R. H. Spencer, and associates, are working the "72 Cinnabar Group" adjoining the Mountain King mine in the Sams valley district near Gold Hill. Mr. Spencer is now in Portland arranging for retorts to work the ore and expects to get good results in pure quicksilver. Mr. Spencer is a mining engineer of experience, having been connected with the Gladstone, a famous producer of California, and the Champion, a large producer of gold near Eugene. A force of men have been at work since the mine was purchased last fall. A larger crew will be added as soon as the new retorts are placed and working.

The high quality of the Gold Hill lime has been recognized by the fact of the purchase by the Oswego Portland Cement company, of Oswego, of approximately 1000 tons of like rock, and it is being loaded on cars at Gold Hill and shipped. Six cars have already been sent and more will go daily until the order is filled. Prof. J. S. Diller, government geologist, says that Gold Hill lime is of the highest grade ever coming to his notice. The same Oswego company purchased all the Innerock that was ready for shipment at the plant of the Beaver Portland Cement company of Gold Hill.

The first block of billiards in the match game between Maru and Court Hall was played at Brown & Hall's billiard parlors Monday night, Hall winning the first, 250 to Maru's 142 points. High runs, Maru 25, Hall 22. The match is 16 balk line two in, Hall playing 1000 to Maru's 890 points. The second block will be played Tuesday night at 7:15. Maru was plainly out of form in the first half of the contest. Hall ran off his first one hundred points while Maru made forty. Hall pulled off several beautiful masse shots that brought cheers from the spectators.

Mr. and Mrs. Richard Ridgeway who have spent the winter at Eagle Point have left for their home at Lumberton, N. Y.

Is it a Cold, Cough or Bad Blood?

Dr. Pierce's Medical Discovery not only cures the cough but it is a wonderful alternative and tonic. It builds up the weak body! Get it this very day from any medicine dealer, in either liquid or tablet form, or send 10 cents to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for large trial package of tablets. Contains neither alcohol nor narcotics. Its ingredients are made public and printed on wrapper. It's a pure alterative extract made with glycerine from native roots and herbs. Have you become run-down, weak, emaciated, pale after a long siege of colds? Does the skin show that the blood is thin and watery? Spring is the time when vitality is at its lowest ebb—clean house now—by ridding the body of its accumulated poisons. Refresh the blood with a stimulating tonic. Profit by the experience of others. Build up the system with a reliable remedy, such as Dr. Pierce's Golden Medical Discovery, which has stood the test of time, and for nearly a half of a century has sold more largely than any other blood remedy.

Take This Case for Instance.

Beaver, Oregon.—"I was suffering longer than 12 months with asthma, bronchitis and sore throat. I had a very bad cough, difficulty in breathing, tightness about the chest; could not sleep; had no appetite; was always tired. I was under the doctor's hands for 117. Every one told me I must die. I started to use the 'Golden Medical Discovery,' and with the best of results. I used three bottles, which cured me. I have no asthma, no cough, no sore throat, no difficulty in breathing any more. Bronchitis is gone. I thank Dr. Pierce for his kind advice."—MRS. THERESA TOTZBAER.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and druggists here are kept busy dispensing freezons, the other discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers. Ask at any pharmacy for a quarter ounce of freezone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus. You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue. This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

Charles Painter of Eagle Point spent the first of the week in the city attending to business matters. Arthur Gay of Salem was in the city Monday visiting friends and attending to business matters. E. L. Hall is a business visitor in Medford for a few days from Tehama, Cal. E. E. Drain of Dorris, Cal., is among the out of town visitors in the city. W. Milligan is now working for the Weed Lumber Co., near Mt. Hebron.

A. E. Reames and Frederick C. Page of Medford are registered at Hotel Portland of Portland, Oregon. A. E. Strong of Eagle Point spent Sunday in the city visiting friends. Mrs. T. F. Bolts and children of Eagle Point spent Sunday in Medford with friends. L. Berquist was a Medford business visitor Monday from Eagle Point. George Johnson, a brakeman on a southbound freight Monday night sustained a badly mangled hand, when he caught it in the cog wheels

of a speeder he was driving. Johnson was sent out to determine the location of a preceding freight. The engine became stalled at Vorheis crossing, the scene of the wreck Monday morning, and before Johnson could stop the speeder crashed into the caboose at a low rate of speed. Dr. E. B. Pickel was called and dressed the wound. Regular meeting of Reames Chapter Wednesday, March 14th, at 7:30. There will be initiation work and a social, Mrs. F. E. Merrick in charge.

The members of the Roseburg high school basket ball team today stated that they were very anxious to meet the Medford aggregation on the local floor and would probably keep their season open until such time as Medford could visit here. The Roseburg fellows are sports and do not wish to claim the championship honors until all the questions are settled. If the Medford team does not accept the Roseburg invitation to visit here, Roseburg will be entitled to claim the championship.—Roseburg Review. With Medford trade is Medford made.

New Spring Wearing Apparel

"I have rarely seen fashions with such youthful lines" so said one of our customers the other day

It is only natural that a woman should want to look as youthful and charming as possible. To attain a youthful appearance is made very easy this season since Spring styles are very youthful in design. Even were the styles not so pretty, the colors would appeal because of the bright shades and daring ideas; together they form an appeal not easily overcome. A stroll through any section of the store will prove to you that the customer we have quoted summed up the style situation for Spring in a single sentence.

New Silk Dresses

Several of the smartest styles our buyer found in all his search of the markets—styles that are different, youthful and pleasing. Styles that cause you to buy now when you had planned buying a month hence, simply because you are uncertain whether you will get as pretty a dress at any time during the season at the price. And to buy now shows the best

of good judgment. We would like to describe every one of the styles but we are afraid we might be compelled to describe them in such way that you might wonder whether we were overdrawing the picture. So the best thing to do is to come and see the dresses yourself and try them on. Nothing else will be needed. They are made of crepe de chine taffeta and in combination of materials.

THERE MAY HAVE BEEN PRETTIER DRESSES IN PAST SEASONS—BUT WE DON'T REMEMBER THEM.

And, what is more, there are few of our customers who have seen styles so surprisingly unusual and yet so wonderfully effective. Very woman can give expression to her choice and yet be more attractively gowned than in years and years.

are intermingled with the new color ideas for Spring producing an effect you will find shown in garments several times their cost. A careful inspection of the garments will bring you to a realization of the beauty of the styles for this season as well as the youthful lines upon which they have been constructed. What is more, each style seems to have an individual character all its own.

An Early Season Offering of Fashionable Dresses at \$25.00 And though these dresses are moderately priced, they represent Fashion's latest dictates. The designs

Smart Spring Suits

To buy a smart Spring Dress does not necessarily mean you must pay a higher cost

One is just as apt to believe that because prices are advancing in every line and in some cases seem to have passed beyond reason, that very tem they purchase must necessarily bear a higher cost. Such is not necessarily the case and this is particularly true of the suits we are showing for Spring.

As a convincing argument that suits may be purchased here at a very moderate cost, we want to call your attention to the suits marked at \$25.00. These garments are as smart in appearance as any suit in the store. This price is made possible because we searched the markets, obtained a better than usual value and have marked them particularly low.

Our Corset Department

EXCLUSIVE AGENTS GOSSARD ROY AL WORCESTER AND BON TON FRONT LACE CORSETS

Have You Ever Given the Selection of Your Corset the Care It Deserves?

The history of the corset is a unique one. Many shapes and designs have been used by women during the past several hundred years. Today corset-making has become an exact science. In years gone by a size 24 corset was sold to most any woman wearing a size 24 regardless of the character of her figure. That is now changed. A woman with a high bust and slender hips requires a certain model, the full figure another, and so on. If a corset designed for a full fig-

ure is sold to a woman who requires a slender figure corset, you can well imagine the uncomfortable fit and, what is more, irritation and dissatisfaction. So we say choose your corset with care. See that you secure the corset adapted to your type and figure. You can very readily do that at our store, for here you will find a complete collection of the styles intended for each type. Prices begin as low as \$1.00 and continue to \$10.00 for our very finest grade.

We MUST Emphasize the Beauty of the Spring Millinery

Such delightfully pretty hats—so broad a variety of shapes and trimming ideas. Such wonderfully conceived designs! Really, it's impossible to describe the Spring millinery satisfactorily. You MUST come and try on the hats to learn of their beauty and becomingness. Oh yes! One more word—prices will afford you a very pleasant surprise.
