ASHLAND AND VICINITY

The First National Bank has set the pace for the encouragement in a practical and financial way of a movement among the young people to raise ten hills of spuds or other growing crops where one was grown before. It has decided to advance seed money to those who will interest themselves in this work, the loan to be without interest or security, notes to be paid when products are marketed. To further this work the bank proposes to employ a competent man who will advise the boys and girls in the selection of seed, preparation of ground, etc., without cost to the tillers of the soil. All interested are requested to call at the bank any afternoon during the next ten days, between the hours of 3 and 6, and take up details of the matter personally with the adviser, and all those who have vacant lots suitable for cultivation are urged to list them with the bank at once, as seeding time is here and whatever is done must be attended to promptly.

Mr. and Mrs. C. E. Farnsworth of Anaconda, Mont., have been recent visitors at the Presbyterian manse, being old time friends of the pastor's family. They are on their way to southern California and stopped here to visit their former pastor, Rev. H. A. Carnahan, who is still a hospital patient at the sanitarium.

Mrs. M. C. Reed, at her home 67 Seaside Drive, was the hostess on Saturday to Mrs. H. P. French of Seattle, also her daughter, Miss French, and Miss Julia Fielder, who are teachers in the Medford schools. This visit was the renewal of an acquaintance and friendship between Mesdames Reed and French which had its inception some two years ago at a national woman's convention held at Syracuse, N. Y., to which they were duly accredited delegates from Pacific coast territory.

Charley Tyler, son of Mrs. H. L. White, after a visit at home from Marshfield, leaves early this week for Honolulu, whither he goes to enter employment as professional trainer on race tracks in the Hawaiian Islands.

C. H. Sneed, formerly connected with Western Union installation work throughout this territory, is now in government employ at the Bremerton yard as an electrician in the first classification, a responsible position implying exacting requirements.

"Little Joe" and "Big Charley" of this city, recently arrested in connection with an infraction of the benzene prohibition law, are awaiting developments of the concluding chapter in their respective trials at Medford, both having been found guilty in justice court on Saturday last.

A synopsis of the main activities of Ashland's federated clubs for the past year reveals gratifying developments along all lines. Among them the Chautauqua park organization has been in existence nearly a quarter of a century. Receipts for the year were \$639 and disbursements \$601. Stimulating interest in the annual assemblies is a main endeavor, also beautifying the fine grounds. It also supports two flourishing study clubs. The Sunshine society is 12 years young, and as its name implies fosters the cardinal principle of carrying moral encouragement as well as material assistance into chan-

nels where these virtues accomplish the greater measure of practical results. It has paid over 400 visits to the needy and distressed within a twelvemonth. Receipts have been \$418 and expenditures \$390. Its national motto, "Good cheer," is reinforced by an application of the local slogan, "Make everyone happier for knowing you." The Civic Improvement club has been duly incorporated in order to deal officially and systematically with varying problems. It has contributed \$10 monthly to the band and also stands sponsor for many notable improvements in the parks and civic betterments in general throughout the city. Receipts have been \$297 and disbursements \$220. The auxiliary club is an outgrowth of the Civic improvement organization, incorporating the younger element among the ladies who are actively identified in a multiplicity of good works. By outside effort and also within the confines of tastefully equipped club rooms they emphasize the domestic, literary and social life of the community, contributing liberally to various benefactions. Receipts have been \$350 and expenditures \$236. Two flourishing Parent-teacher circles and a Political Science study club are also included in the federation, effectively demonstrating the benefits to be derived by united effort in their respective spheres. Among presiding officers of these organizations Mrs. Sarah Patterson leads the activities of the Chautauqua park; Mrs. Ida Guard, the Sunshine; Mrs. Mabel Barber, Civic improvement; Mrs. Myrtle Boslough, auxiliary; Mrs. Effie Usher, West circle; Mrs. Hattie Walker, East circle; Mrs. Etta Lamkin, Political Science study. Financially in these various reports there is a showing on the right side of the ledger as to an excess of receipts over expenditures.

On a railway educational tour of the Pacific northwest, four representatives of the Southern Pacific, chief terminals in Texas arrived in Ashland on No. 16 Friday afternoon, bound for Portland. The party included Tom Hood and F. E. Lackner, of Houston; R. E. George of San Antonio; E. A. Pennington of Fort Worth. They were also accompanied by John D. Garvey, of New Orleans. The visitors were escorted by A. D. Wick, traveling passenger agent of Portland, who joined them in northern California, and J. E. Light, traveling freight and passenger agent, of Sacramento. In the person of Mr. Hood an old time friend was recognized by E. V. Carter, who with Joe Hurt took the southerners for an automobile spin over the Pacific highway, rejoining their train at Medford.

There was a sound of revelry by night last Thursday evening at Odd Fellows hall. After an official visit by Grand Master Westbrook of Portland, the portals of the temple were thrown wide open and the various affiliations of the order united in a social demonstration which by the way was nothing odd even for these fellows.

George Kramer, local agent of the Harriman lines, was in San Francisco last week, in consultation with leading officials over the government's contemplated extension of the P. & E. from Butte Falls to Prospect as an emergent war measure in the event of the Southern Pacific being put out of commission by a German-Mexican pact. Such a contingency would leave the Green Mountain springs trail as the only available eastern outlet for interstate traffic. He returned Sunday and brought the comforting assurance that the rival line would not be built this week at least, consequently shippers are resting easier.

A lytha myth in the midst of a typical forest environment will be staged in the parks on May 17, with over 100 high school girls in the cast. The production will incorporate all the weird and fanciful settings associated with Ceres and Proserpine traditions.

The First National bank has been designated as a financial agency whereby investors may subscribe to the government's initial issue of \$200,000,000 in treasury certificates, the purchase of which will be available on April 24 and 25, as a preliminary to the colossal war loan.

H. L. White, rancher, miner, loan broker and realty agent, who has successively done his share in various phases of development work, is about to return to the land agency business and will open an office at 343 East Main street.

Wenner, has resigned her position as stenographer with the Ashland Fruit & Produce association, and leaves this week for Wenatchee, where she will accept a position with a corporation which handles the products of that celebrated fruit center in Washington. Miss Wenner is notably proficient in office work and a pleasing personality adds charm to her attainments in a clerical capacity.

George F. Wilson, former Western

Union manager here, writes patriotically of a huge American flag which has lately been unfurled in San Francisco, where he now resides. The banner waves across Market street, and it is 130 feet long by 75 feet deep. Each star in the galaxy is 18 inches in diameter, and each stripe is 78 inches wide. This bit of bunting weighs 300 pounds, and is suspended from a half inch steel cable firmly anchored on the roofs of big business blocks.

A composite team of candidates will be present for installation, after which the customary social features will be in order. The Ashland and Medford Moose browse study club are also included in the federation, effectively demonstrating the benefits to be derived by united effort in their respective spheres.

GOLD HILL NUGGETS

Gold Hill people again showed their patriotism and progressiveness by giving a reception for the enlisted men at the church Tuesday night, April 17. After a few remarks by Rev. R. A. Hutchinson, various business men gave short talks. "The Star-Spangled Banner" was sung by the audience, standing. Miss Faye Schroeder read "My Daddy's Flag." Several instrumental selections were given, as well as some voluntary vocal solos. After these a general jolly good time was had, and a delightful lunch of sandwiches, cakes, coffee and pickles.

Sunday afternoon at 2:30 numerous citizens of Gold Hill gathered at the Cosmos Theatre for the organization of a Red Cross auxiliary. Twelve members signed the paper, after an explanatory talk by Mr. Paxton of Central Point. Officers as follows were elected: President, Dr. R. C. Kelsey; secretary, Mrs. Lynn W. Smith; director, Mrs. I. T. Gulligan; treasurer, Lynn W. Smith.

Charlie Tyler, at one time a resident of this place, was in town for a few days this first of the week.

The local "home guards" met for drill again Sunday afternoon; about forty responded to roll call, although a number were absent, Thursday night they met in the pavilion for drill, as well as to effect a permanent organization. It is the intention of some to form a guard in the true sense of the word, by taking an oath similar to the federal oath, and offering their services to the county or country, should the need come.

Mrs. F. L. Caldwell, a former resident of Gold Hill, was in this city several days the first of the week. She expects to be here again Monday.

The work of reroofing the S. P. depot is progressing rapidly. Other much needed improvements are also under way.

The bank has installed a new street light in front of the bank building this week. A big improvement. Now if other firms would only do likewise.

Mrs. R. E. Smith was a Gold Hill visitor on Wednesday from Tolo.

Gold Hill had a large attendance at the New York Symphony orchestra concert Tuesday night—in fact so large we are not attempting to name them.

Mrs. M. B. Day now has her Saxon Six securely sheltered in her new garage on the side of one of her lots. Mr. and Mrs. Fitch Snyder were visitors at Central Point on Friday.

Al Lewis was a visitor at Grants Pass Friday between trains. Donald S. Avery, well known to all the young people of Gold Hill, but who has been away for the past six months, literally "dropped in" Friday morning, as his arrival was so unexpected. For the most part of the time Mr. Avery has been in the employ of the Southern Pacific near Marshfield. He will return Saturday night on 16.

Mrs. John Hughes and son, who have been visiting the former's mother, Mrs. E. T. Simmons, for some time past, departed Friday morning for Weed, Cal., where Mr. Hughes is employed in one of the lumber mills as sash and door man.

The officers as they now stand are: President, Mrs. R. A. Jones; vice-president, Dolores Kelsey; teacher, Rev. R. A.
