at the opening, but several more came in later, until the list was swelled to be about fifty. After the reading of the minutes of the last meeting they proceeded to elect the board of directors, who were L. K. Haak, C. L. Farrar, George Trusty, H. L. Young and J. Edsall. They then elected L. K. Haak president, H. L. Young vice-president, and E. H. Hurd, secretary-treasurer, and C. L. Farrar, J. E. Edsall and George Brown as the board of appraisers, and George Trusty as the fourth, or the substitute. Thus perfecting the organization so far as it goes. The boundaries are beginning at the south line of township 36 south, range 1 west, north to the Unqupa divide, including township 37, ranges 1, 2 and 3 east, and from the west line of range 1 west, east to the Klamath county line. The applicants ask for \$168,000.

T. S. Branson and W. E. Fansher, representing the New York Life Insurance Co., were here last Monday for dinner on their way up to the Lake Creek country.

SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them like you relieve your bowels, removing all the body's urinous waste, clean your backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

Tomson, 110 Broadway, New York, and Howard A. Hanson, 900 Leary Building, Seattle, Washington, the expense for which opinions will be borne by purchaser. Bids are to be for whole issue or note, without condition or reservation and to be accompanied by a certified check for 2% of par value, same to be forfeited to the city as and for liquidated damages if the bid is accepted and bidder fails to comply with its terms. The purchaser is to furnish blank bonds free of cost to the city.

Dated at Medford, Oregon, January 18, 1917. ELMER T. FOSS, Recorder of the City of Medford, Oregon.

Mrs. B. returned to Medford with them Monday.

A. E. Cohoon, a traveling forest ranger, came in Wednesday for a late dinner from Trail.

I was called on Tuesday to go to attend the funeral of Mrs. Curbit, mother of Mrs. Hessler, who died at the home of the latter, near Brownsboro, on the 15th inst. She was 96 years old and up to a short time prior to her death went wherever she wished, walking quite a distance. I was unable to go, as I am still confined to the house with the grip, but am gradually improving, and trust that in a few days I will be able to resume my daily task of looking after the interest of the Medford Publishing Co.

HAVE DARK HAIR AND LOOK YOUNG Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. When her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Weyth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Weyth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
