

POULTRY FANCIERS ADVOCATE MINING IN HEN'S NESTS

BY W. W. WATSON, Secretary.

A ridiculous feature of poultry husbandry, as conducted in this valley, was developed in the discussions at a meeting held at Eagle Point by members and officers of the Southern Oregon Poultry association on Saturday afternoon at Brown's hall.

When eggs in this county sell for 15 cents a dozen, we accept the price and pocket the loss rather than candle and cold storage the eggs for use when they sell at 35 to 50 cents a dozen. On the contrary, when eggs are high in price because of their general scarcity, we import them, paying the 35 to 50 cents per dozen to somebody else who profited by our lack of enterprise and foresight.

The idea that we submit to the condition which makes it necessary to import eggs at any time ought to be so repellent as to destroy itself before it finds lodgment in any local person's business consciousness. When hens are so willing to respond generously to reasonably fair treatment in this local region for their production, it is a sad commentary on the intelligence of this cluster of communities that we do not produce eggs enough for our own breakfast tables.

Reference to eggpolders and gold mines prompted one of the speakers to relate that mining in hen's nests in the United States produces more gold and silver annually than the annual production of all the mines in this nation. Look up your Year Book and discover the difference between the miner and the hen in that respect, with big odds in favor of "biddle."

Conditions were unfavorable to a large attendance at the Eagle Point meeting, but the few who attended became much interested in modern methods suggested for the increase of poultry production in this valley. Many of the people in the Eagle Point district have fine flocks; and those who have taken good care of them are increasing their number because they have found easy profit in them, even under present conditions. When concerted action is taken by the poulterers in an educational way, in every phase of the industry, including the market feature of it, they will find greater inducement to increase their flocks.

Nearly all of those present became members of the association. Agents were appointed to add generously to this list, Uncle A. C. Howlett, author of "Eagle Point Eglets," and A. E. Strong having a number of membership cards for those who desire them.

The Southern Oregon Poultry association is the nucleus of a big industry in this county and it is believed that that "million dollar hatch for 1929" is practically assured. That will give \$1000 each to a 1000 families.

NO VILLA TROOPS AROUND PEARSON

JUAREZ, Feb. 19.—Rumors that Pearson, Chihuahua, the American-owned lumber camp, 20 miles south of Casas Grandes, was occupied by Villa troops Saturday, were denied here today when a message was received at military headquarters from Pearson, saying that everything was quiet and that no Villa troops had been seen in that vicinity.

The telegraph line from Juarez to Pearson was out of order over Sunday, but was repaired today. Conditions in Casas Grandes were also reported to be normal today.

The telegraph line is not working today at Madera, Chihuahua, another big American-owned lumber camp, which was occupied by Villa troops recently and seven Chinese killed.

RELIEF WORK NOT STOPPED BY BREAK

NEW YORK, Feb. 19.—The provisional Zionist committee announced here the diplomatic situation between the United States and Germany had not interfered with its distribution of relief funds in Palestine, Poland and Lithuania.

With the approval of the Danish government and the support of Minister Egan at Copenhagen, it was said, Danish Jews have taken over the committee's work in the three districts, to which more than \$1,000,000 already has been sent.

Guards have been placed at the entrance of Uncle Sam's navy yard at Brooklyn, since diplomatic relations were broken with Germany, and only employed, with cards, are allowed to enter or leave.

BELGIAN RELIEF WORK TO CONTINUE

SAN FRANCISCO, Feb. 19.—Continuance of American relief in Belgium by Americans was assured today by Herbert C. Hoover, head of the Belgian relief commission, in a telegram made public here by Dr. William Palmer Lucas, chairman of the committee handling California relief contributions. Hoover said there was sufficient food in Belgium to allow all fears of famine, pending arrival of food ships on their way now. The California committee will continue its active support.

REVIVALIST SPEAKS ON SAFETY FIRST

Sunday was a great day for the Lord at the Baptist church. The Sunday school hour was used by Mr. Marshall on the subject of "Safety First." "Seek Ye First the Kingdom of God." This was made a heart to heart talk with his young hearers, in which he told them that no teacher, doctor, lawyer, or editor was fit for so great and responsible a position until he had become a Christian. Many came forward at the close asking to know the way.

This service was followed by the morning service, the sermon text being the "Deity of Christ." "What Think Ye of Christ? Whose Son is He?"

Any man who believes that Jesus was the Christ, will not sit idle in his pew.

In lectures on such subject as "Hell Fire Burned Out," you will find the congregation is made up of 95 per cent men. And these men will always be found the kind of men who can tell you where to spend your change. In such a meeting held in Los Angeles, \$2,000 was raised to place infidel literature in the high schools of the Pacific Coast.

He is the sin bearer of all those who accept his as such. Mothers share the sins of their children, but they do not bear them. He bears them as far as the east is from the west.

If not divine he can not save a single sinner. He must possess the pardoning power.

How can we often tell that some child belongs to a certain family by the resemblance? The same rule applies with Christ and God. His divine workers show his divine nature and birth. He was born a king, not born a prince and then crowned a king.

All knees must bend and all lips confess Him Lord of Lords, and king of kings. The thief did this when he was on the cross, alive, and he was saved. The Centurian also confessed it, while he hung on the cross, but too late. Learn the teaching.

In the afternoon for two hours Mr. Marshall held a large and appreciative audience spell bound, while he told them of the second coming of Christ. Young people's meeting in the evening heard Mr. Marshall on the subject of "Why I Am a Baptist." This was a helpful one for all present. Subject Monday night, "Too Lazy to Love."

GERARD BETRAYED CASEMENT STATES BERLIN ZEITUNG

AMSTERDAM, Feb. 19.—Count von Reventlow devotes the leading editorial in the Berlin Tages Zeitung to an attack on James W. Gerard, former American ambassador, whom he accuses of having used his official position to deliberately transmit important war information to the entente by way of America.

"Many indications," he writes, "have continually pointed to the theory that the uncontrolled cable service and letter service to the United States permitted to the American embassy, had also been an uncontrolled method of communication with London and Paris. This was best illustrated in the events which led to the capture and execution of Sir Roger Casement. Thus London learned in good time of the enterprise which led Casement to the Irish coast and his capture followed. American Ambassador Gerard and his personnel were the ones who delivered the honorable Irishman to the hangman."

An attack on American newspaper service from Berlin is appended and the article closes with an expression of heartfelt thankfulness that Mr. Gerard has left Berlin.

The United States and that it was absolutely essential that drastic laws be enacted to protect naval stations, submarine bases and other national defenses.

You Need Not Suffer From Catarrh

You have probably been in the habit of using external treatments to relieve your catarrh. You have applied sprays, washes and lotions to the mucous surfaces of the nose and throat, have been temporarily relieved, and then wondered a short time after, why you were troubled with another attack of catarrh. You should realize that catarrh is an infection of the blood. This fact has been agreed upon by specialists in catarrh troubles, and has been proven in the laboratories of the Swift Specific Co., 305 Swift Building, Atlanta, Ga.
