Burt Rippey, who is well known in Medford and the valley, was yesterday given the option of paying a fine of \$100 and costs or going to jail for twenty-five days by Justice of the Peace Taylor on the charge of selling salmon without a license. Rippey, who resides near To'o, sold four large salmon in the city yesterday morning and a short time later was arrested on a warrant sworn out by Deputy Game Warden Walker. The fish and game wardens have had Rippey under suspicion for a long time. Rippey pleaded guilty and when sentenced by Justice Taylor, asked for a few days time in which to try to raise the \$100 fine. His request was granted. The authorities suspect Rippey of having gaffed the fish at the Ray Gold dam which he sold in the city. He is an old offender.

WOMEN'S CLUBS TO CO-OPERATE IN FOOD CAMPAIGN

In compliance with the request of Theresa M. Castner of Hood River, president of the Oregon Federation of Women's clubs, Mrs. C. L. Schiefel, president of the Greater Medford club, has named Mrs. T. E. Pottinger and Mrs. Stewart Patterson as a special committee to work under direction of County Agriculturalist Cate in the O. A. C.—Jackson county food preparedness campaign.

The state federation is cooperating in the O. A. C. movement. The agricultural college has made a complete census of the labor requirements of the farmers of Oregon, and is enlisting all school boys not of military age in a working reserve to be known as the United Boys' Working reserve. The plan is to place these boys on farms as they are required, and as conditions warrant.

The State Federation of Women's clubs has been assigned an important part in this work, in that it has been asked to check up on housing, living and general conditions existing on farms where the boys are to be placed.

WOODMEN PLAN OBSERVANCE FOR PATRIOTIC DAY

Woodmen of the World on Wednesday night, in response to an appeal from the head consul, will hold a patriotic program at Woodman hall, I. O. O. F. building, to which all lodge members, their families and friends, are invited. Light refreshments will be served. The letter from Mr. Hoak reads:

Esteemed Neighbors:

In these days of fervent patriotism, when the heart throbs of every true American citizen is in sympathy with those people of other nations whose rights and liberties are likewise encroached upon, we feel that those in authority from the president down, should have our earnest, enthusiastic support, that the principles of liberty, equality and justice upon which this republic was founded and for which it stands, "four-square against every wind that blows," no matter from what source it comes, may be maintained. Not only should our president and others in authority have our support, but we should let them know that they have it.

To that end, I earnestly recommend that every camp of this society set aside one meeting during the month of May, to be known as Patriotic night; the meeting to be devoted entirely to patriotic speeches, patriotic music and patriotic readings including that splendid tribute to the flag, entitled "Your Flag and My Flag," copy of which I am enclosing herewith.

This meeting should be for members, their families and friends, and as much publicity given it as possible and in that way let it be known that the Woodmen of World stand for protection and patriotism, first, last and all the time.

Fraternally yours, I. I. BOAK, Head Consul.

GIRLS GLEE CLUB SCORES SUCCESS

So excellently rendered were the various chorus numbers and solos on the program of the Girls' Glee club of the University of Oregon at the Natatorium last night that the very appreciative audience kept the girls busy acknowledging applause and responding to encores.

The program was a varied one including classical selections and simple melodies. In the latter the club was especially pleasing, particularly in singing as an encore "Tenting on the Old Camp Ground," while seated about a camp fire. The same effective scene was used while singing a group of four Indian songs. The readings by Miss Charlotte Banfield and the playlet, "Maid and Super-maid," also won much applause, as did the piano solo of Miss Marion Neil, the accompanist.

The concert was given for the benefit of the local Red Cross chapter under the auspices of the Knights of Pythias. The Red Cross share of the receipts amounted to \$36.

CALL TO COLORS ON JULY 15 PLEASES SEVENTH COMPANY

The information given out yesterday by the war department at Washington that the National Guard coast artillery companies will not be called into the federal service until July 15 was joyful news to all members of the Seventh Company, C. A. C., of this city, and their relatives, because it removed all uncertainty of when they would be called into active service.

Now after weeks of being practically in a state of mobilization here anxiously expecting the call to duty from hour to hour and unable to make any personal plans for the future beyond a few hours with any certainty the Seventh Company officers and men are free from anxiety and can practically do as they please until July 15.

A number of the members will at once start making gardens, something they were afraid to do before. Others have been offered jobs here and at other places in the past few weeks which they could not accept, or could have had jobs were it not for the uncertainty of when the company would be called away.

Quite a number of members, too, who were living in other cities, some from long distances away, gave up their situations and hurried to Medford to go out with the company and have been held here by the uncertainty existing. Now they can return to these places and remain until about July 15.

All, however, will be required to remain in easy mail connection with Captain Vance, and if possible in telegraphic communication.

COAST LUMBERMEN FIGHT RATE INCREASE

Newbro's Herpicide Aids Nature and Keeps the Scalp Clean From Dandruff

Reasonable care and effort are all that are required to enable almost any woman to have good hair. When the hair falls out and is stringy, uneven, dry, brittle and generally unsightly, the condition is nearly always due to dandruff. Before the hair will grow naturally and luxuriantly, the scale-like accumulation must be removed and the dandruff eradicated. That is what Newbro's Herpicide does. It is an aid to nature. Herpicide keeps the scalp clean, adds a softness and lustrine Herpicide and not some "off brand" said to be "just as good". It not only prevents the hair from falling out but causes it to become one of woman's greatest charms. Beautiful hair and lots of it may be the reward of every woman willing to devote a little personal effort to the use of the First and Original Germ-Remedy for Dandruff. Herpicide stops itching of the scalp. It has an exquisite odor. You can obtain a trial size bottle and booklet telling all about the hair by sending ten cents in postage or silver to The Herpicide Co., Dept. S, Detroit, Mich.

Your dealer sells Herpicide in two sizes, 50 cents and \$1.00, and guarantees satisfactory results or money refunded. Insist upon having genuine Herpicide and not some "off brand" said to be "just as good". The substitute costs you just as much as the real article. Why take chances? Herpicide applications obtained at the better barber shops and hair dressing parlors.
