EDEN PRECINCT

Mr. and Mrs. J. D. Hoke of Medford were business callers at C. Carrys the first of the week.

Charley Terrill of Brownsboro was visiting his mother, Mrs. Lucy Terrill of Talent last week.

Mrs. L. A. Drake of East Eden was trading in Phoenix last Thursday.

The concert given at Phoenix Friday evening for the benefit of the choir teacher was well attended and was worthy of much praise.

Miss Anna Ziegler and Miss Moody of Ashland were guests of Miss Juanita Furry Sunday. Miss Moody went over to Fern valley to apply for the school at that place for the next school year.

The Ladies aid held their regular ten cent tea at the home of Mrs. F. E. Furry in Phoenix last Thursday.

Mr. and Mrs. E. O. Reese were over from Grenada, Calif., last week and visited Mrs. Reese's parents, Mr. and Mrs. C. Carey.

Oak Circle No. 242 held their regular meeting Wednesday April 11 at which Mrs. B. N. French and Mrs. F. E. Furry were elected delegates to the district convention which meets at Roseburg in June.

J. D. Hoke was up interviewing C. Carey with regard to several thousand tomato plants which are now ready for transplanting.

Harry M. Kidwell of Baltimore, Md. is at the home of Dr. Webster of Talent, and will engage in the fruit business.

J. M. McKay was a Medford business visitor Saturday from Fern valley.

Lem Hughes of Fern valley was visiting his mother, Mrs. Hughes, of Ashland, Sunday.

Geo. Roberts of Fern valley was visiting friends in North Talent Sunday.

Mr. and Mrs. C. Cate of Medford were visiting at the home of Mr. and Mrs. A. S. Furry last Sunday.

J. A. Grafts left Phoenix Thursday for a business trip to his old home at Breemau, Ohio, and for a visit with relatives and friends.

George Boron and Miss Marian Towne of Phoenix were among those who left Sunday night for San Francisco to enter the service.

When the P. & E. train went through here last Thursday there was a small lot of hay shipped from here to Derby for the Stanley Bros. James Owens of Wellen, one of our ex-county commissioners; A. B. Zimmerman, formerly one of our Eagle Point merchants, but now located on a ranch some ten miles northeast of Butte Falls; Mrs. Frank Abbott, Allison Allen of Oakland, Cal.; his niece, Miss Agnes Allen, of Derby, and E. M. Koenig of Derby were passengers on the car for Derby and Butte Falls, besides Lee Farlow and wife of Lake Creek, who took the Eagle Point-Lake Creek stage here.

EAGLE POINT EAGLETS

By A. C. Howlett

Corbit and Poke Smith of Butte Falls were here visiting William Perry and family, and they took passage on the P. & E. for their homes Thursday.

C. E. Austin of Climax, father of George Austin, the mail contractor, was here visiting his son Thursday, and took a small load of baled hay up to his place for his son George.

Mrs. Henry Meyer and son, who have been in Medford visiting an older son, who is attending high school, came out Thursday.

John Iseli, who has a farm and a fine body of timber on the north side of Round Top, came out Thursday, attended the L. O. O. F. lodge meeting and was a guest at the Sunnyside that night.

Mrs. Rosetta Potter, the Eagle Point milliner, has just received a fine assortment of ladies' and children's hats.—Adv.

Mrs. M. E. Goss came out from her home in Butte Falls and spent a couple of days with Mrs. William Perry and while here attended the meeting of the school board that met Friday night, returning to Butte Falls Saturday morning.

There was a party of five passed through here Friday morning. Three men and two ladies, who reside northwest of Gold Hill, went up on the desert to gather agates. Well, after spending the day in that work they started for their homes in high spirits, and just as they began to move something gave way with a snap, and on examination found that an axle was broke, and they with about a hundred pounds of agates, their lunch box, wraps, etc. They felt that they were in a box, for they decided to start, so they finally decided to start on foot, but when they reached Eagle Point they secured the services of Rob Harsh with his Ford to pull the car in, and took it to E. Hurd's repair shop, and he soon had the cause of the trouble discovered. The end of one of the axles broke off, so the only thing to do was to leave the car here and start for home, so still holding on to Rob, they were soon on their way to Central Point, where they could catch No. 16 and go to their homes. They had a fine assortment of agates and, barring the mishap, had a lovely time. They promised to come back this summer and camp near the Sunnyside hotel, where they can get a square meal occasionally. One of the party has been here before, but for fear his grandchildren will laugh on account of their troubles, I suppress the names, hoping that the next time they come they will not be so unfortunate as to break down.

While I was standing in front of the postoffice Friday afternoon waiting for the evening mail and just as Mr. Harsh was bringing the mail sacks out of the postoffice door, the team started to run, making a turn around the corner up Main street, aimed to turn in to the barn by the Farmers' hotel, then collided with a telephone pole, cutting one of the horse's mouths quite badly and demolishing the dray, breaking the front axle, double tree, cross-bar and hames and the tongue and tearing things up generally, and almost stripped the harness off one of the horses. There is no ordinance in this city against leaving teams standing untied on the street, but there probably will be in the near future. If there had been small children on the street at the time they might have been run over and badly hurt.

There was another meeting of the school board here Friday night, and Mrs. L. K. Haak, acting chairman of the board, called me on the phone this afternoon (Saturday) and told me that they had elected Professor R. F. Nibret as principal and Mrs. M. E. Goss as intermediate teacher, at a

salary of \$90 for the principal and for intermediate \$85 a month. The board has not decided on who will be the primary teacher. They had about decided on who we would have for that position, but the lady was called away on account of sickness. The P. & E. brought in a large lot of freight Saturday morning for our merchants, Geo. Brown & Sons had a lot of groceries, von der Hellen hardware; our blacksmith, W. L. Childreth, iron and steel, horse nails, etc.; T. E. Nichols, general merchandise, etc., besides a lot of miscellaneous goods for other people. They took up a carload of crushed rock and gravel to be used on the fish hatchery. The superintendent of the fish hatchery at Butte Falls was on board the train, and so was J. E. Nordstrom, chief quartermaster, U. S. N. He was going up to enlist recruits for the U. S. N. in Butte Falls. S. M. Halk and wife of Butte Falls and M. J. Clifford of Medford came out and went up to Lake Creek to look after property there.

N. W. Slessor, who has had to close his barber shop for a few days, has returned and reopened and is again taking his meals at the Sunnyside.

Mr. Petty, who is farming the Thomas M. Riley place, was a business caller Saturday.

Since my last report, William Perry has renewed his subscription to the D. M. T.

TABLE ROCK TABLETS

The boundary line between the Modoc and Neelon ranches has been settled in a manner satisfactory to all parties concerned.

S. M. Nealon has leased the pasture land south of the Nordwick and Byrum ranches from the Palmer Investment Co.

Through the efforts of the Improvement association, almost a half ton of poisoned grain has been purchased in this district and will be used to destroy rodents.

It is expected that war on the ground squirrels will begin in earnest next week. Besides going over the cultivated land, the waste land will be gone over in an attempt to stamp out these pests.

Miss Vera Mitchell of the Meadows is helping in the cooking department at the Modoc orchard.

John Vaughn has leased the tract of land near the Bybee bridge from the Palmer Investment Co. and will plant it to potatoes.

The Table Rock school will close next week after an eight months' session.

Mr. West and family of Sams Valley are moving into the Finley ranch, where Mr. West will be employed by Mr. Beaudien.

Elmer Keys and family are moving from the Finley ranch to one of the cottages at the Modoc orchard.

E. Edwards, employed at the carlton ranch, who enlisted in the naval service some weeks ago, left for the Bremerton navy yards last Friday.

At last some evidences of spring are beginning to appear, such as the singing of birds, crowing of pheasants, tinkling of cow bells, turtles sunning themselves on the logs and the purchasing of new hats by the ladies.

We are pleased to report that several of our enterprising citizens have handed in their renewals to the Mail Tribune.

Miss Angelina Cameron has returned home from attending St. Mary's academy at Medford.

Spraying with lime and sulphur began in this district the first of the week and the ching of their engine could be heard in every direction.

The rain of Tuesday night has put a stop to seeding for a few days.

Our Sunday school is indebted to Miss Grace Myers of Agate for her generous assistance with the musical part of the Easter program.

Born—April 5, at the Dow hospital, to Mr. and Mrs. Roscoe Doty, a twelve-pound boy. Mr. and Mrs. Doty make their home at the Modoc orchard.

Mr. Pendleton has had the young orchard of Spitzburg trees west of his house pulled out.

James Penland sold a band of cattle to L. E. Gaines of Trail a few days ago.

Lee Ingram has enlisted in the engineering department of the naval reserves. Mr. Ingram was the first man in this district to answer the call of his country.

C. W. Sage left Saturday morning for his homestead at Poplar, Mont.

Last Thursday during the noon hour a spark from a rubbish pile at the Chase orchard ignited a tank of crude oil left for smudging purposes. As soon as the oil took fire a great cloud of black smoke shot up to the sky, which was seen all over the valley, causing quite a little excitement and bringing automobiles to the scene from all directions. No great effort was required to save the farm buildings, as the burning oil did not create much heat. As the many this afternoon (Saturday) and watched the flames lick up the \$200 supply of oil, they were fascinated by the vivid picture created by the fiery red

flames rolling out of the tank and blending with the inky black smoke which rolled toward the south, passing over and almost touching the tall flag pole from which fluttered the Stars and Stripes. News has been received here of the marriage of Miss Eva Hall in Sacramento on the 24th of last month to Dr. Harry McCoy, a practicing physician of that city. Miss Hall is well known throughout the valley, having taught school in several of the rural districts. She resided here with her family for several years and was considered one of our most popular and talented young ladies. Her many friends join in wishing her much happiness in her new venture. Boudinot Conner is closing up his business in the valley and making preparations to enter the government service. Owing to certain rules in regard to age, Mr. Conner is having some difficulty in securing the position he desires, which is on the firing line.

Miss Bertha Taylor of the Antioch district, who was married a few days ago to Harold Shook of Roseburg, was well and favorably known in this district, where she spent several months last summer. Her many friends wish her a smooth voyage on the sometimes turbulent sea of matrimony.

R. E. Olson has leased the Conner ranch and will seed the cultivated land to grain. Mr. Olson has been manager of the M. M. Root ranch for the past year and while in this position has proven himself a man not afraid to sweat for his bread. With his sterling qualities and the great demand for farm products, we predict a bright future for him in his new undertaking.

The officers of the Table Rock Red Cross auxiliary are: Mrs. R. C. Washburn, president; Miss Marie Nealon, secretary; Mrs. J. C. Pendleton, instructor; Stanley Lydiard, treasurer. The first meeting was held at the home of Mrs. Washburn last Wednesday afternoon, when committees were appointed and preparations were made to begin active work at once.

A very appropriate Easter program was rendered last Sunday at the schoolhouse before a large audience. After the services a basket dinner was served, but we will not attempt to describe this, as owing to the high cost of living our description might be censured. In the afternoon Rev. Bandy of Central Point arrived with his church choir, who rendered several excellent numbers during the meeting. Also Mr. Paxton of Central Point, district organizer for the Red Cross, was on hand and explained the workings of the Red Cross, also the methods of organizing auxiliaries. Colonel Washburn was called on to say a few words for the Red Cross, and although this was his first notice that he was on the program he made a brilliant speech, fairly bristling with patriotism, at the conclusion of which thirty-two members were enrolled in the Red Cross work.

At a meeting last Wednesday night a home guard or emergency squad was organized, with V. H. Pendleton as chairman; R. E. Nealon, secretary-treasurer, and M. B. Chase

drill master. Twenty enlistments were secured and drill nights set for Tuesdays and Fridays. Also a committee was appointed to draw up a set of by-laws to be submitted at a later meeting for approval.

We are sorry to report that Grandma Vincent, who has been an invalid for almost three years, owing to a paralytic stroke, suffered a severe relapse Saturday night and at this writing there seems very little hope for her recovery.

Rev. Paul S. Bandy will hold services at the Table Rock schoolhouse next Sunday afternoon at 3 o'clock. Every one invited. We are informed that since the organizing of the Red Cross auxiliary in this district several new members have been added, bringing the membership up to forty-seven.

Worst Storm of Winter

BUTTE, Mont., April 17.—The worst storm of the winter occurred Saturday night and Sunday morning in the Belt mountains, piling snowdrifts 15 feet along the Milwaukee cuts and practically tying up transportation. In the face of the greatest difficulties in their history the officials of the Milwaukee are endeavoring to maintain their schedules between the east and west.

Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freecorn can be obtained at 1c the cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of freecorn on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky but dries at once and is claimed to last through up any corn without inflaming or even irritating the surrounding tissue or skin. If your wife wears high heels she will be glad to know of this.
