ASHLAND AND VICINITY.

Ashland girls' basketball players were defeated at Yreka last Friday evening by the close score of 9 to 8.

Ashland Butte lodge, No. 1223, Loyal Order of Moose, had a guild time at its regular meeting on Monday night, when twenty-nine initiates were founded up, the result of the visit of Max M. Donohoe of Portland, field organizer of the order, who has been in this territory for some time past.

Among candidates, the new city administration seems to have been represented in a body, including Mayor Lankin, Recorder Wimer, Chief of Police Atterbury and Fire Chief Robinson. The activities of the business session were followed by an elaborate banquet and social smoker, in which over 100 participated, including a score of visiting Moose from Medford. The organization has taken a renewed life here, and Monday's lively gathering is but the forerunner of others to follow during the

winter. R. F. Styles is dictator of Ashland Butte lodge; J. H. Cooke, treasurer; J. T. Styles, secretary; Membership 139.

Funeral services of Levi March Eagon, who died Monday, were held Wednesday afternoon at Dodge's undertaking parlors, conducted by Rev. W. J. Douglass of the Methodist church. Interment in Mountain View cemetery. He was a native of Oregon, 62 years of age, and leaves a wife and daughter. He was the son-in-law of Mr. and Mrs. B. H. Hatch, and the family home is on upper Granite street.

The men's bible class of the Presbyterian Sunday school, of which the pastor is the teacher, are planning a birthday surprise on him at the church parlors on Wednesday evening. Rev. Harry A. Carnahan is a native of Illinois and was born at Aledo, January 24, 1867. As a reminder of his 50th birthday anniversary his class have in mind the presentation of a handsome umbrella, gold handled, and possessing the magical attributes of being "recovered" if worn out, strayed or stolen. Mr. Carnahan served pastorates in Nebraska and Montana before coming to Ashland, and is a man of genial personality, deservedly popular with all citizens and, moreover, an able preacher.

On Sunday, July 14, billiard rooms here kept open house, but on last Sunday the lid was on again. A new interpretation of the Sunday closing law determined the fact that a specific municipal ordinance governs and will stand the acid test as against a general statute.

J. F. Rocho of this city, who was elected president of the eight allied farm loan associations of Jackson county, is, with other officials of the organization, perfecting plans to place the rural credit feature on a working basis as soon as possible.

The Men's Social Service League met in the chapel annex to the Methodist church Tuesday evening. The topic, "What Can Our Men Do to Help Ashland?" might by implication create the impression that the women are engaged in all the major activities of the city.

The Coast Artillery team beat the high school basketball players at the armory last Saturday night, the first of the season.

For the first time in years the rotary snow plow has not as yet been used on the Shasta division of the Southern Pacific this winter.

Duns-muir is offering five cents per head for rats, dead or alive, delivered at city hall, a bounty made necessary in order to get rid of the pests.

The high price of potatoes is encouraging shipments on a big scale, California and other southern points are importing instead of exporting. Last week a train of forty cars went south through here loaded exclusively with spuds from the Willamette valley.

Joseph H. Rutherford of New York City, a former lawyer, has been elected to succeed the late Pastor Russell as head of the International Bible Students' association. Specifically, his title is president of the Watch Tower Bible and Tract society. The new official plans a tour of the Pacific coast section at an early date. Ashland supports a thriving branch of this organization.

Drilling on the Dodge soda well has been discontinued for the present and until some tests are being made relative to flow and quality of water. The depth reached was 267 feet, the well being six inches in diameter. The original depth before recent deepening operations was 131 feet. The locality is six miles east of town.

Rev. H. A. Carnahan, Presbyterian, and Rev. W. J. Douglass, Methodist, exchanged pulpits last Sunday morning for that day and date only, an arrangement which appeared to be mutually satisfactory to the respective congregations.

About a score of local Knights Templar went to Medford last Sunday, in attendance upon the funeral services of W. H. Stewart, who was a member of Malta Commandery, No. 4, of this city.

The first basketball game of the season, as far as the presence of visiting teams is concerned, will be Ashland and Cottage Grove high schools, at the gym, Wednesday evening, January 24.

Funeral services of Mrs. Myrtle May Campbell, who died on Sunday, were held at the Methodist church on Tuesday afternoon, conducted by Rev. W. J. Douglass and Rev. H. J. Van Fossen. Interment was in Mountain View cemetery. The deceased was 37 years of age and a native of Kansas. Besides her husband, R. P. Campbell, she leaves

three children. She was the daughter of Mr. and Mrs. James Barrett, residing east of Ashland.

Paul Winter, son of Mr. and Mrs. O. Winter, is a third recruit for the navy who has recently enlisted, having taken the preliminary examination for an electrical course, as outlined for the navy.

State Biologist Finley will give an illustrated lecture on the wild animals and birds of Oregon at the Yining Thursday afternoon from 4 to 5, which will be free to the school children. He will repeat the entertainment in the evening in connection with the regular feature of the theater.

Mrs. A. W. Atterbury, residing at 349 Sherman street, accidentally fell on Monday morning and was removed to the sanitarium, where an application of the X-ray revealed a broken ankle. She is the mother of Chief of Police Atterbury.

J. B. Hunter has traded his 100 acres of orchard and other land, including reservoir and water rights, to Canadian parties for 640 acres of grain lands in Alberta, Can., near the holdings of the Eliasons of this city, who have extensive acreage in the locality of Lethbridge, in that province.

"Resolved, that Oregon should adopt a health insurance law embodying the essential features of the American association of labor legislation," was a question in inter-scholastic debate which was won both affirmatively and negatively by Ashland high school debaters last Friday evening. Priscilla Carnahan and Lloyd Turner, representing the negative, won here over Medford. Ernest Abbott and Cleo Kirk, representing the affirmative, won at Grants Pass over the team of that city.

Bob Spencer has returned to Hawaii after a visit with relatives here. Instead of traveling, he will enter the employ of a railroad and ocean transportation company.

A. D. Doans of Portland, president of the Hawthorn Sheet Metal works of that city, was here early in the week renewing the acquaintance of Rev. M. C. Reed. The visitor was on his way to California.

Bert Greer, having attended a meeting of the State Editorial association at Salem, will remain at the capital during the legislative session, assisting the lobby in various measures, notably regarding protective features in behalf of the printing trades. He will also advocate legislation empowering the public service commission to probe into the matters of the print paper monopoly.

In common with other Postal Telegraph offices throughout the country, the local branch is sharing in a 6 per cent increase of wages as recently fixed by the corporation.

Mr. and Mrs. Peyton and daughter, Juanita, spent Tuesday at Mr. Stearns'.

An auto from Medford came up to the power plant Friday, making the trip as far as Mr. Nye's without difficulty, but from there on the going was bad, as the snow was deep and the road broken. In the car were Mr. Bradley, Mr. Darnell and two other gentlemen. They returned to Medford Saturday.

Another snow fell Saturday night on top of the old one, which stays with us faithfully.

Harold Peyton went to the valley Tuesday to look for work.

Nelson Nye went valleyward Saturday.

Hope Nye spent one night last week with Pearl Peyton.

The twelve ladies belonging to the W. M. B. club entertained their husbands and children Saturday night at Mr. Richardson's. There were a good many present and they had music, games and a good time.

Mr. Broomfield went to the valley Saturday to prove up on his homestead. He expects to return Tuesday.

Miss Delie Whisenand spent the week end visiting at Mr. Lewis', Bert Higginbottom's and Mr. Eskine's.

James Peyton made a business trip to Medford last week.

Stewart and Ora Ditsworth spent Saturday night and Sunday on the Peyton side of the river.

Howard Kincaid took dinner at Mr. Peeler's Sunday.

Miss Belva Walker visited home folks at the end of the week. Mr. Stanford Akken returned her to her school Sunday.

Pearl Peyton and Mrs. Stearns spent Monday with Mrs. Dawson.

We heard with regret of the passing away of Grandma Gordon Monday at Medford. Mrs. Gordon is one of the pioneers of this country. She had a large family, and the many friends of the Gordon's will sympathize with them in their bereavement.

The millions of people who are afflicted with constipation, biliousness, stomach trouble, others who have yellow skin, blood disorders and sticky complexion are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and oxygenating the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and oxygenating the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.
