REACTIONARY LEADERSHIP

C. E. SPENCE, master of the state grange is opposing the six million dollar bond issue for good roads. The highway program outlined will benefit every portion of the state. The cost, including interest and principal, is paid by automobile licenses, so that it entails no extra taxation. Every farmer in the state will be benefitted at no cost to him individually.

The attitude of the grange leader is typical and consistent. He has always opposed good roads and constructive legislation for good roads. His viewpoint is too narrow and selfish to comprehend the advantages accruing, not only to the class he represents, but to entire commonwealth.

Mr. Spence is one of a small coterie of farmers, who farm the farmer. Their leadership consists principally in advocating experimental and freak class legislation with themselves in the foreground, and in opposing constructive development programs.

Instead of making the granges instruments for better farms and improved agricultural conditions, of introducing scientific methods and increasing farm profits, of championing co-operative buying and marketing plans, Mr. Spence's efforts are devoted to creating a political machine to sustain his reactionary program. His regime is a perversion of power that discredits the organization he leads, and as a result the grange has not a tenth the membership it should have.

It is hard to figure out any road program that will benefit the public without taxing the land owner and farmer. The proposed bond issue does this. It places the entire burden upon the automobile owner, who cheerfully assumes it, because he realizes that it is an investment that will yield him large returns in reduced cost of automobile operation, so that the increased license fee is in reality a reduction in cost of upkeep.

There is no one improvement that benefits the farmer more than good roads. Any comprehensive road program must first include the trunk lines, with laterals following. In process of time, the automobile licenses, increasing annually at rapid rate, will not only build the trunk lines outlined by the highway commission, but the laterals and eventually take care of every branch road in the state without cost to the farmer—who should be the staunchest advocate of the bond issue, which is merely a capitalization of the automobile taxation.

25 CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save Your Hair! Make It Thick, Wavy and Beautiful—Try This!

Thin, brittle, colorless and crazy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Dandurine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Dandurine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and insurance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

IOWANS ASKED TO PRODUCE RECORD CROP

DES MOINES, Ia., March 28.—In a special address today to a joint session of the Iowa house and senate, W. L. Harding, governor of Iowa, called on the legislature and through them the people of Iowa to co-operate during the coming session in the "Christ-like work of feeding the hungry of the world." He asked that every effort be made to produce a record crop next fall for the reason that "never before in the memory of any living man has there been such a universal demand for food and such a universal lack of it."

AMERICA PRESENTS FRENCH WITH STATUE

PARIS, March 28.—The statue of Lincoln which America is giving France will be erected in Paris, the city council having accepted the offer of it made by Premier Ribot. Adrian Mithonard, president of the council in his letter to the premier on the subject, says:

"The city of Paris is happy to be honored with such an offer, in which we see a new and precious pledge of fraternal friendship and I beg you to transmit to the organization committee our cordial thanks."

HOW GOOD THAT MUSTEROLE FEELS! It Gets to That Sore Spot Like Magic. A-a-h! That's delicious relief for those sore muscles, those stiff joints, that lame back. Musterole is a clean, white ointment made with the oil of mustard and other home simples. It does the work of the old-fashioned mustard plaster, minus the plaster and minus the blister! You simply rub Musterole on the spot where the pain is—rub it on briskly—and usually the pain is gone. No muss, no bother. Just comforting, soothing relief—first a gentle glow, then a delightful sense of coolness. And best of all, no blisters like the old-fashioned mustard plaster used to make. Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet and colic of the chest (it often prevents pneumonia).

S.S.S. The three great letters representing something which means so much to your individual health, as well as to the nation's health. Why? BECAUSE it has carried into thousands of American homes—HEALTH! The one thing all people desire. BECAUSE it has the essential qualities to restore to your veins and arteries healthy blood, which is necessary to good health. BECAUSE it is a purely vegetable remedy, guaranteed not to contain minerals of any kind. BECAUSE it has genuine merit; otherwise it could not have stood the test for fifty years, as it has done. Get S. S. S. at any drug store. There are dealers who will offer "something just as good." Don't be persuaded. Demand the genuine. The only object a dealer has in substituting is to make an additional profit. Rheumatism, Catarrh, Malaria, and nearly all skin disorders are from impure blood and can be cured. Write fully for detailed treatment. Address: DEPT. 12, SWIFT SPECIFIC COMPANY, ATLANTA, GA.
