This, the largest organization of women in the world, originated in Boston in 1869, with just eight earnest women as members, who pledged themselves to send out a missionary in the fall if they had to walk the streets of Boston in calico gowns in order to thus save the price of more costly apparel. This spirit of earnestness, self-sacrifice and abiding faith has characterized the women of this organization throughout the forty-eight years, and from this small beginning has come a host of women who are publishing the tidings.

In seventy large cities of the United States there will be held next Tuesday seventy simultaneous jubilee meetings, and all societies are asked to be in session. DAMROSCH AND ZIMBALIST COMING TO MEDFORD

Walter Damrosch

Efram Zimbalist

SPECIAL TRAIN TO BRING DAMROSCH ORCHESTRA HERE

Next Tuesday noon, a special train will arrive in Medford, on the Southern Pacific from Portland, which will bring to us the big symphony orchestra with Walter Damrosch and Efram Zimbalist. If the weather is pleasant it is probable that Medford people will take them for an auto ride through some of the orchard districts, at which time some of the local artists will sing the praises of our beautiful valley. In the evening, this organization of 100 musicians will render a program at the Medford Natatorium. This program will be rendered by an array of talent that has never before appeared at one entertainment in the Rogue river valley. It is an organization that New York City calls its best. They patronize it regularly for three months winter season, and quite an extensive season during the summer. It is one of America's representative organizations. It comes to us from Portland, and goes from here to San Francisco. Mr. Geo. Andrews has prevailed upon them to appear here at popular prices, namely \$1, \$1.50, \$2. It may be seen by the daily papers from each of the above named cities that this scale of prices is much lower than that maintained anywhere else on the Pacific coast. This is a fact that should be noted and appreciated as Medford usually pays more for these attractions than the larger cities. In addition to this magnificent orchestra, we will have the opportunity of hearing the world's greatest violinist, Efram Zimbalist. Zimbalist alone is considered one of the big attractions throughout the country. The advance sale at present promises one of the record breaking audiences. There are a few reserved seats left, and the general admission tickets, \$1 (not reserved) are now on sale at the Medford Pharmacy. Parties having made reservations will call for their seats Saturday and Monday.

will be given by the choral orchestra, directed by H. H. Howell.

REV. A. A. J. HOGG, Minister.

You Two Should Look Ahead

If anything should happen to either of you in future years, the comfort and happiness of the other would depend not only on what you leave behind, but upon the way it is disposed of.

So much trouble, so much sorrow and such great losses have arisen from the mismanagement of estates entrusted to inexperienced executors that it has become almost a rule to place the executorship of your estate in the businesslike hands of a competent Bank.

We have some valuable suggestions to make to both of you before you draw up your will. Phone 3 and make an appointment with one of our officers.
