FORMER RUSSIAN RABBI TO LECTURE UPON NATIVE LAND

The recent dethronement of Czar Nicholas and overthrow of autocracy in Russia is a source of great satisfaction to Dr. Joseph Goldman, former Jewish rabbi in Russian Poland, who will address a public meeting in the Baptist church of Medford next Monday evening, and will also deliver addresses on present and past conditions in Russia at the Christian church in Ashland on Sunday forenoon, afternoon and evening.

He has witnessed and suffered the hardships formerly inflicted upon the Jews in his country, and until four years ago had always lived in Russia, having been a rabbi for ten years. Immediately on coming to this country about four years ago he began the study of English and since then has lectured to 100,000 people in eight states.

Dr. Joseph Goldman.

Germany's rule, and next will come Kaiser Wilhelm's overthrow. He is the same kind of a despot as Nicholas, but I am of the firm belief that now that the United States has come into the war Germany is sure to meet her Waterloo.

"Who could ever forget Kishenof that saw that awful massacre, in 1902, when the Black Hundred, an organized mob under protection of the czar's soldiers, killed 25,000 Jews and plundered 100,000 stores. When the slaughter was going on I went to protect an old rabbi, a dear friend of mine, and a Cossack kicked out 14 of my teeth and otherwise abused me. However I was very glad to escape with my life.

"In one day of mob violence in Russian Poland I have seen 300 bodies of Jews in the street killed and mutilated with inhuman cruelty. And all this killing went under the special command of the czar.

LIBERTY LOAN PROCEEDS IN BANKS

WASHINGTON, May 18.—Proceeds of the liberty loan, the treasury department announced today, will be deposited in banks and trust companies which have qualified as depositories which forward subscriptions of at least \$100,000.

The government's apparent intention to advance approximately \$1,000,000,000 to the allies before July first, \$670,000,000 of which already has been paid, is reflected in a request of Secretary McAdoo to the banks to take as large amounts of treasury certificates as possible and at least equal to fifty percent of the payment they will have to make on subscriptions.

AMERICAN SHIPS TO TRANSPORT GOODS TO ALLIED LANDS

WASHINGTON, May 18.—All available American trans-Atlantic tonnage for the time being will be used to transport supplies to Russia, France, and Italy under an agreement about to be made by the American government with the allies.

Great Britain has assured the United States that she can carry enough supplies in her own ships to meet the needs of the United Kingdom and perhaps spare some vessels to supplement American tonnage in supplying the other countries.

No general agreement as to apportionment as to shipping among the countries most in need has been worked out, but a definite program probably will be decided on in the near future. Meantime the shipping board is putting the repaired German ships into service as fast as possible, chartering them to the allied governments for single trips.

I never tasted a Flakier Pie Crust (Report No. 9) By the manager Here is my first experience with Cottolene pie crust: One night, early this month, our Lancaster County cook, Alice, announced: "You all are going to have a real blackberry pie tonight. I used a jar of berries from Mr. David's box, and Cottolene." I was glad she had used Cottolene. I wanted to see how it worked. But I was sorry later that Alice liked that pie. We four bachelors left nothing for her but the big blue pie plate. Lynn, who comes from Lexington, Ky., said it reminded him of the blackberry pies his old mammy used to make. And Dave, who is in the telephone business, got rid of his before we had a chance to say "Hello". I never ate a Thanksgiving pie at home that beat that one. I noticed the lower crust especially. It was light and flaky. I ate every bit of it, which is a thing I seldom do with lower crusts. After it was all over, we cast an unanimous vote for Cottolene. We have used wholesome Cottolene ever since. Only last night Alice made a Cottolene apple pie that was a wonder. From R. P. B. FREE! Cook Book containing 239 recipes by famous cooks sent free.
