

GORE WINS FIGHT WAGED IN BEHALF CRESCENT HARBOR

SALEM, Jan. 26.—After a hard fight in the house, Representative Gore of Jackson county won his fight yesterday and secured the adoption of a resolution memorializing congress to aid the Crescent City harbor with an appropriation of \$300,000 or more.

The memorial precipitated a long debate, a minority protest of the committee opposing it.

Lewis, in supporting the minority report, made an attack upon the waste of time by the house.

Belland, the fighting member from Clatsop, came right back at Lewis, with the charge that Lewis wasted two thirds of the time of the house with unnecessary measures and talk, and moved the previous question, which was lost. Then the house continued its talk. Gore, of Douglas and Jackson supported the fight against it.

The Rogue river delegation argued that the Crescent City improvement meant much to their section of the state, while Peck and Tichenor contended that it was a movement that would benefit California more than Oregon; that Coos bay and Port Orford both offered just as good harbor facilities, if not better, and that, if the government once turned its attention to Crescent City, the Oregon harbors would not be taken care of for many years.

Representative Gore made his maiden speech in the house, presenting an able and well-balanced speech in support of the measure. He spoke at length regarding the necessity for an outlet for the immense resources of the southern Oregon country. He told of the many hundreds of thousands of tons of copper ore which is awaiting cheaper transportation facilities, of the immense timber reserves, and of the high cost of getting fruit, one of the principal industries of southern Oregon, to the eastern markets. With a harbor at Crescent City, a means would be immediately furnished for cheaper transportation, and it would open up one of the richest undeveloped areas left in the United States, and one that the resources of which have barely been touched.

Several members took issue with Mr. Gore, contending that the state of Oregon had no interests in the affairs of California, and stated that they would vote against the memorial.

Shortly after the vote had been taken Representative Gore arose and congratulated the house on the action taken, and stated that he had just received a telegram from Washington informing him that congress had just appropriated \$200,000 for the Crescent City harbor.

Memorial Is Adopted. The memorial was finally adopted by a vote of 39 for and 18 against.

The house then adopted house concurrent resolution 2, providing for a joint committee to discuss Columbia river fishing jurisdiction laws with a similar committee from the Washington legislature.

Senate Joint memorial No. 12, by Huston—memorializing congress to take immediate action on Susan B. Anthony equal suffrage amendment was adopted.

Senator Gill's memorial asking congress to urge development of water power resources of the state of Oregon was adopted.

The memorial by Tichenor asking congress to establish a naval base at Port Orford was adopted with a few scattering negative votes from Douglas, Jackson and Clatsop counties.

STERILIZATION BILL IN SENATE MONDAY

SALEM, Or., Jan. 26.—Sterilization of feeble-minded persons and sexual perversities occupied most of the time of the senate this morning. The subject came up on a divided report from the judiciary committee on Senator Farrell's bill, prescribing conditions and procedure under which this class of persons named in the bill may be sterilized to prevent propagation of their kind.

The majority report of the committee, signed by Senators Vinton, Hartley, Dimick and Handley, was unfavorable to the bill, while the minority report, signed by Senators Wilbur, Olson and Steiwer, was favorable to the bill.

After a lengthy discussion, the minority report was adopted by a vote of 21 to 6, which will have the effect of placing the bill on the calendar for third reading and final passage. A bill was made a final order for 2 o'clock next Monday afternoon.

MARY GARDEN SINGS AT HOBBO COLLEGE

Mary Garden, grand opera star, before whom kings have bowed, is here shown on a trip into Vagabondia—singing at the Hobbo college, Chicago. The hobos formed one of the most responsive audiences before which the prima donna has ever appeared. Miss Garden was accompanied by Hector Dalranna and Marcel Charlier, noted singers.

GERMAN VERSION OF SEA BATTLE NEAR ZEEBRUGGE

BERLIN, Jan. 24.—Details of the engagement between the German torpedo boat flotilla and British light naval forces on the morning of January 21 are given today in an Overseas News agency announcement.

"Immediately after the beginning of the engagement, which took place in darkness," says the agency statement, "the commander's boat, the V-69, received a full hit on the bridge. The commander of the flotilla, Captain of Corvette Max Schultz, who always had commanded his flotilla with courage and success, was killed, as were two other officers and some men. The steering gear was damaged, causing a collision with other boats. The V-69 in a badly damaged condition entered the Dutch port of Ynndien without being molested by the enemy.

"The boat rammed by the V-69, notwithstanding the damage sustained, continued to participate in the combat and inflicted heavy damage on a British destroyer by ramming it. Later a German who recognized the destroyer stated that it was in a sinking condition. The German torpedo boat, although its speed had been diminished by the collision with the V-69 and by ramming the British destroyer, succeeded in reaching a German base unhindered by the enemy.

"A third German boat in the darkness encountered numerous torpedo-boat destroyers. Entering into action, it sank a large torpedo destroyer by discharging a torpedo at short range. Owing to the superior forces of the enemy, this boat withdrew from the fight and arrived in port undamaged and unmolested by the enemy."

GRAIN STANDARD BILL PREPARED

SALEM, Jan. 26.—The bill creating an Oregon grain standard will be introduced in the legislature within a week, according to reports of the plans of a committee from the northwest grain conference recently held at Oregon Agricultural college. This is the measure which the grain growers will advocate, particularly those east of the Cascade mountains, who say that as long as Washington has a grain standard law and a board to arbitrate differences between growers or shippers and buyers, it is more to their advantage to sell through Seattle than Portland, which recognizes only the grain standards formulated by the bureau of the chamber of commerce whose members are almost exclusively buyers. When differences arise between growers or shippers in Portland there is no appeal.

DEMOCRATIC CAUCUS FAILS TO AGREE

WASHINGTON, Jan. 26.—To frame a new legislative program for the remainder of the session of congress that will meet the approval of a caucus of democratic senators was the task to which the senate steering committee again set itself today. A bill was made a final order for 2 o'clock next Monday afternoon.

60,000 BOMBS FALL UPON RHEIMS DURING THE WAR

NEW YORK, Jan. 26.—Sixty thousand bombs have fallen on Rheims, France, since the beginning of the war, 545 civilians have been killed and 652 wounded, according to a statement prepared by Whitney Warren, the architect. Mr. Warren returned from France yesterday with material for a supplementary report to the French institute on the present condition of the Rheims cathedral.

Of the number killed, 86 were children and 192 were women, Mr. Warren said. The cathedral, he added, has received 100 bombs and all the quarter that surrounds it is absolutely demolished. "If one overlooks the demolished flying buttresses and surface wounds," said Mr. Warren, "the carcass of the cathedral, which is built like a fortress, has resisted nobly. But the three winters which have passed since the burning of the roof threaten absolutely to destroy the vaults which are thus without protection from the weather."

HUNGER STRIKER GROWING WEAKER

NEW YORK, Jan. 26.—Mrs. Ethel Byrne on hunger strike in the workhouse of Blackwell's island has attracted so much attention that the department of correction will issue hereafter semi-daily bulletins on her condition. Mrs. Byrne, who began a thirty day sentence on Monday as a penalty for circulating birth control propaganda, showed signs of weakness today, and preparations were made to feed her by force if her condition became serious.

Advocates of birth control declared that Mrs. Byrne's hunger strike is accomplishing all that she intended by giving prominence to their cause.

"CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE

Best For Liver and Bowels, for Biliousness, Sour Stomach and Constipation.

Get a 10-cent box now. Furred tongue, bad colds, indigestion, sallow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to a swill barrel—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a ten cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleanser. 10¢.

FRANCE RESTRICTS DISHES SERVED IN RESTAURANTS

PARIS, Jan. 26.—France tonight followed the example of England and Italy in restricting meals in restaurants. Dining in restaurants are hereafter restricted to hors d'oeuvres or soup, two other dishes and cheese or dessert. In regard to the two main dishes, the bill of fare, instead of the sixty or seventy items usually presented, is confined to a maximum of nine. The nine consist of one egg dish, three meat and three vegetable.

Public opinion generally recognizes the importance of stopping the waste in food. The decree was printed in the Official Journal today but does not come into effect until February 15. Managements must submit bills of fare each day to the police authorities.

The restrictions include an absolute prohibition of puddings and an order to economize flour, milk, eggs, sugar and vegetables. Salads count as courses unless served on the same plate with meat.

JUDGE SHOT BY UNIDENTIFIED MAN

WILLIAMSON, W. Va., Jan. 26.—Judge James Dameron of the circuit court here was shot and seriously wounded late last night by an unidentified man as he walked with Mrs. Dameron through the subway at the Norfolk and Western railroad station. The ball entered the hip and ranged downward. Judge Dameron had been active in the suppression of bootlegging and recently took part in a number of important election fraud cases. He was returning from a night session of court when the attempt was made on his life.

ASHLAND NORMAL MAY BE USED FOR INDUSTRIAL SCHOOL

SALEM, Or., Jan. 26.—The special committee of the joint ways and means committee today investigated the feasibility of transferring the Industrial School for Girls from Salem either to Weston, Drain or Ashland probably will be able to report next week.

The scheme had its inception in the mind of Representative Ashley, and he was closely seconded by Representative Childs, who is chairman of the committee.

The Industrial School for Girls has asked for new buildings in the budget and the School for Feeble-Minded also has requested money for permanent improvements in the way of new buildings.

"The state has at Ashland, which I believe the most logical place for the establishment of the school, a \$300,000 school building and two large dormitories," said Representative Ashley. "These dormitories are fully equipped, or nearly so, and to transfer the activities of the school from Salem to Ashland could be done at a nominal expense."

"The present plan of the Girls' Industrial School could be turned over to the School for Feeble-Minded," said Representative Childs. "It would mean the saving of at least \$40,000 or \$50,000 to the state in the construction of new buildings, and would be placing at advantageous use buildings and equipment which are lying now as a dead weight to the state and going to rack and ruin."

The school at Ashland formerly was one of the state normal schools. Mr. Childs said that the committee will give the matter a thorough sifting.

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong, and Beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandierine hair cleanse." Just try this—moisten a cloth with a little Dandierine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandierine dissolves every particle of dandruff! cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25 cent bottle of Knowlton's Dandierine from any druggist or toilet counter, and just try it.

ing and report to the committee as which might be effected under the soon as possible on the economies plan.

Treat The Body As A Delicate Machine

You would not let a machine built for efficient work get rusty and full of dust and dirt. Why let the body, the most delicate of all machines, get rusty and run down from inattention? Cleanse the blood; that's the secret; keep it clean. S. S. S., proven for 50 years the best of all blood tonics, will do it. Get a bottle at your druggist's TODAY and take it according to directions.
