# OLD GLORY DRAPED FROM WIRELESS TOWER

Colonel George P. Mins supplied the flag and five patriotic boys of this city flung it to the breeze at the pinnacle of the mast of the wireless station near Central Point, where Old Glory now waves over the land of the free and the home of the brave, 305 feet above the vernal bloom of the valley.

The young men who placed the flag there are Hugo Daley, Westley Coffeen, Everett Johnson, Lester Lewis and Jack Claassen, all under the age of 20. Daley, Coffeen and Johnson attended the mast to the top, but found it somewhat difficult to wire the emblem to the steel pole. However, they attached it securely and at once a stirring breeze unfurled it, an inspiring insignia to be viewed with pride for many miles in all directions.

By government order, the wireless equipment was removed a few days ago.

# WORST WINTER FOR 20 YEARS IN KLAMATH

L. W. Copeland, a well known rancher and stock raiser of Fort Klamath, who has been visiting his daughters, Miss Birdie Copeland and Mrs. M. D. Ball at Jacksonville, left Friday for a visit to Eugene and Portland. "I was snowed up so long this winter," said Mr. Copeland, on Friday, "that I'm making up for lost time now that I can get out. It was the worst winter ever in our country that I have known for 20 years. There was not much loss of stock around Fort Klamath as we had a good stock of hay. However, we will all have to ship in hay before the new crop comes in, as our surplus stock has been exhausted. Hay this winter, has sold as high as \$20 a ton in our territory, but I sold what I could spare to my neighbors for \$12."

Lemons Whiten and Beautify the Skin! Make Cheap Lotion

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart jar of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the finest skin softener, smoother and beautifier.

Just try it! Make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen, and bring out the hidden roses and beauty of any skin. It is wonderful for rough, red hands.

Your druggist will sell three ounces of orchard white at little cost, and any grocer will supply the lemons.
