

# JAIL SENTENCE FOR JOE WILSON TO BE ANNULLED

"Little Joe" Wilson, of Ashland, who was recently convicted on a bootlegging charge by a jury in Justice of the Peace Taylor's court will escape the jail sentence of 30 days imposed on him providing he pays his fine of \$200 and his half of the trial costs within the next few days.

After several conferences with Wilson and on investigation of the latter's presentation of affidavits from two well known Medford physicians to the effect that his physical condition was such that confinement for 30 days in jail would do him great harm, County Prosecutor Roberts and Justice Taylor finally decided to annul the jail sentence. Wilson was expected to pay the fine and costs sometime Monday. Wilson had planned to appeal his case to the circuit court.

While C. V. Beeler, the other Ashland man jointly tried and convicted with Wilson, has as yet not filed an appeal to the circuit court it is expected that he will do so. Beeler was fined \$500 and costs and sentenced to two months in the county jail.

# ORIGIN OF MINE DISASTER A MYSTERY

HASTINGS, Colo., April 30.—The fire which has burned in the old workings of the mine of the Victor-American company for more than a year had nothing to do with the explosion last Friday which cost the lives of 120 men, it was definitely established today.

James Cameron, superintendent of the mine, after an inspection of the fire barriers across the opening of the old workings, said he found the temperature no greater than usual, and all barriers intact.

The first funerals were in Trinidad today, four of the victims being buried. Other funerals will be in Hastings beginning tomorrow.

# ARMY BILL PROVIDES FOR CANAL DEFENSES

WASHINGTON, April 30.—Provision in the army bill is an appropriation of \$4,320,974 for Panama canal defenses. One item of \$3,750,000 is for training camps. The bill also would authorize the secretary of war to purchase, acquire by donation, or condemnation, sites for aviation schools. An appropriation of \$2,500,000 is included for such purposes. Several offers of free sites already are in the hands of the secretary.

# CERTIFICATES FOR BANKS OF COUNTY TO FINANCE LOAN

WASHINGTON, April 30.—The Federal reserve board has recommended to Secretary McAdoo that funds to be raised under the \$7,000,000,000 war finance law be obtained gradually by offering to the banks of the country blocks of treasury certificates to be retired later with bonds every two weeks.

Indications are that Secretary McAdoo will soon announce the offer of another block of certificates. The proceeds will be applied to the loans to be made to France and Italy which will total from \$200,000,000 to \$300,000,000.

The Federal Reserve board's suggestion contemplates that the certificates shall be offered to the highest bidders, no offer below par being accepted. The offer would be open to all bankers of the country, state and private institutions as well as members of the reserve system and to individuals.

Certificates would be convertible into bonds or payable in cash at the option of the holder. If taken by the banks exclusively the certificates could be used in lieu of cash in paying for bond subscriptions.

Under this plan a bank whose depositors subscribe to the bonds would not have to forward cash but could forward certificates thus strengthening its financial position and avoiding the risk of disturbance in the money market by large withdrawals of money in payment for bonds.
