Again we do the unusual. Instead of the ordinary White Sale, we launch tomorrow a "different" event—a white sale in which the values offered are so unusual that we have been forced to borrow a term from the theatrical world to bring out their true importance. A "star," as most people know, is an actor or actress of unusual brilliancy—one who has attained a position at the top of the profession by a skill that shines high above the average.

In the same way does this Great White Event shine high above the average White Sale you've been accustomed to. It is a "star" event all the way through—in the broadness of ASSORTMENTS; in the charm of new Summer STYLES presented; in QUALITY; and in the brilliancy of its VALUES. Months ago we went to the best white wear "talent" and said: "Give us merchandise that we can conscientiously feature as 'headliners'; give us 'star' bargains in the best you have." The result, as shown by the items, is left to your judgment.

We look for a great "audience" of thrifty shoppers here tomorrow and every day of the sale. We are prepared for busy times, for there will be much enthusiastic applause in the share of record-breaking buying of white goods and white wear of every description.
