A CHILD GETS CROSS, SICK AND FEVERISH WHEN CONSTIPATED

Look, Mother! If Tongue is Coated Clean Little Liver and Bowels.

If your little one's tongue is coated it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once.

When your child is cross, peevish, listless, pale, does not sleep, eat or act naturally; if breath is bad, stomach sour, system full of colic, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clog-up, constipated waste, sour bile and unfermented food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be craved to take this harmless "Fruit Laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little Syrup today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of cheap imitations sold here. Get the genuine made in "California Fig Syrup Co. 409-11."

All records went by the boards in the Elks bowling tournament last night, when the Beveridge and Seely teams clashed. The Beveridge team apparently had a cinch on first place, but by losing two out of three games to the Seelys are thrown into a tie with Bowman's team and will have to bowl a deciding contest with them later. Bigham of the Seelys broke the individual contest record with a score of 221, while the Seelys established a new team record of 869. In this game the Beveridges practically the former high team record of the alleys only to be defeated in the last few frames by a strong spurt on the part of the Seelys. Seelys team in the absence of Dr. Seely is captain.
