

EAGLE POINT EAGLETS

By A. C. Howlett

Dr. W. W. P. Holt reports that here was born to Mr. and Mrs. E. Iard, April 22, a son.

Sunday morning broke clear and pleasant and the change in the weather made us feel as though we were once more living in the Italy of Oregon, and it cheered the hearts of the owners of nature to see the blooming of the fruit trees, the flowers and the renewed signs of vegetable life after an unusually long, tedious, disagreeable winter and spring.

Rev. Paul S. Bandy, the pastor of the Presbyterian church in Central Point, came out and preached for us again Sunday evening to an unusually large congregation. He remarked that it was the largest one he had addressed for some time.

Thomas Pardue of the Rogue River Canal Co., returned over from Agate Sunday and spent the day with friends in this district.

Art Smith, who owns and operates a farm on Big Steeple, was also a caller Monday noon.

Corbin Edgell, owner of a fine orchard joining the A. Corbin orchard, who has been spending the winter in Denver, Colo., returned last Monday and among the first things he did was to renew his sub to the D. M. T.

Born to the wife of our depot agent, Amos Ayres, April 24, a boy; mother and child are all O. K., but I don't know so well about Amos, now that he is daddy, but we hope he will live through it. This is the fourth birth reported by Dr. Holt in one week.

Every little community in the county will do that well the losses by war will soon be restored.

Tuesday morning our daughter, Hattie, went out to Klamath Falls to spend a few days and then she will go on out to Fort Klamath to visit her sister, Mrs. C. E. Hoyt.

Jud Edsell and John Foster took their sheep from here to the Edsall ranch near Butte Falls, Tuesday.

Tuesday afternoon I took a trip over to Central Point with Dr. Holt, who was called to see George W. Beale, who has been complaining for some time.

Geo. W. Fry of L. C. was a passenger to Medford Tuesday on the P. & E.

Shorty Miles and W. E. Fansher were her Tuesday selling the Chevrolet auto. They were having considerable success as they say they have sold four in this section.

Mayor has renewed his sub to the D. M. T. and W. D. Roberts has given me an ad for the D. M. T.

The seeding of small grain in this district will be practically finished this week.

Our farmers have done remarkably well with the putting in of their crops considering the backward season.

O. P. Chief of Ashland representing the Knight Packing company was through here the first of the week trying to secure tomato acreage. His company pays ten dollars per ton and takes all sizes and shapes.

James Penland is the latest recruit in the Table Rock home guard, having signed up last week, bringing the enrollment up to twenty-one.

About thirty of our citizens attended the Damrosch concert in Medford and all speak very highly of the entertainment.

S. C. Collins was called to Grants Pass one day last week to be at the bedside of his mother who was quite ill but is much improved at this time.

He was accompanied out from town by Mrs. Davidson and daughter, Miss Francis, who charmed her listeners with a beautiful solo. Rev. Bandy will hold services here every two weeks in the future at 3 o'clock, sharp, on Sunday afternoon. A committee composed of G. P. Hall, R. E. Ground squirrels do not molest sugar beets, we consider that Mr. Pettigill showed much community spirit in co-operating with his neighbors in this work.

Miss Josephine Kincade closed an eight months term of school in this district last Friday and has returned to her home at Agate. In looking over the school record for the term we find among the visitors one parent and one member of the board, this member being the district clerk. Mrs. Vincent

had been a resident of this district for more than forty years and was known to be a woman of untiring energy, there being no task too difficult for her where duty called. She had seen many of the ups and downs of life, but through it all remained cheerful and optimistic, her inclination being to look on the bright side of all things. Besides many friends and relatives, she leaves to mourn her loss her devoted husband with whom she crossed the plains as his bride in 1862, and who scarcely left her bedside since she became afflicted, watching over her day and night throughout the long hours with a constancy and devotion read about in stories but not often seen in real life.

Chalmers 7-Passenger Touring Car—Price \$1350 Detroit

Chalmers Sets New Mark In Flexibility and Economy

Speed is a matter of state and city laws—not of motors. Why, then, pay for racing or semi-racing machines which fret and fume at legal limits? Why is not the car of wide flexibility and moderate top speed the sensible car to buy? In Chicago, during the 24 hours from noon March 26 to noon March 27 a Chalmers 7-passenger stock touring car set a new mark for flexibility and economy. It traversed the dense "loop" traffic of Chicago, using high gear only, without stop of motor, attained a total of 586.8 miles and reeled off 14 miles to every gallon of gas. The Contest Board of the A. A. A. certifies to these facts.

Here is a car capable of highest speed. That operated perfectly on high gear even from a standing start at a traffic officer's signal. That ran like a watch for 24 hours and could have run an indefinitely longer time. That made the startlingly economical figure of 14 miles to the gallon of gas. That was in

as perfect condition at the end of this grind as at the beginning. Had there been hills to climb it would have shown equal capacity there. And this car can be bought for a price several hundred dollars less than others that have shown no such flexibility or city economy.

Would you care for such a car? You can have its twin brother. You are invited to call and ride in the car.
