COUNTY SCHOOLS SHOW PATRIOTISM BY FARM WORK

N. C. Maris, field worker in the state department of education, together with Rural School Supervisor Peterson has been at work among the Jackson county schools all this week in inaugurating and carrying on industrial club work among the school pupils.

Patriotism is now the dominant note in this campaign, combined with the original idea of teaching the pupils the dignity and usefulness of work, and the popularizing of farm work especially. The industrial club organization idea has now been broadened to include food preparedness.

In patriotic talks at various schools Messrs. Maris and Peterson have instilled into the pupils the idea that each one can do his or her bit in this war with Germany by raising something in the food line, either by planting and cultivating a small garden or large patch of ground, or by raising poultry or pigs. The speakers used a stereopticon with appropriate slides to illustrate their talks.

Among the schools visited this week were the following: Phoenix, Talent, Wagner Creek, Bellview, Agate, Rees Creek, Brownsboro, Antelope, Eagle Point, Ruch, Uniontown, Bear Creek, Applegate, Provolt, Murphy, Missouri Flat and Jacksonville.

Mr. Maris said Friday afternoon that the campaign has so far done much good in interesting the children to take an active part in the food preparedness efforts. The speakers dwelt especially upon the necessity of farm work and productiveness as of almost equal importance in the war with Germany as actual fighting at the front.

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lay, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

SUFFERING CATS! GIVE THIS MAN THE GOLD MEDAL

Let folks step on your feet hereafter; wear shoes a size smaller if you like, for corns will never again send electric sparks of pain through you, according to this Cincinnati authority.

He says that a few drops of a drug called freezeone, applied directly upon a tender, aching corn, instantly relieves soreness, and soon the entire corn, root and all, lifts right out.

This drug is a sticky ether compound, but dries at once and simply shrivels up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce of freezeone obtained at any drug store will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out, especially if you are a woman tender who wears high heels.
