CONGRESS TO CONVENE APR. 16

(Continued From Page One.)

an extra session of congress that the president is convinced that he has the power to arm American merchant ships and is free to exercise it at once. "But so much necessary legislation is pressing for consideration that he is convinced that it is for the best interests of the country to have an early session of the 65th congress, whose support he will also need in all matters collateral to the defense of our merchant ships. Because of the passage by the house of the armed neutrality bill and the signing of the manifesto approving such a step by a majority of the senate during its last session, the president feels he has congress and the country behind him. As soon as congress convenes additional legislation on the question will be asked for. Under a bill passed near the end of the last session the amount of money at the disposal of the government war risk bureau for insuring American ships, was increased to \$15,000,000. Under the present rule of the bureau the government does not insure ships carrying arms or ammunition. The navy department will issue an appeal to the American newspapers to refrain from publishing any information whatever of the nature of armament of ships and already has appended to the cable companies to suppress all information of ships crossing the Atlantic in either direction. The president's proclamation calling the extra session of congress follows: President's Proclamation. "Whereas public interests require that the congress of the United States should be convened in extra session at 12 o'clock noon on the 16th day of April, 1917, to receive such communications as may be made by the executive: "Now, therefore, I, Woodrow Wilson, president of the United States of America, do hereby proclaim and declare that an extraordinary occasion requires the congress of the United States to convene in extra session at the capitol in the city of Washington on the 16th day of April, 1917, at 12 o'clock noon of which all persons, who shall at that time be entitled to act as members thereof, are hereby required to take notice. "Given under my hand and seal of the United States of America the ninth day of March in the year of Our Lord one thousand nine hundred and seventeen and of the independence of the United States the one hundred and forty first."

STEFANSSON WINTERS ON SHIP

DAWSON, Y. T., March 9.—A northwest police expedition arrived here from Fort McPherson by dog team with news that Vilhjalmur Stefansson the arctic explorer, discoverer of new land in the arctic north of Prince Patrick island is wintering with the gasoline schooner Polar Bear, at Prince of Wales strait. This information was brought from Herschel Island to Fort McPherson by Captain Lennart, captain of police at Herschel Island, who made the trip of 200 miles from the island to Fort McPherson alone with dogs. Stefansson, who passed last summer exploring his new land, is hopeful that the ice will break early this spring and let him make his way to the north and east and after accomplishing the northeast passage sail up the St. Lawrence river to Montreal.

OBITUARY.

DODGE—The sympathy of the community goes out to Mrs. Pearl Dodge, whose ten-month-old baby died on the Ashland-Portland train near Cottage Grove Tuesday. This death, coming close after the death of her husband, Fred Dodge, who died from injuries received in an accident on the railroad for which he worked. The little baby, June Dodge, has been in poor health for some time but her condition was not thought dangerous, being merely anemic. On Monday evening Mrs. Dodge left to take the baby to a sanitarium at Portland. Near Cottage Grove the baby was taken with convulsions and died of exhaustion before the train reached Crosswell. Mr. O. H. Johnson, father of Mrs. Dodge, met his daughter on the return trip at Woodlawn. The funeral was held Thursday afternoon from the Johnson home. Mrs. Dodge is a sister of Miss Claire Johnson, society editor of the Medford Sun, and a niece of Mr. and Mrs. J. W. Johnson, 110 North Tripp street. Mrs. Blain Klem, of this city, is a sister of the late Fred Dodge. Ralph Stanley of Eagle Point attended to business matters in Medford Friday.

ORGANIZING LOCAL UNIT OF STATE AUTO ASSOCIATION

The work of organizing the Medford unit of the Oregon State Motor Association is under way and J. W. Morris, state organizer, reports that he is meeting with a very hearty support. This is an effort along the lines of co-operation which promises much for the state as a whole in the good roads movement and in securing tourist traffic, which Oregon has largely neglected in the past. Locally, the feeling is that a large representation will result in material advantage in furthering the improvement of the Pacific highway and the road to Crater Lake. The state association of automobile owners will unquestionably become a very prominent and powerful factor in good roads legislation and construction and Medford will profit by co-operating with other sections. The larger the local representation, the stronger will be its influence. The present indications are that Jackson county will have the largest membership in the state outside of Multnomah. As Multnomah is already paved, their support will naturally fall to other parts of the state and Jackson needs it and expects to get it by making a big showing in its membership in the state association.

A FRIEND'S ADVICE

Woman Saved From a Serious Surgical Operation.

Louisville, Ky.—"For four years I suffered from female troubles, headaches, and nervousness. I could not sleep, had no appetite and it hurt me to walk. If I tried to do any work, I would have to lie down before it was finished. The doctors said I would have to be operated on and I simply broke down. A friend advised me to try Lydia E. Pinkham's Vegetable Compound, and the result is I feel like a new woman. I am well and strong, do all my own house work and have an eight pound baby girl. I know Lydia E. Pinkham's Vegetable Compound saved me from an operation which every woman dreads."—Mrs. NELLE FISHBACK, 1521 Christy Ave., Louisville, Ky.

Everyone naturally dreads the surgeon's knife. Sometimes nothing else will do, but many times Lydia E. Pinkham's Vegetable Compound has saved the patient and made an operation unnecessary. If you have any symptom about which you would like to know, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, aching stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.
