ROSEBURG WINS FROM MEDFORD, SCORE 28 TO 14

Playing to "cover your man" may be the proper thing most of the time, but it does not work all the time. This was well illustrated last night when the Roseburg high school basketball team repeatedly did the one step down the floor, bunched like an I. W. W. meeting on a street corner, with the Medford team floundering helplessly on the outskirts of the crowd unable to break up the play. There was no mistaking the fact that Roseburg has a classy bunch of basketball shooters but with all their class and the bag of tricks they opened at every opportunity there would have been a far different tale to tell from the sad story of 28 to 14 defeat of the locals had Coach Klum's men been "right." It was evident from the first that the locals were several shades off their best game and as they came to realize this fact they began taking long chances and trying to convert forlorn hopes into baskets. Tonight's game will in all probability show a much different class of play on the part of Medford's men. "Mut" Williamson, whose ability to shoot the ball sometimes takes a day off, is expected to shine with Jones and the others who after thinking the matter over and listening to a discourse on the Roseburg contingent's system from Coach Klum, will lead the grand march. The large audience which despite the inclement weather filled the Natatorium last night, is expected to return en masse tonight as it was generally the opinion that the local boys' poor showing was due to psychological reasons rather than that they had met their superiors.

STANFORD LOSES TO O. A. C. BY SCORE OF 23-17

APPLE EMBARGO DOES NOT AFFECT CROP OF VALLEY

The marketing of the 1916 Rogue river valley fruit will be unaffected by the embargo against apples put in effect today by England. Only 2500 boxes of Newtowns, handled by local commission firms are now in New York, or were held there at last advice. This fruit was handled by the Producers Fruit company. According to officers of the company this fruit can be sold more advantageously in this country than abroad due in part to a raise last week in freight rates to Glasgow, Scotland, to which port most of the valley Newtowns are consigned. The freight rate was advanced from 49c to 55c per cubic foot which sets the rate at 91c per box. At the present time there is a brisk demand for Newtowns along the Atlantic seaboard at around \$2 per box, which will net the grower \$1.00. This net is rarely realized on large shipments to foreign ports. PORTLAND, Feb. 23.—Overland trains on the Oregon-Washington Railroad and Navigation company's lines today were from seven to twelve.

"CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE

Best for Liver and Bowels, for Bileousness, Sour Stomach and Constipation. Get a 10-cent box now. Furred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your drug-gist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good gentle cleansing, too.
