

JUDGE CHARLES L. McNARY OF SALEM APPOINTED SENATOR TO SUCCEED HARRY LANE

Governor Withycombe Names West Appointee to Supreme Court Bench to Represent Oregon in the Upper House of Congress—Favors Prohibition and Suffrage.

SALEM, Or., May 30.—Charles L. McNary, who was appointed United States Senator last night by Governor Withycombe to succeed the late Senator Harry Lane, expects to leave for Washington tonight.

The new appointee has pledged himself to support the administration in the conduct of the war and to urge national equal suffrage and prohibition.

A tribute to the late United States Senator Harry Lane and the declaration that, while he believes the public welfare will be promoted by the return of republican principles, he will not go to Washington as a narrow partisan to oppose President Wilson, are embodied in a statement made by Chas. L. McNary, following his appointment to succeed Lane. McNary declared further that he will work in behalf of national woman suffrage, national prohibition and uphold any movement to suppress gambling in the necessities of life. His statement follows:

Senator McNary's Statement "In common with the people of Oregon, I sincerely regret the occurrence that made necessary the appointment of a senator. The death of Senator Harry Lane removed from public life a lovable and an aggressive character, whose ways were frank and open and who, under all circumstances, performed his duty as he saw it.

"I am deeply appreciative of my selection as United States senator by Governor Withycombe and am not ungrateful of the large responsibility the office enjoins. And while it is my belief that the public welfare would be promoted by a return to republican principles, I shall go to Washington, not as a narrow partisan to oppose President Wilson, but, on the contrary, to support the administration in every legitimate effort it may employ in ending the war to the credit of America and in bringing about a lasting and honorable peace to all of the nations involved.

What He Will Do "While what of time precludes any elaboration of the various matters that may engage my endeavors I shall enlist my efforts in behalf of national equal suffrage and national prohibition, as each of the principles has been adopted by the people of the state which I am selected to represent. I shall co-operate immediately with any movement which has for its purpose the suppression of gambling and speculation in the necessities of life, to the end that the consuming public shall pay a fair profit to the producer only.

"Knowing that I owe my state whatever service I may render prompts me to leave for Washington, D. C., within a day.

McNary's Past Life

Charles Linza McNary has been practicing law in Salem, Oregon, for nearly twenty years past. For two years he served on the state supreme bench and at present is chairman of the republican state central committee. He was born on a farm near Salem, June 12, 1874, the son of an Oregon pioneer, H. L. McNary.

Although always prominent in state republican circles, he was appointed supreme justice by Oswald West, a democratic governor, in 1913, at the request of the leading republican members of the legislature, who assisted in passing the bill creating two new judicial districts. The other appointment of judge by West went to a democrat. He was defeated for reelection by Judge H. L. Benson in 1914, by one vote. His appointment as senator was made by James Withycombe, a republican governor.

BERNE, May 30.—Hans Sulzer, who has been appointed Swiss minister to the United States, is leaving for Washington, his appointment having been approved by the American government.

BENSON PURCHASES PAVING PLANTS

PORTLAND, May 30.—"I have bought the right to lay Warrenite pavement for 20 miles and am negotiating to buy the entire patent rights for Oregon. When I obtain this right I will turn it over to the state without cost."

This announcement was made by S. Benson, chairman of the state highway commission.

"It won't cost very much—probably \$50,000," continued Mr. Benson, "and with the state having the right to lay this patented pavement without paying a cent of royalty, the opposition which has been made against the \$6,000,000 road bond issue on that ground will be eliminated.

"The cement trust has industriously circulated the report that patented pavements mean a great fortune in royalties, and this statement is absolutely believed by a number of people who are spreading the argument. They use this as a reason why the bonds should be defeated. To stop this talk, I have offered to purchase outright the state rights to the patent and turn it over to Oregon."

ROAD TO LEIBACH ITALIAN OBJECTIVE

WASHINGTON, May 30.—The Italian mission visited Annapolis today and later returned to Washington. Recent military events in Italy are being followed with the most intense interest by members of the mission who say that the fall of Trieste now is inevitable.

Triest, however, is viewed as a side issue to the main offensive which is now directed toward opening up the road to Leibach, which in turn opens the road to Vienna. Sharp mountains stand before the Italian advance and it is estimated it will cost 500,000 men to pass them. General Cadorna, it is thought, is seeking to avoid this loss by going around.

RAIN EXTINGUISHES MINNESOTA FIRES

DULUTH, Minn., May 30.—Rain last night extinguished forest and brush fires that have burned intermittently for weeks in this part of Minnesota. Bad fires, however, continue near the Canadian line. A message sent out last night from International Falls, Minn., on the border said:

"The forest fires in this region have destroyed 12,000,000 feet of timber owned by the Backus-Brooks interests. For miles in every direction the ground is parched. Everybody is praying for rain. Unless it comes soon, the timber losses will reach staggering totals."

CARDINAL MERCIER REBUKES GERMANS

LONDON, May 30.—A dispatch to the Daily Telegraph from Rotterdam says a new movement of the Rhine-land Catholics, ostensibly designed to renew relations between the German and Belgian Catholics has brought the following declaration from Cardinal Mercier, primate of Belgium:

"Catholics over the frontier who have not found a single word of disapproval for those who slaughtered people in Belgium and shot down priests—these Catholics who, for folded arms at the martyrdom of a people—now are singing hymns of brotherliness, peace and forgetfulness. For it is our duty to press for the restitution of violated rights, punishment for the guilty and means to make a repetition impossible.

EXPECT TO REGISTER ALL ON TUESDAY

WASHINGTON, May 30.—Despite anti-conscription agitation in many cities which department of justice officials suspect as German propaganda, the department expects virtually all men between the ages of 21 and 30, inclusive, to register for the war draft next Tuesday. To insure this, further steps were taken today looking to the prosecution of persons seeking to hinder registration plans and to the detection of those who may avoid registering. Criminal action is likely to be taken against slackers and United States marshals and attorneys have instructions to watch closely for indications of anti-registration conspiracies and to assure the protection of registrars.

FRENCH LAW AIMED AT PEACE CONFERENCE

PARIS, May 30.—A bill which has reference to the decision of the French socialist to take part in the international socialist convention at Stockholm was introduced in the chamber of deputies today by Paul Pagnies-Conti. It provides that "whoever concludes or attempts to conclude any convention or negotiations of political, diplomatic, military, economic or social character, aside from the constituted governmental authorities, either with subjects of an enemy power or with an assemblage embracing a foreign enemy, shall be punished with five years imprisonment and a fine of 10,000 to 50,000 francs."

We wish to correct the mistake made in mentioning the farmers' meeting to be held in Gardner's hall. As it is it will be at Cooper's hall instead as since Mr. Shaddock has returned to San Francisco there is no one to look after the Gardner hall.

Roy Green is in Medford undergoing medical treatment for an injury received in a mine some time ago.

Wayne Wyland of the Meadows was thru this precinct Monday looking for some stray cattle. He states there is much moisture in the soil in his district and is so cool that gardens are very scarce.

ASHLAND AND VICINITY

The Ashland Liberty Loan committee has been organized. About a score attended the preliminary meet-

ing. Its aim is to encourage the sale of Liberty bonds in behalf of the government. V. O. N. Smith, of the Citizens Bank, is chairman, and J. W. McCoy, of the First National Bank, is secretary. As a means of financial enlightenment regarding the colossal loan and the imperative needs which are facing the government, the canvass will be actively presented to churches, lodges, clubs and various other affiliations. The Business Men's association will be represented by C. H. Vaupel; churches, Revs. Douglas and Vine; commercial club, Frank Jordan and H. O. Frohback; Civic Improvement club, Mrs. W. M. Barber; Auxiliary club, Mrs. A. W. Beslough; Red Cross, H. L. Whitted. The list will be extended until all city and suburban residents will be thoroughly conversant on bond lore at first hand, many investments being expected on the installment payment plan.

Annual Memorial Day services at the Baptist church last Sunday were attended by First Company in a body. The following are the places for the war census registration on Tuesday, June 5: Boulevard precinct, 678 Boulevard; East Central, city hall; West Central, McCarthy building, corner Main and Granite streets; East Main, East school; Oak street, Paulson building; North Ashland, rooms near Nims & Saunders store; East Ashland, fire station at city hall; Southeast Ashland, 1296 Iowa street; Northwest Ashland, West school. Every man must register if he has attained the age of 21 years on June 5, and has not attained the age of 31 on that date. If a man between the ages of 21 and 30 years, inclusive, is crippled or otherwise unfitted for military service, that fact does not excuse him from registering on war census day. Provision is also made for registering those who are temporarily ill.

Beans have not yet become a legal tender in local stores as is reported to be the case in some places, the banks refusing them for deposit because they won't stack. For barter and exchange, however, they command a premium at any of the business houses.

Prof. Irving Manatt has returned from New York City for his customary summer vacation in southern Oregon.

The Men's Social Service league met at the Methodist church on Tuesday evening. The principal topic of discussion was over the measures to be voted upon June 4, notably the \$6,000,000 road bond issue. They might have added the selective draft issue which needs to be discussed also in order to be well understood.

Abner Weed, founder of the town of Weed, is dangerously ill and his life is despaired of. He has been a California state senator and operated extensive lumber industries before selling out to the big interests.

The Southern Pacific, in issuing instructions to its 45,000 employees regarding the purchase of Liberty bonds on their account, payable to the railroad company on the installment plan, sets forth that an amount not exceeding 25 per cent of the yearly salary of any given employe will be advanced to retain the bonds as collateral security until the same are paid for in full. Repayments are to be made on the scale of \$2 per month for a \$50 bond; \$4 per month for \$100 bond; \$20 per month for \$500 bond; \$40 per month for \$1000 bond. Minor conditions are also imposed as to interest charges and contingencies regarding deferred payments.

The latest phase of boosting in an effort to augment the big crowds already promised for the roundup celebration period, is to enlist residents of the Coos Bay district to join the procession in a body. Recent developments indicate that not only a special car or two, but a whole trainload of excursionists will come here in July.

Homer H. Elkart, local druggist connected with Poley's pharmacy, and secretary of the Ashland Business Men's association, was married on Sunday, May 27, to Miss Bessie Newton, a student of O. A. C., at Corvallis, who formerly resided at Gold Hill. The wedding trip will include a visit to relatives in Idaho.

Memorial Day was generally observed. The customary parade was formed on the plaza at 9 a. m., the Grand Army, Relief Corps, band, First Company, Red Cross and other organizations, also school children participating. In the afternoon there was a patriotic gathering at the armory. Representative C. M. Thomas being among the speakers. At the Vining in the evening spirit of loyalty was further fanned into full flame.

June 3 has been designated by the governor as "Prison Day" invoking on that date the kind offices of all citizens who desire to see many existing conditions as affecting convicts either ameliorated or banished entirely.

Ward Hammond is clerking at Poley's pharmacy during the absence of Homer Elkart on his wedding tour.

In linking up his free auto camp grounds with those of Ashland and

other valley points in the system, Grants Pass has enlarged its unit to a ten-acre tract, bounded by the Pacific highway on one side and Rogue River on the other. Five stone fireplaces have been installed, and 15 lots each 50x100 feet have been staked off for convenience of campers. Ashland remains the only unit in the group where gas service is available, a battery of gas plates being installed in a roomy kitchenette at the camp in addition to others on the picnic grounds.

A box party with attendant literary and musical program, a dance being included, were the attractions afforded by the Rebekahs in conformance to the observance of a fifth Tuesday in their calendar, May 29.

A composite people is represented by the names occurring in the average high school graduating class, and that of Ashland for 1917 was no exception. Among 49 names, Americans led overwhelmingly, with a small representation from hyphenated Irish, Scandinavian, French, German and Italian families.

Reports from Grants Pass indicate that all the physicians in that town, also one horse doctor, have enrolled in the government medical corps, subject to emergency call from either army or navy. Ashland might fill a few of these vacancies from the various schools of the profession.

BORN TO SERVE MANKIND.

(Continued from Page One.)

because the struggle into which we have now entered is an American struggle because it is in the sense of American honor and American rights but it is something even greater than that; it is a world struggle.

Struggle for Liberty.

"It is a struggle of men who love liberty everywhere and in this cause America will show herself greater than ever because she will rise to a greater thing. We have said in the beginning that we planned this great movement that men who wish freedom might have a place of refuge and a place where their hope could be realized and now, having established such a government, having preserved such a government, having established such a government, having in preserved such a government, having vindicated the power of such a government, we are saying to all mankind 'we did not set this government up in order that we might have a selfish and separate liberty, for we are now ready to come to your assistance and fight out upon the fields of the world the cause of human liberty.' In this thing America attains her full dignity and the full fruition of her great purpose.

Action Alone Great.

"No man can be glad that such things have happened as we have witnessed in these last fateful years, but perhaps it may be permitted to us to be glad that we have an opportunity to show the principles that we profess to be living, principles that live in our hearts, and to have a chance by the pouring out of our blood and treasure to vindicate the things which we have professed. For, my friends, the real fruition of life is to do the things we have said we wished to do. There are times when words seem empty and only action seems great. Such a time has come and in the providence of God America will once more have an opportunity to show to the world that she was born to serve mankind."

DECIDE YOURSELF

The Opportunity Is Here, Backed by Medford Testimony.

Don't take our word for it. Don't depend on a stranger's statement. Read Medford endorsement. Read the statements of Medford citizens.

And decide for yourself. Here is one case of it.

Edwin J. White, prop. dairy business, 322 E. Main St., Medford, says: "I was nearly laid up with an attack of lumbago. It came on without any warning and I thought by back was broken. I couldn't straighten up and went about all bent over. A friend advised me to take Doan's Kidney Pills, which I did, and soon I was able to get about. It required only one box to fix me up in fine shape and since then I have never had any trouble with my back and kidneys."
