

BUTTE FALLS VOTES ENDORSEMENT OF WAR DECLARATION

That Butte Falls is fully within the war zone was well proven last Saturday evening when the assembly room was filled to its utmost capacity. The coming together was to ratify the action of the United States congress and the president in declaring war on the Imperial government of Germany. Mayor H. D. Mills presided, and in a few well chosen words stated that the meeting was not for the purpose of exploiting our politics as democrats, republicans, socialists or prohibitionists, but as a people of one sentiment, and that sentiment, loyalty to our country and our flag.

The orchestra played national airs, the classes sang patriotic songs, and in a short talk Professor Duoy detailed the causes which made a declaration of war inevitable. More music, more songs, 3 to 5 minute talks by the people, after which the following preamble and resolution was offered.

Whereas, after patiently suffering the outrages committed by the German Imperial government against humanity, international law, and the United States for a period of almost three years, our president has at last called upon congress and the people of the United States to defend those principles of civilization upon which our government and the liberty of all mankind are used,

Therefore, we, the citizens of Butte Falls, Oregon, do hereby express and affirm our sincere patriot-

BULLDOG WELCOMES MEDFORD AVIATOR

An amusing incident of the welcoming reception at the Southern Pacific depot Tuesday to the Medford aviation squad of the U. S. army, was the reunion between Merle Kellogg and his bull dog, Duke. Kellogg and Duke were inseparable for years and Kellogg's enlistment in the aviation corps and departure from the city was a sad blow to both.

John Barneburg, uncle of Kellogg, of course piloted Duke to the depot demonstration Tuesday forenoon. Immediately on the arrival of the train Kellogg spotted Barneburg and Duke, and at once crawled out a car window and forced his way through the crowd to them. Lovingly he kicked Duke twice in the slats and then caressingly hit him hard three times over the head and punched his nose in.

These love pats were greatly appreciated by the bull dog who wagged his stubby tail in glee, and fairly whined his canine pleasure at again seeing his master. Kellogg and Duke understand each other.

ism and loyalty for our country and our determination in this great national crisis to stand firmly back of our president and congress, in the hope, and the faith, that those principles of civilization shall not perish from the earth."

The adoption of the resolution was unanimous, except for one dear old lady who has scruples and a son of military age.

Several young men are ready to enlist and only waiting for a recruiting officer to show up.

10,000 CIRCULARS MAILED TO BOOST HIGHWAY BONDS

In their efforts to enlist active support in favor of the \$6,000,000 road bond issue, 10,000 circular letters were being mailed out from Medford Monday to voters in all parts of Oregon by J. A. Westerlund and Geo. E. Boos, president and secretary respectively of the Tri-State Good Roads Association. In part the circular says:

"We need your active support in order that the \$6,000,000 road bond issue be adopted. We need your moral support in making the provisions of this bond issue clear to the large number of our citizens located in rural districts throughout our state. And we need your financial support in order that a vigorous campaign may be made between now and June 4th.

"The Tri-State Good Road Association is now devoting all its energy in assisting to carry this bond issue.

"Read the enclosed circular and send in your membership: Contributing, \$2.00 annually; sustaining, \$5 annually; life, \$10.

A. L. Lawrence, the lathing contractor, will leave for Bend, Ore., Wednesday night to make his future home in that city. Mrs. Lawrence will join him a week. "I'm going to come back to spend next winter in Medford if I can arrange it," said Mr. Lawrence Wednesday noon.

ELECTRIC CLEANER SALESMAN A VISITOR

A. C. Nordine of the Frantz Premier Co., is in the city for a few days working with the company's Medford distributor, Paul's Electric store.

The Frantz Premier Co. has had a phenomenal growth during the past few years, during which time they have become the world's largest manufacturers of electric cleaners. They have recently built a large modern plant in East Cleveland, Ohio, and have a daily capacity of approximately five hundred cleaners.

Mr. Nordine attributes their remarkable growth to an excellent product and to the company's unique and aggressive sales methods.

Mr. Paul reports a large volume of business in this line in Medford and adjacent territory and from present indications expects a greater business this spring than he has ever experienced.

IDAHO PLEDGES CASH AND LOYALTY TO UNCLE SAM

WASHINGTON, April 11.—Secretary McAdoo today sent a telegram of appreciation to Governor Alexander of Idaho who had notified him that Idaho through its board of land commissioners had voted to subscribe to \$100,000 of the new war loan and pledged the entire resources of the state to the government.

Mr. McAdoo's telegram follows: "I thank you for your telegram. The pledge given by Idaho of her entire resources to the national government for carrying on the war and the patriotic purpose of the state to subscribe \$100,000 to the proposed bond issue are gratifying manifestations of the loyalty and splendid spirit that is moving America. I am sorry it will not be possible to consider the subscription until the bond issue has been passed by congress and the terms of the issue announced, of which I shall give you due notice. I hope you will repeat the offer of the state to subscribe at that time."

PETROGRAD GARRISON FAVORS REVOLUTION

PETROGRAD, April 11.—"The party of the fatherland and the army," which includes most of the members of the Petrograd garrison, has adopted a resolution strongly supporting the war.

"We urge the continuance of the war to a victorious conclusion," reads the resolution, "namely a peace restoring the ancient frontiers of Russia, and free Holland, including the German and Russian territory.

"A peace without the consent of the allies would threaten Russian liberty; would brand us with disgrace and treason."

RED CROSS NURSE GERMAN PRISONER

HAVERHILL, Mass., April 11.—A letter from Miss Pauline M. Jordan of this city, who went with a Red Cross party to Bucharest last November, brought the information that she had been imprisoned by the Germans. She wrote that she had been placed in a basement which was bitterly cold and was provided with only a very little food.

Previous letters had told of Miss Jordan's escape to the Russian border after the bombardment of Bucharest and the place of her capture and imprisonment was not made known in her letter.
