E. Clifton Payne to Mrs. Luey E. Payne, lots in Ashland 10

APPLGATE

An interesting real estate deal was closed on Thompson creek last Saturday when Al Lenard purchased the 150-acre ranch of John Knutzen, three miles south of Applegate, the consideration being in the neighborhood of \$2000. Mr. Knutzen reserved three acres on which the Star mine quartz mill stands. Mr. Lenard and son, Ed, will immediately commence putting this place in a high state of cultivation, stocking and fencing the same.

Charles Mee went to Grants Pass Saturday evening to bring George Mee to Thompson creek to attend the funeral of the latter's father. Mr. Mee's home is in Washington. When in the tall timber between Anderson Mee's and Anderson Bingham's, the lights failed to work and the car was badly damaged.

If the farmers of this section were not happily endowed with more than ordinary courage and patience, they would be so discouraged with the cold and rainy weather that they would give up in despair. It rained Saturday just enough to retard farm work, and today a cold drizzling rain is falling at intervals. Alfalfa and clover is in fairly good condition, but wheat, barley and oats that have been sown J. making little growth. Quite a number of farmers have run short of hay, which commands from \$15 to \$18 per ton.

Miss Jessie Knutzen of Thompson creek has been visiting with Mr. and Mrs. D. A. Woods, No. 302 S. Grape street, Medford, the past week. She also visited with her aunts, Mrs. Mary Mary A. Mee, and Mrs. Emma Bebb of Central Point. Miss Knutzen enjoys a wide reputation as a successful dairy farmer and stock raiser.

EAGLE POINT EAGLETS

By A. C. Howlett

N. B. Stoddard the Butte Falls hardware merchant, spent Wednesday night at the Sunnyside. His wife Mrs. Stoddard, had gone to Santa Ana, California to visit relatives.

In my last I announced the arrival of J. M. Willey, one of our large orchardists, but he was soon called by telegram to return to Berkeley on account of the serious illness of his wife.

I noticed there was several barrels of spray mixture came in on the cars Thursday for the company of which he is a member.

The stockmen are still having hay shipped out from Medford. There were two cars for this place for different persons and a part of a car went up to Butte Falls for Benj. Frobenburg Thursday.

There was another car of wheat came out for the Snowy Butte mills. Mike Sidley of Lake creek was a business caller Thursday.

Rev. Paul S. Bandy of Central Point came out Thursday, took dinner at the Sunnyside and left an appointment to hold a meeting in the E. P. Baptist church to present the cause of the Red Cross society.

Roy Stanley and his brother Lloyd came in about 11 o'clock Thursday night with a band of cattle, turned them into our pasture and spent the rest of the night with us. They have had them out in the valley feeding them and were taking them back to the range.

Mr. and Mrs. C. L. Farrar of Lake creek were here Thursday for dinner Thursday.

Thursday afternoon there was quite a gathering of the loyal citizens of Eagle Point and vicinity, as it had been announced that a recruiting officer was to be at the postoffice that afternoon at 2 o'clock for the purpose of enlisting any young men who could fill the requirements, into the service of the U. S. government.

There was quite a number of the young recruits came from Medford to add enthusiasm to the move. The school children formed a double column and marched from the school house to the wagon bridge where they dropped in behind the procession of autos from Medford and marched to Browns hall where it was arranged to meet, but that was found too small to hold the crowd, so the line was reformed, led by the Medford high school band and marched to the opera house, where we were entertained for an hour or more with songs and addresses by different ones. Our school children covered themselves all over with glory by their singing and further patriotic exercises. The speakers were interrupted several times by the enthusiastic applause of the multitude.

There was among the musicians a lad aged, I suppose about twelve or thirteen years who carried off the honors among the Medford boys. The young bugler who carried a large flag and during the exercises gave us a tune on his bugle, was encored, and we thought that the last was better than the first. The report came that with the Medfordites that their principal speaker had through mistake taken the wrong car and gone to Jacksonville, but there were several gave short speeches and Mr. Stine seemed to be the principal speaker. Mrs. J. B. Jackson, one of our lady citizens, was called to the platform and read a part of a letter from her son James, who enlisted some weeks ago in the navy department and is stationed at Mare island, Cal., telling of the kind of a time he was having and how he was getting along in his new school of life. At the close of the speaking a call was made for young men to join the Seventh company and there were four signified their willingness to go and serve their country, but when called on to come up forward and give their names, but one came forward, a

young man from Brownboro, but I did not learn his name and I learned that the other three said that they would go to Medford and enlist in a few days. It was not generally known that there was going to be a general rally or there would probably have been at least a hundred more attended. But as it was an enthusiasm is manifested here that shows that the spirit of our revolutionary fathers is still alive, but perhaps a little dormant.

Friday morning Miss Mamie Clark, who is teaching in the Central S. H. and Miss Margaret Mansfield, who is attending the university of Oregon at Eugene, came out and took the E. P.-Persist stage. Miss Clark had been out to her home being treated for poison oak poison and was on her way to resume her work and Miss Mansfield was going up to visit her parents near McLeod.

J. A. Moore, special agent for the United States land office was on his way up on Reese creek. He wanted a rig but he was told conditions of the road and decided to go on a horse without the rig and when he returned he said he had all he wanted to do to get through on horseback. Miss Bernice Baker of Butte Falls Falls is here visiting Wm. Perry and family.

C. A. Newstrom, wife and son of Lake creek, and A. H. Beachey of Ashland were among the guests here Friday noon and at night Prof. J. C. Barnard who is teaching at Tolo was with us to spend the night. He was here to see the members of the school board but learned that the principalship was conditionally promised. The board will meet again this evening, (Saturday) but not in time to give the results in this letter.

Among the passengers on the P. & E. this morning was C. L. Farrar of L. C. He had a lot of fruit trees with him to reset his old orchard; and Z. E. D. Zoldel of Medford, he was going up to look after his goats on Reese creek. Mr. Lonnie Moore of Butte Falls was a passenger.

Fred Stanley was just hauling away the last of his hay from the car this morning as the train pulled in to take the car to Butte Falls for wood.

Since my last report P. J. Ayres, E. P. has renewed his sub to the D. M. T., and John Howard, E. P., has renewed his sub to the D. M. T. W. E. Butler has stopped his W. M. T. and subscribed for the D. M. T.

J. E. Spence, E. P., has given me his sub to the D. M. T. Charles Clark, our ment market man, has renewed his sub to the D. M. T.

Friday afternoon some of our enterprising ladies met at the school house and entered upon the task of preparing the ground for the annual flower gardening. They commanded folks they could find and tried to enlist some of the young men but I understand failed, but the primary teacher and a few of the young lady pupils and our lady school director, Mrs. L. K. Haak, went at it with a will and the result was that the work was done. Our primary teacher, Mrs. W. O. Wheeler, found that she was better adapted to teach in the primary department than to make flower gardens, for she is said to be an expert in that department and the little folk are expressing their regrets that she is not going to remain and have charge of that department next year. She is very popular with the little folks.

EAGLE POINT SCHOOL NOTES

The third meeting in the interest of the Eagle Point Community day and School meet was held at the school house Monday night, April 2. The committee on prizes for afternoon sport reported fifty dollars in cash and merchandise already subscribed by the business people of Medford and the local community. A communication was read from the Ashland Round-Up committee offering a twenty dollar prize. Since that time additional prizes have been subscribed, which brings the total up to \$105.

Another meeting was appointed for Monday night April 9th, at which time it is hoped to get the program and prize list arranged. The name of each subscriber will appear on the program, together with the amount given. These meetings are open to all and it is hoped that a large number will be present.

Among the visitors at the school recently were E. R. Peterson, Mrs. L. K. Haak, Mrs. J. W. Grover, Mrs. Frank Brown, Mrs. McCuslin and daughter, Mrs. Balz, Mrs. Perry and Mrs. Perry and Robert Peachey.

Mr. Nibert of Applegate and J. C. Barnard, principal of the Tolo school, were also among the out of town visitors.

Last Wednesday was cleanup day at the school. The entire afternoon

Hollis Parks was in town recently and returned from Jacksonville Friday.

Harry Thompson of Buncum was in Medford last week.

Dora Saltmarsh was visiting Mrs. Cora Crump Friday afternoon.

Mr. and Mrs. Clifford Smith were in Medford Saturday.

A. S. Kleinhammer and family spent Easter at Ashland.

DIED—April 6th, 1917 at Weed California, George Trask, whose home was on the Little Applegate.

Ernest Back was in Medford Saturday under a load of soil.

Beware of Ointments for Catarrh That Contain Mercury

Mercury will surely destroy the sense of smell and completely destroy the whole system when entering it through the mucous surfaces. Such articles should never be used except as directed by some reliable physician, as the danger they will do is too great for the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co., Toledo, Ohio.

Benton Pool was in Medford Saturday on business.

Earl Webber is working for Mr. Bullis at Buncum.

BUTTE FALLS

Mrs. Double Day returned from Medford on Saturday.

Mrs. C. K. Kee went to Ashland on Saturday for a visit with her daughter, Mrs. W. E. Buchanan.

Bank inspector Hopper came up Thursday on business and left on Saturday.

Robert Frost and wife left Saturday for Dorris, Cal.

Roy Stanley came up Tuesday on business.

Mrs. N. B. Stoddard and little son left Tuesday for Santa Ana, Calif., where they will visit with Mrs. Stoddard's parents at that place.

Emmerson Wheeler returned from Medford Tuesday.

Mrs. Bernice Baker went to the city Thursday on business.

Charles Edmondson left for Medford Friday.

Rod Baker left for Michigan on Thursday for a short visit with his parents.

ANTIOCH ITEMS

Mr. Gleason and family of Central Point, motored out and visited Sunday with friends of Sams Valley.

Mr. Monie, who has been living on the Scott ranch for some time, has moved to Medford this week.

Mr. and Mrs. Bingham and daughter, Mrs. Myers, were trading in Medford on Friday.

George Staey and Jess Glass were grading the roads in the Antioch district on Friday.

Oscar Rogers and family of Beagle were visiting their daughter, Mrs. Percy Chapman of Sams Valley on Sunday.

Most of the farmers are busy during the good weather.

Born—to Mr. and Mrs. Rosea Doty of the Modoc orchard, a 10 pound baby boy. Both the mother and baby are doing nicely.

George Lawrence will leave this week for Seattle, Wash., where he will visit his brother and work during the summer.

An Easter dinner was given at the home of Mr. and Mrs. W. C. Chapman and those who were present report a most joyous time.

Finis Mayfield and Mr. Roberts of the Meadows passed through the valley Monday on their way to the city.

was devoted to cleaning the school grounds and getting the play apparatus ready for the school meet. In the evening a large friendship fire was built out of the rubbish collected during the day and a camp fire lunch served.

The Parent-Teachers' association met Friday and set out some flower bulbs and with the assistance of a few of the older boys spaded the lawn and got it ready for planting. The association also purchased netting and lumber for the tennis court. The boys are putting it up and have it nearly completed.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and druggists here are kept busy dispensing freezine, the ether discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers. Ask at any pharmacy for a quarter ounce of freezine, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so arid that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

HELP WANTED—MALE

WANTED—Barber for Saturdays; also a half interest for sale. 17 North Central. 18

WANTED—A boy at the Medford Commercial college to act as janitor in exchange for tuition in the commercial department. Call at the college, 31 North Grape St., or phone 15-L. 17
