### ELKS BENEFIT NETS RED CROSS \$350

The Medford Red Cross chapter is richer by between \$300 and \$400 through last night's benefit given for the chapter by the Medford lodge of Elks. The exact sum realized will not be known for a day or two yet when all tickets that were in hands of individuals for sale are accounted for.

The benefit was a brilliant success in every way. Fully 500 persons made merry in the Elks' club house, including visitors from all parts of the valley. All evening long automobiles were parked for blocks on the streets about the club house. All classes of society were well represented.

Naturally the largest portion of the assemblage crowded into the big ball room, where all evening up until midnight two hundred couples enjoyed the dancing, music for which was furnished by Hazelrig's orchestra.

A pleasing feature of the occasion was the luncheon which was served on the serve-yourself plan. The eatables and refreshments were provided for by the Elks' ladies with Mrs. R. J. Conroy in charge. About \$78 was realized from his source. The lunches which were wrapped in individual packages, each containing sandwiches, cake, pickles, etc., were sold at 25c each, and included coffee and ice cream. The diners, after obtaining their lunches and drinkables then seated themselves at long banquet tables spread in the basement.

### MEDFORD MADE RINGS FOR AIRSHIPS

The Medford boys with the aviation corps at San Diego may have been the means of giving Uncle Sam a tip that will insure his supremacy in the air by suggesting that they try the Medford made V-Plex rings in their aviation motors.

They have been given a thorough test by the chief mechanic in charge of the machines at the aviation school at San Diego and he has requested that the war department give these rings a thorough test at all their stations, claiming that the increased compression enables the airplanes to climb faster and work better at high elevations.

The Bailey Aeroplane company of Los Angeles hearing of the success of the local rings at the government station has ordered rings for an airplane they expect to enter in the coast to coast race in September.

### DIED

NYGREN—Funeral services with the Woodmen of the World in charge were held over the late Gustav Nygren of Brownsboro at 2:30 o'clock Tuesday afternoon at the grave in the Brownsboro cemetery, the funeral party having departed from Perli's chapel in Medford at 1 o'clock. Mr. Nygren, who was 61 years old, died at the Granite City hospital in Ashland Sunday morning, May 6, from an operation for gall stones. He is survived by a wife and five children: Eric C., Frank G., Carl W., and Alice and Anna. Mr. Nygren, who was a native of Sweden, had resided in Jackson county since 1906. He was a member of Camp No. 9, Woodmen of the World, of this city.

### THREE GENERATIONS OF WOMEN

The young women of this generation, their mothers and grand mothers have proved from actual experience that Lydia E. Pinkham's Vegetable Compound overcomes the suffering caused by female ills and restores them to a healthy condition. This famous medicine contains no narcotics or habit-forming drugs—but is made from medicinal roots and herbs, nature's remedy for disease. If you are suffering from any form of female ills, it will pay you to give it a trial.

TO ALL DEALERS:

For your information we wish to advise that in our experiments and tests here at the factory with our new Eight Cylinder car, we have been able to secure uniformly better results with Standard Oil Company's Zerolene motor lubricant than with any other which we have used.

Please understand, however, that we do not wish this to be construed as an attempt on our part to dictate the brand of oil which you should use, but merely to call your attention to the fact that this particular brand has given us better results than any others which we have tried, and are giving you this for your information.

Yours very truly,  
THE PEERLESS MOTOR CAR COMPANY

BECAUSE Zerolene is correctly refined from asphalt-base crude, it maintains its lubricating body and value at cylinder heat, thus forming a perfect piston seal, reducing friction, and enabling the motor to develop its maximum power.

Zerolene is the oil for your car.

For sale by dealers everywhere and at our Service Stations.

"Stylecraft" Says

No man is well dressed without a tie pin. Why wear a watch that was in style 20 years ago just because it runs? You would not wear a suit of clothes or overcoat that was in style 20 years ago.

Why wear old jewelry?

The latest styles in Jewelry is just as essential to the well dressed now days as the latest suit for men or dress for ladies.
