BALFOUR PARTY LANDED SAFELY AMERICAN PORT

WASHINGTON, April 21.—The safe landing of British Foreign Minister Balfour and his party was announced today by the state department.

The official announcement said: "The department of state has been advised of the safe landing of Mr. Balfour and his party."

In a supplementary statement the state department expressed its appreciation to those newspapers which in co-operation with the government's efforts to insure the safety of the British party, refrained from previously publishing news of their arrival and expressing its concern that others disregard the government's request. The statement follows:

"The department of state wishes to make known to the public that on April 17 and again on April 20, it issued confidential requests to the editors of the country asking that there be no publication of news or speculation concerning the movement of the British mission which is coming to Washington, until the department was in a position to make announcement. It was specifically explained that these requests were made for reasons concerning the safety of Mr. Balfour and his mission."

"To those newspaper editors who loyally observed the injunction the department of state desires to express its thanks and to express its concern at the failure of others to observe this reasonable and necessary request."

ARGENTINE ASKS FULL SATISFACTION FROM GERMANY

BUENOS AIRES, April 21.—The government has sent to Germany an energetic note demanding complete satisfaction for the sinking of the Argentine sailing ship Monte Protegido. The Argentine minister is instructed immediately to break off relations if Germany attempts to evade responsibility for the loss of the vessel.

The instructions sent to the minister are that Argentina will permit of no evasion or delay on the part of Germany. He is told to instruct the Berlin government that if prompt satisfaction is not granted, Argentina will follow the course of the United States and Brazil and will arm its ships against submarines.

It was announced officially on April 13 that the Monte Protegido had been sunk by a submarine off the European coast.

The submarine fired on the ship, wounding a member of the crew.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

A laxative today gives a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold, or has sore throat or any other children's ailment give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this disgusting poison, sour bile and fermenting waste will gently move out of the bowels and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

a denial that the Russian socialist favored a separate peace with Germany, the legislative committee telegraphed:

"As has been stated in a declaration of the Council of Workmen and Soldiers' Delegates, the entire Russian revolutionary democracy does not seek a separate peace but favors international peace without annexations or indemnities, real or disguised, on the basis of the free development of nations and considers that

the proletariat of every country should do its utmost to bring about peace on the above basis."

It was announced in Washington, April 19, that Representative London, the only socialist member of congress, had called N. C. Tebeidae, a socialist member of the Russian duma, for authoritative information regarding the rumors that Russian socialists favored a separate peace with Germany.
