

GORE'S BLUE LAW PROHIBITS SALE OF GOODS SUNDAY

SALEM, Feb. 2.—House bill No. 292, introduced by Representative Gore of Jackson (at the request of the retail grocers' association), reenacts in stringent form, with a few exceptions, the blue Sunday laws repealed by the people last November. It reads:

"Section 1. In this act, unless the context otherwise requires, the word 'Sunday' means the period of time which begins at 12 o'clock midnight on Saturday night and ends at 12 o'clock midnight on the following night.

"Section 2. It is unlawful for any person, firm, association or corporation in this state to keep open on Sunday for the purpose of making sales any store, office, shop, building, vehicle, grounds or any place whatsoever where goods, wares, merchandise or any real or personal property is sold or offered for sale; or to sell or offer for sale any goods, wares, merchandise or any real or personal property on said day; provided, however, that the above provisions of this section do not apply:

"1. To the sale of drugs, medicines or surgical appliances by retail for strictly medicinal purposes, or of articles needed for deceased persons;

"2. To furnishing lodging or meals at hotels, restaurants, boarding houses, lunch stands or any such or similar place and work incidental thereto;

"3. To the sale and delivery of milk or cream, ice cream, non-alcoholic drinks or daily newspapers;

"4. To the sale of articles used for generating motive power for operating transportation lines or vehicles on Sunday;

"5. To any person who is a member of a religious society which observes some other day than Sunday as its day of worship and who actually keeps his place of business or occupation closed and does not work for profit or wages upon said day of worship.

"Section 3. It is hereby declared to be the special duty of each magistrate, district attorney and peace officer of this state to inform against and diligently prosecute any and all persons guilty of the violation of any provision of this act, either upon credible information as to any such violation or upon reasonable cause to believe that there has been any such violation.

"Section 4. Any person, firm, association or corporation that violates any provision of this act, is guilty of a misdemeanor and, upon conviction thereof, said offender shall be fined not less than ten dollars nor more than one hundred dollars, or be imprisoned in the county jail not to exceed thirty days and, upon each subsequent conviction, both said fine and imprisonment shall be imposed; except, however, in case of corporations the imprisonment, when imposed, shall be imposed upon all officers or agents thereof in this state committing such offense or causing the same to be committed.

"Section 5. The justices of the peace and district courts shall have concurrent jurisdiction with the circuit courts in all prosecutions arising under this act."

SENATE VOTES MONDAY ON IMMIGRATION BILL

WASHINGTON, Feb. 2.—Immediate re-consideration of the immigration bill, passed over the president's veto by the house last night was blocked in the senate today by Senator Reed of Missouri, but agreement was reached to proceed to a vote on re-passing of the measure at 4 p. m. next Monday.

HEAD AND NOSTRILS STUFFED FROM COLD

"Pape's Cold Compound" Ends a Cold or Grippe in a Few Hours.

Your cold will break and all grippe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and sniffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound" which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no

BILL AUTHORIZES SEARCH OF AUTOS TO SEIZE BOOZE

SALEM, Ore., Feb. 2.—The anti-liquor forces at the state house have realized since the beginning of the session that the one situation in the state needing special and specific attention was the protection of the southern border of the state against the "jitney" importation of liquor from California points. This is of especial interest to the citizens of Jackson county with its "Hornbrook" and Klamath county with its "Dorris."

Representative Sheldon of Jackson county has had this matter under advisement with his constituents in Jackson county, members of the committee on alcohol traffic, the governor and attorney general. By mutual consent, a special bill (H. B. 427) covering this situation was prepared in the attorney general's office and introduced today by Representative Sheldon.

The bill reads as follows:

"Any district attorney, sheriff, deputy sheriff, constable, or any police officer acting within his jurisdiction, and any special agent of the governor having personal knowledge or reasonable information that intoxicating liquors are being carried or transported by any boat, vehicle, or other conveyance, shall search such suspected vehicle, boat, or other conveyance, without a warrant, and without any affidavit being filed, and if such officer finds upon or in the boat, vehicle, or other conveyance, intoxicating liquors, he shall seize the same and arrest any person or persons in charge of such vehicle, boat, or other conveyance, and take such person with such intoxicating liquor so seized forthwith, or as soon thereafter as practical, before a justice of the peace, or any court in the county in which said seizure is made, having jurisdiction to try cases for violation of any of the provisions contained in Chapter 141 of the general laws of Oregon for 1915, and all acts amendatory thereof, and such officer shall without delay make and file a complaint for such violation of law as the evidence justifies."

"Section 2. If it appears from the evidence submitted that such structure is in such a condition of unrepair as to be a menace to life or property, the court shall issue a warrant directed to the sheriff requiring him forthwith to abate the nuisance, at the expense of the owner, and return the warrant as soon thereafter as may be, with his proceedings indorsed thereon. The expense of abating the nuisance may be levied by the sheriff on the property of the defendant, and, in this respect, the warrant is to be deemed an execution against property. If the sheriff is unable to make sufficient money from the sale upon execution of said property, the expenses incurred in abating such nuisance shall be a county charge, and the county court shall allow and pay the same out of the general fund of the county. At any time before said warrant issues, the defendant may have an order to stay the issuing of such warrant, for such period as the circuit court may deem reasonable to allow the defendant to repair, said structure or to abate the nuisance himself, upon his giving an undertaking to the plaintiff in a sufficient amount, with one or more sureties, to the satisfaction of the circuit court that he will repair or abate it within the time and in the manner specified in such order.

"Section 3. It is hereby declared to be the special duty of each magistrate, district attorney and peace officer of this state to inform against and diligently prosecute any and all persons guilty of the violation of any provision of this act, either upon credible information as to any such violation or upon reasonable cause to believe that there has been any such violation.

"Section 4. Any person, firm, association or corporation that violates any provision of this act, is guilty of a misdemeanor and, upon conviction thereof, said offender shall be fined not less than ten dollars nor more than one hundred dollars, or be imprisoned in the county jail not to exceed thirty days and, upon each subsequent conviction, both said fine and imprisonment shall be imposed; except, however, in case of corporations the imprisonment, when imposed, shall be imposed upon all officers or agents thereof in this state committing such offense or causing the same to be committed.

"Section 5. The justices of the peace and district courts shall have concurrent jurisdiction with the circuit courts in all prosecutions arising under this act."

SPAIN PREPARES FOR THE WORST

MADRID, Feb. 1, via Paris, Feb. 2.—The minister of the interior has announced that the war and navy departments have given the naval and military authorities instructions required by the gravity of the circumstances. Premier Romanones was in conference with United States Ambassador Joseph E. Willard from midnight until 2 o'clock.

Later the premier announced that although Spain has entered a difficult hour, the government would neither close parliament nor suspend the constitutional guarantees. He declared, however, that the administration would refuse to discuss the German note in either house and urged every one to keep calm.

BUNCOM BREVETIES

Mrs. Ingles was in town last week. Wilbur Cameron took a load of beans to Medford last week. Mr. and Mrs. Fred Nichols were the guests of Mr. and Mrs. W. D. Peckham Saturday afternoon. Mrs. Frank Landlive was a visitor last week at Mrs. Crump's. Florence Hall was at Buncom last week.

NEW COLD RECORDS IN MIDDLE WEST

OMAHA, Neb., Feb. 2.—New cold-weather records for the winter were reported from many points in this territory early today. Omaha had a temperature of 23 degrees below zero; Lincoln, Neb., 20 below; Norfolk, Neb., 20; Sioux City, Ia., 27; Sioux Falls, S. D., 37, and Winner, S. D., 38 below.

For Itching Scalp

You do not want a slow treatment for itching scalp when hair is falling and the dandruff germ is killing the hair roots. Delay means no hair. Get, at any drug store, a bottle of Zeno for 25c or \$1.00 for extra large size. Use as directed for it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is a pure, reliable, antiseptic fluid, is not greasy, is easy to use and will not stain. Soaps and shampoos are harmful, as they contain alkali. The best thing to use for scalp irritations is Zeno for it

THOMAS FATHERS' BILL TO DESTROY USELESS DAMS

SALEM, Feb. 2.—Representative Thomas has introduced a bill aimed to remove useless dams and obstructions from streams. The intent of the bill is the destruction of the Ament dam, near Grants Pass, never used, and long an obstruction to fishing. The measure (H. B. 348) reads as follows:

"Section 1. Any structure restraining the waters of any river or stream, which structure is in such a condition of unrepair as to be a menace to life or property, is hereby declared to be a public nuisance. Upon direction of the county court of the county in which such structure is situated, the county attorney shall bring suit in the circuit court to abate the nuisance. The proceeding shall be instituted as a suit in equity and shall be in the name of such county as plaintiff, and shall name the owner of said structure as defendant.

"Sec. 2. If it appears from the evidence submitted that such structure is in such a condition of unrepair as to be a menace to life or property, the court shall issue a warrant directed to the sheriff requiring him forthwith to abate the nuisance, at the expense of the owner, and return the warrant as soon thereafter as may be, with his proceedings indorsed thereon. The expense of abating the nuisance may be levied by the sheriff on the property of the defendant, and, in this respect, the warrant is to be deemed an execution against property. If the sheriff is unable to make sufficient money from the sale upon execution of said property, the expenses incurred in abating such nuisance shall be a county charge, and the county court shall allow and pay the same out of the general fund of the county. At any time before said warrant issues, the defendant may have an order to stay the issuing of such warrant, for such period as the circuit court may deem reasonable to allow the defendant to repair, said structure or to abate the nuisance himself, upon his giving an undertaking to the plaintiff in a sufficient amount, with one or more sureties, to the satisfaction of the circuit court that he will repair or abate it within the time and in the manner specified in such order.

"Section 3. It is hereby declared to be the special duty of each magistrate, district attorney and peace officer of this state to inform against and diligently prosecute any and all persons guilty of the violation of any provision of this act, either upon credible information as to any such violation or upon reasonable cause to believe that there has been any such violation.

"Section 4. Any person, firm, association or corporation that violates any provision of this act, is guilty of a misdemeanor and, upon conviction thereof, said offender shall be fined not less than ten dollars nor more than one hundred dollars, or be imprisoned in the county jail not to exceed thirty days and, upon each subsequent conviction, both said fine and imprisonment shall be imposed; except, however, in case of corporations the imprisonment, when imposed, shall be imposed upon all officers or agents thereof in this state committing such offense or causing the same to be committed.

"Section 5. The justices of the peace and district courts shall have concurrent jurisdiction with the circuit courts in all prosecutions arising under this act."

STERILIZATION BILL PASSES HOUSE

SALEM, Ore., Feb. 2.—With senate bill 73 pending for its consideration, the house this morning passed Representative Peck's bill providing for the sterilization of the feeble-minded, insane, epileptical, habitual criminals, degenerates and perverts, a measure similar to the senate bill, by a vote of 37 to 18, five members being absent.

The bill is more drastic than the one from the senate. It provides for a state board of eugenics, composed of the state board of health, the superintendents of the Oregon and the eastern Oregon hospitals, the feeble-minded institute and the penitentiary. This board will have the power to hold investigations and make orders.

The senate bill leaves the question to a board of alibis in the county court, and the patient may take an appeal to the circuit court, but the measure passed by the house provides for no appeal from the decision of the board.

GERMANY PROVOKES WAR SAYS SWISS

GENEVA, Switzerland, Feb. 2.—Georges Waguere, editor of the Journal de Geneve, commenting on the German note, says: "The answer of the imperial governments to the nobly inspired message of President Wilson begins with irony, continues in a bitter political tone and ends with an atrocious threat. No such hard and violent words have been uttered from official quarters since the outbreak of the war. It is then war to the knife and neutrals are to suffer as much as belligerents."

"President Wilson cannot accept this re-occurrence of atrocities and these threats directed against the ships of his own country. To a noble gesture of appeasement and conciliation Germany answers by a veritable provocation. It is now America's turn to reply."

AMERICAN RUSH TO LEAVE LONDON

LONDON, Feb. 2.—The German note has resulted in a rush of Americans to procure passage to New York on the first available boat. Large numbers who expected to sail within a fortnight have decided to leave Saturday and before noon all the first-class accommodations on the steamer were booked.

Among those applying for passage are 120 persons who intended to sail on the Holland-American liner Nieuw Amsterdam, which was to have left Falmouth on Tuesday. This vessel, however, has been recalled to Rotterdam, whence she sailed two days ago.

31 STATE ROADS PROPOSED IN NEW HIGHWAY BILL

SALEM, Ore., Feb. 2.—Thirty-one state highways, criss-crossing Oregon, are proposed in the latest of the road codes submitted to the Oregon legislature. This new set of road laws was introduced yesterday in the senate by Senators Julien A. Barley of Vale and M. D. Shanks of Clatsop.

All federal, county and state road money available would be used in the construction of the highways, the bill provides. The roads, after construction, would be maintained by the state highway commission.

Among the principal routes and roads proposed are:

The Pacific highway, from Portland south through Salem, Eugene and Medford to the California line.

The Columbia river highway, from Astoria east through Portland, The Dalles, Hood River and Pendleton to the Oregon-Washington state boundary south of Walla Walla.

The Oregon trail from Pendleton south through La Grande and Baker to the Idaho line at Ontario.

The John Day highway, from Sherman county southeasterly through Condon and Vale to the Idaho line at Ontario.

The Dalles-California highway from The Dalles south through Madras, Bend and Klamath Falls to the California line.

The coast highway from Astoria south through Tillamook, Marshfield and Gold Beach to the California line.

Eight, instead of six, months will be the length of terms in rural schools in Oregon, if a bill passed by the house of representatives meets with similar treatment in the senate. The measure was introduced by Representative Mrs. Alexander Thompson of The Dalles.

GENEVA, Switzerland, Feb. 2.—Georges Waguere, editor of the Journal de Geneve, commenting on the German note, says: "The answer of the imperial governments to the nobly inspired message of President Wilson begins with irony, continues in a bitter political tone and ends with an atrocious threat. No such hard and violent words have been uttered from official quarters since the outbreak of the war. It is then war to the knife and neutrals are to suffer as much as belligerents."

"President Wilson cannot accept this re-occurrence of atrocities and these threats directed against the ships of his own country. To a noble gesture of appeasement and conciliation Germany answers by a veritable provocation. It is now America's turn to reply."

MORE LIQUIDATION IN COTTON MARKET

NEW YORK, Feb. 2.—There was renewed liquidation in the cotton market today and May contracts within the first ten minutes sold off to 1460, or 54 points from last night's close.

While narrow and unsettled, the market was less active than yesterday, and the excitement precipitated by the German note appeared to be subsiding. Houses with Liverpool connections and trade interests were good buyers on the decline, which was followed by a quick rally of 30 to 35 points.

SURVEY HIGHWAY DOWN THE KLAMATH

YREKA, Cal., Feb. 2.—S. W. Lowden, resident engineer of the highway commission, is starting the final survey for the Klamath river road from the mouth of Shasta river to Happy Camp. Mr. Lowden expects to be at work on this project all winter and well into the spring. This will mean that more or less work will be done on this important piece of highway this year.

It is rumored that the fact that work will be done on the Orleans-Happy Camp unit will have a tendency to rush the completion of this all-year route.

A road down the Klamath river to the coast will make accessible one of the most desired portions of the state for the new settler, miner, farmer, stockraiser and lumberman.

BILL TO REGULATE HAY AND GRAIN TRADE BY INSPECTION

SALEM, Ore., Feb. 2.—For the purpose of eliminating fraud in the hay and grain trade and, insofar as possible, create a standard for the handling of grain, hay, rice, beans and other products, Senator Pierce yesterday afternoon introduced senate bill 224. The measure calls for an appropriation of \$20,000.

The bill provides that the work of standardization shall be conducted by the public service commission, and that organization is given power to exercise general supervision over the weighing, inspecting and storage of grain and the management of the public and terminal warehouses.

The bill would increase the present duties of the public service commission as it provides for the appointment of a chief inspector at a salary not exceeding \$2500 annually. The inspector is provided with power to appoint such deputies as he sees proper at the expense of the state, and they shall be paid salaries of \$1500 annually. Samplers and weighers also shall be appointed at salaries of not more than \$100 a month.

Within ninety days after the bill becomes a law the commission will be required to establish standard grades to apply to all hay and grain bought by public or terminal warehouses in the state.

Every warehouse man shall publish and post in a conspicuous place annually a schedule of storage rates for the year, and these rates cannot be changed without the consent of the commission.

AMERICAN RUSH TO LEAVE LONDON

LONDON, Feb. 2.—The German note has resulted in a rush of Americans to procure passage to New York on the first available boat. Large numbers who expected to sail within a fortnight have decided to leave Saturday and before noon all the first-class accommodations on the steamer were booked.

Among those applying for passage are 120 persons who intended to sail on the Holland-American liner Nieuw Amsterdam, which was to have left Falmouth on Tuesday. This vessel, however, has been recalled to Rotterdam, whence she sailed two days ago.
