

# FOOD SHORTAGE CONDITIONS IN EAST MUCH OVERDRAWN

NEW YORK, Feb. 24.—While state and city authorities were seeking means to relieve the suffering caused by the high cost of food, President E. B. Thomas of the Lehigh Valley Railroad company declared today that "the gravity of the situation is greatly exaggerated," and President F. D. Underwood of the Erie asserted that there was no real danger of "riot or anarchy."

Mr. Thomas' announcement was contained in a telegram sent to the Milwaukee chamber of commerce, in response to a message appealing to eastern railroads to take immediate steps to relieve a condition amounting to positive famine in some sections of the east, by permitting the movement only of those commodities necessary to sustain human and animal life.

In his reply, Mr. Thomas said there are 1500 carloads of flour in storage here now and in transit on the Lehigh, "which consignees are unable to take away as rapidly as we deliver." Whatever difficulties there are in car movements, he stated, are west of his line.

Mr. Underwood made public a series of telegrams sent by him to President Griffin of the Chicago board of trade, who expressed the fear in a message to the interstate commerce commission that "riot and anarchy" would result from lack of cars in Chicago to handle grain. "In one of the telegrams, Mr. Underwood said:

"The lines between Chicago and New York are interested in keeping clear and ready to despatch business. It is not planned to block them with grain for which there is neither storage, shipping directions, nor ships to carry it."

"It is impossible and unwise" he said, in another message, "to move additional grain from Chicago until the accumulation along the line, and being held back for connections and shipping, is distributed. There is no discrimination. A car of grain is given exactly the same movement as a car of perishable freight. Coal west bound is given preference."

George W. Perkins, chairman of Mayor Mitchell's food supply committee announced tonight that the mayor had received from Texas, Louisiana, California, Oregon and other states telegrams inquiring about food shortage here and offering suggestions.

Mr. Perkins announced that his committee has arranged for the shipment of a carload of fish from Tacoma, Wash., which is ordered to arrive here some time next week. A plan for marketing it, now is being developed.

Another plan decided upon by the committee to combat the steadily mounting cost of living, is the distribution in every public school in the city, beginning next Monday, of circulars which will contain information about nutritious food that can be purchased at low cost. Rice, which can be bought now for from five to six cents a pound, is the food most highly recommended. To guard against any increase in the retail price should the demand grow, the committee had purchased a large quantity as a reserve supply, Mr. Perkins said.

## SMUG ENGLISH IVEN SHOCK BY PREMIER

LONDON, Feb. 24.—The statement in the house of commons by David Lloyd-George, the British prime minister of the government's plan to meet the serious situation due to the shortage in tonnage, has been received by the press with universal approval and in many cases with enthusiasm. Even newspapers which are least friendly to the government accept the government's restrictions uncomplainingly and declare that the man who will loyal respond to the plan.

"It is a small sacrifice," said the anti-Lloyd George Daily News, "that the citizen at home is called upon to make, in comparison with the ordeal others daily are facing for his security across the sea."

The newspapers which opposed the old coalition write enthusiastically of the country having found a fearless leader and director that the measures now proposed ought to have been taken two years ago. The hope is expressed in these quarters that the section of the British people which hitherto has indulged in the comfortable conviction that nothing serious can happen to them will be jerked out of their easy complacency by the premier's declaration that the food stocks are alarmingly low.

LONDON, Feb. 24.—A dispatch to the Exchange Telegraph from Flushing says:

"The U-20 has been towed here slightly damaged. The vessel is about of 250 tons and has a crew of 25 men. The question of internment of the crew has not yet been decided."

# INTERNED GREEK TROOPS AT KAVALA RIOTING FOR FOOD

LONDON, Feb. 24.—According to advices received by the Greek authorities here there has been serious trouble among the 8,000 Greek troops who surrendered to the Balgar-German forces at Kavala and who are now interned at Goeritz.

Hunger and discontent over the failure of the German authorities to keep repeated promises of repatriation are said to have led to frequent riots and a large number of deaths from disease and privation are also reported.

German and Bulgarian troops invaded Greek Macedonia in August, 1916, and advanced to the Greek port of Kavala which was garrisoned by the fourth Greek army corps. A portion of the garrison was removed on allied warships and the remainder surrendered to the invaders and were transported to Germany. The Greek government protested to Berlin and the return of the troops was promised.

## DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, pour a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.  
Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

## RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.  
Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.  
Nothing else stops lumbago, sciatica and lame back misery so promptly!
