

OFFICERS NAMED FOR FEDERAL FARM BANK AT SPOKANE

WASHINGTON, Mar. 12.—Announcement has been made by the federal farm loan board of the following appointments of officers and directors for the Federal Land bank of Spokane, Wash.

President and director, D. G. O'Shea, Red Lodge, Mont.

Vice president and director, C. E. B. Robert, Rupert, Idaho.

Secretary and director, George C. Jewett, Palouse, Wash.

Treasurer and director, George M. Dreher, Spokane, Wash.

Director, A. W. Cauthorn, Portland, Ore.

Who The Directors Are

Treasury department statement regarding the appointees says in part: O'Shea, by sheer ability, has built up a large banking business at Red Lodge, had devoted efforts to building up the northwest and has gained extensive knowledge of agriculture.

Roberts is treasurer of Idaho State Grange and has intimate knowledge of problems and needs. He is president of the Jersey Cattle Growers association, has intimate knowledge of business, having served as bank director, is a practical farmer and a deep student of agriculture.

All Had Experience

Jewett has had sixteen years in banking and farm loan business and is intimately acquainted with financial needs of farmers in the Spokane district.

Dreher has had fifteen years experience in the banking business in Spokane, is thoroughly familiar with land values and is an expert accountant.

Cauthorn is peculiarly fitted to serve the Spokane bank by reasons of practical experience as banker and editor of a farm paper. He is manager of the Semi-Weekly Portland Journal and in this capacity has attained intimate knowledge of farm conditions in the northwest, has also had experience as a practical farmer and has constantly labored for the elevation of agricultural standards.

INTERNED LINERS LIABLE FOR DAMAGES

WASHINGTON, March 12.—Liability of the North German Lloyd liner Krouprinzessin Cecilie at Boston and also of many other German ships now held in American ports for damages in returning to America when war was declared, breaking contracts to deliver freight abroad were decided by the supreme court.

Request of the North German Lloyd for review of decrees awarding damages to the Guaranty Trust company and National City Bank of New York for failure to deliver gold shipped to England and France was granted today by the court, whose action prevents possible auction of the "gold ship" pending the outcome of the appeals.

SEATTLEITE SLAIN IN STORE BY THIEVES

SEATTLE, Wn., March 12.—William Hamilton, aged 48, a bachelor, a proprietor of a small grocery store at 100 Westlake avenue north, not far from the business center of Seattle, was found dead, beaten, gagged and bound in his small living room behind the store late this morning by persons who investigated the failure of the store to open. The police discovered evidence that Hamilton had been murdered by two robbers who were seeking a small sum of money, which he kept concealed in the bedroom. Apparently Hamilton had fought desperately. Persons living up stairs heard moans early this morning, indicating that Hamilton was alive when the robbers left last night. Hamilton came here from Bridgeport, Cal., twelve years ago.

THIRD LAND FRAUD TRIAL NEXT JULY

SAN FRANCISCO, March 12.—July 9 was fixed today by the United States district court here as the date on which it set for retrial the third time prosecutions by the government against Norman D. Cook, Franklin P. Ball, San Francisco, and A. J. Heetz of Los Angeles, for alleged entry frauds on California-Oregon timber lands.

ONE KILLED IN TRAIN WRECK.

Two wrecking cranes and their crews arrived on the scene early this morning and at two o'clock the 500 feet of track torn up had been re-laid and shortly after, the trains held up were sent through. Mail and baggage on the morning train was transferred by auto truck.

It is thought that the dropping of a jack bar on the dredge caused the wreck, ripping up the ties as it traveled forward. Shortly thereafter the axle snapped and the rails were either spread or broken, tossing the cars following into the ditch. One freight car was left crosswise on the track, on the county road at Voorheis. A loaded refrigerator was turned squarely upside down. Another wooden freight car was smashed almost into kindling wood, half of the roof being smashed out flat on the ground while the other half rested atop another car.

Another version of the cause of the wreck has been given by some who had visited the scene early this morning and found two dead black cats flung in the wreckage, while a third, bedraggled and spattered with oil prowled around its dead mates. Added force has been given to the superstitious, bad luck theory by the fact that the number of cars thrown off the track was 12.

Early this morning crowds of sightseers began flocking to the scene, people from the valley towns continuing to visit the wreck in great numbers all through the day. Moving pictures of the scene were taken by A. C. Allen of Medford.

TORNADO KILLS TWENTY-ONE.

Richmond was broken off but reports from persons coming into New Castle in automobiles were that at least seven persons had been killed in the vicinity. It was reported three had been killed at New Lisbon, three at Moreland and three at Mount Summit. The tornado played many freak acts as it whirled its way through the city. On one street all the houses with one exception were levelled to the ground, and in one block every second house was wrecked and the other homes escaped untouched. Entire roofs were torn from houses and carried for squares, and one house was picked up and carried a half square and set down again practically unharmed.

Deaths at Richmond.

RICHMOND, Ind., March 12.—The death toll of yesterday's tornado in Wayne county was increased to four early today by the finding of the bodies of two laborers near Hagerstown. Hagerstown is sixteen miles west of Richmond. The roads south and west of Hagerstown were blocked with fallen trees and telephone poles and it was hard to get information from the stricken section. The tornado spent its force before reaching Richmond.

Three in Hyde Park.

CINCINNATI, O., March 12.—The death list resulting from the cyclonic wind storm that levelled numerous houses in Hyde Park, in the east end of the city last night, had not increased today. Three people, two men and a boy, are dead, while hospital authorities are working to save the lives of four others who are known to be dangerously injured.

No estimate of the property damage has been placed early today. More than thirty houses were either completely levelled to the ground or damaged to some extent.

Mrs. Peter Day, 58, died of her injuries at a hospital, being the fourth of a family of six to meet death in the storm. Three daughters were dead when found. A fourth daughter escaped injury by being in another part of the city. Peter Day, the head of the family, was injured. Jesse McLean, one of the seriously injured, died today.

General Maunde in these operations, Mr. Bonar Law continued, has completed his victory by a pursuit of 100 miles in fifteen days, during which the Tigris was crossed three times. This pursuit was conducted in a country destitute of supplies, despite the commencement of the summer heat. Such operations could be carried out in such a country only after the most careful arrangements made for the supply of the troops thoroughly and systematically had been effected. The fact that General Maunde not only has been able to feed the army, provide it with munitions and assure proper attention for the sick and wounded, but has been able to report that he is satisfied he can provide for the necessities of his army in Bagdad, reflects greatest credit on all concerned.

PARIS, March 12.—The morning papers comment at length upon the fall of Bagdad and dwell upon the political importance of the British success.

The Figaro says: "In respect to the European war as a whole perhaps it does not matter much that the Turkish army has undergone a serious check in far away territory, nevertheless the political effect of the event will be deeply felt in Germany. The Ham-burg-Bagdad line, the last of the dreams cherished by German megalomania, must remain a dream in the face of the realities. It is certain that hopes of its fulfillment were fostered by the government and con-

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 50c and 25c per box. All druggists.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard. But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin. Just massage Musterole in with the finger tips gently. See how quickly it brings relief—how speedily the pain disappears. Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).
