The Ashland authorities after an investigation exonerated A. J. Van Waning, the Medford agent of the Southern Pacific, from any blame in connection with the accident in that city last Friday in which 12-year-old Max Goldman suffered a broken leg and minor injuries. Mr. Van Waning was motoring in Ashland and was passing along Grant street when the boy came coasting down the street and before Van Waning could stop the car, crashed into it. The boy is in the Ashland hospital. Inasmuch as his parents are very poor, Mr. Van Waning volunteered to pay the hospital bill.

LASSEN PEAK IN VIOLENT ERUPTION

REDDING, Cal., June 4.—A violent eruption of Lassen peak, which was preceded by a subterranean explosion felt for miles around, occurred here early today. The volcano sent forth a black ashy cloud of great volume which obliterated the sun for more than one hour when it was blown southward by a high wind. The eruption was apparently growing in activitw with unprecedented rapidity.

CHICKS READY AT FEDERAL INCUBATORS

The 5000 eggs in the electric incubators in the federal building began hatching out late Sunday night and by tomorrow morning the hatching process will be completed. Hundreds of chicks were peeping in the incubators today.

The people who brought eggs to be hatched out in the incubators just 21 days ago can come today to get their chicks, Assistant Postmaster Warner announced this noon. They are requested to come between the hours of 8 a. m. and 12 o'clock, noon.

DIED

ACKLEY—Lorenzo Dow Ackley, retired, died at his home, 604 North Riverside, at 2 a. m. Monday, June 4, from Bright's disease, aged 68 years, 9 months and 24 days. He was a native of Ohio and had been a resident of Medford for the past 9 years, having come here from Tillamook, where he resided for many years. Mr. Ackley was one of the pioneers of Oregon, having crossed the plains to this state in 1854. He is survived by his wife, Mary Jane, and nine children; Leroy E. and Miss Nellie and Mrs. Iva Frederick, of Medford, Ralph of Portland, Claud and Mignon and Bertha Williams of Tillamook, Harry, who is a soldier in the army, and Mrs. Myrtle Williams of Turlock, Cal.

The remains will be taken to Tillamook tomorrow morning for burial, accompanied by Leroy E. Ackley. The funeral services will be held at Tillamook.

NORTON—Everett Norton, a private in Company I, Third Oregon infantry, whose home was at Woodburn, Ore., died at the Sacred Heart hospital late Saturday night of septisima. He was aged 20 years, 11 months and 27 days. His parents, from Woodburn, were at the bedside at the time of his death. The body was taken back to Woodburn Sunday, accompanied by Sergeant Murray, and the funeral will be held at that place tomorrow afternoon. Private Norton for a long time had been subject to tonsilitis and was ill much of the time since the company has been stationed in Medford. Following an attack of tonsilitis he was confined to the hospital with the measles. He had recovered from the measles and had only been out of the hospital ten days when a week ago Sunday he went back to the hospital again with another attack of tonsilitis. Blood poisoning set in which resulted in his death Saturday night.

NO INCONVENIENCE IN READJUSTMENT OF TRAIN SERVICE

No serious inconvenience will be occasioned the public by the readjustment of the railroad service to meet the needs of the government. This assurance was telegraphed from New York by Julius Krutt-schmitt, chairman of the executive committee of the Southern Pacific company and member of the war board. The message will serve to allay apprehension of the general public that passenger service will be radically curtailed. Mr. Kruttschnitt's telegram indicated that the railroad war board has done nothing more than suggest avenues of inquiry and investigation to determine means to increase transportation efficiency. The positive statement has been made that the board has neither directed or suggested that the roads reduce passenger service to the extent of seriously inconmmoding the public.

So far no reductions in passenger service has been made beyond some in local and commuting service on eastern lines and this it is pointed out should not cause alarm to any one. The meeting of traffic men in Chicago June 5th is for the purpose of considering only the elimination of such service as constitutes duplication or unnecessary facilities. At the Southern Pacific headquarters in San Francisco it was declared that no one need have any worry as to interference with summer plans.

WEDDING BELLS

Isaac Peterman, 21 years of age, and Miss Alma Wyland, 18 years old, both of Beagle, were united in marriage on Sunday afternoon, June 3rd, at 3 o'clock, in the front parlor of the First Presbyterian church, Rev. Alfred A. J. Hogg performing the ceremony. The wedding was private, only the bride's parents and two sisters witnessing the ceremony. After a short wedding trip to Portland Mr. and Mrs. Peterman will make their home in Ashland.

At the home of Rev. Frederick W. Carstens, 428 West Fourth street, James G. Perdue and Miss Grace Ruth Boardman were married Sunday afternoon. Rev. Frederick W. Carstens officiated, using the brief but impressive ring ceremony. Mrs. Carstens, Wanita Carstens and Mr. Boardman witnessed the marriage.

Both Mr. and Mrs. Perdue are well known about Central Point, where a wide circle of friends wish them success and happiness.

Mr. Perdue undertook to establish his residence in Dorris, Siskiyou county, California, some weeks ago, but found it necessary to return to Central Point to register on Tuesday. When this is done he and Mrs. Perdue will go to Dorris where their home will be.

Mr. Perdue is very patriotic. He says he hopes he may not have to go to war, but that if he is called and his services are needed, he will be glad to respond. He decided to take the girl of his choice before this happened, however.

SELL PATENTS FOR V-PLEX CYLINDER RINGS FOR $70,000

Claire Whiteman and James Gregg of Medford, owners of the patents on the V-Plex ring, have sold out to a firm composed of eastern capitalists for $70,000.

The new firm will be known as the V-Plex Ring company of Chicago, and have already taken over the local factory and in addition will manufacture the rings in Chicago. A. L. McCloud, president of the new company, who came here to close up the deal, stated that the local factory would be increased in size, new machinery would be ordered, and that the territory west of the Rocky mountains would be supplied from the Medford plant. The Chicago factory will be fitted up to take care of the trade east of the Rocky mountains and will have a capacity of many million rings a year.

This is made necessary because the local factory could not supply the demands promptly.

Claire Whiteman for the present will be manager of the Medford plant.

James Gregg has purchased a Chalmers and will take an overland trip back to Dayton, Ohio, expecting to be gone for three months, spending the time in the open endeavoring to build up his failing health.

At the end of that time he will return to Medford and he and Mr. Whiteman will start another factory in Medford to build a new model 2-cycle gasoline engine, upon which they have obtained patents. They think they have solved the difficulties of this type of engine, and expect to enter into its manufacture on a large scale, after their preliminary tests have been made.

AUTO PARTY HAS NARROW ESCAPE

A young man from Grants Pass and several girls from Gold Hill had a narrow escape from serious injury or death Sunday afternoon when the automobile they were in plunged thru the railing at the top of the Kane Mill hill on the outskirts of Ashland and started down the steep embankment. The car only went a few feet, however, when the front wheels caught in a deep impression which stopped the descent.

The license number of the car was 21807, and the car with this number is registered as belonging to Mrs. Laura Spencer of Grants Pass. The young man with the car, who at first refused to give his name, finally said he was Earl Smith of Grants Pass. The girls refused to give their names. They had been picked up at Gold Hill by the young man when he passed thru that city.

It is said one of the girls was driving the car when she lost control and the car plunged down the hill.

Everywhere under the sun—
wherever roofs are laid—
Certain-teed stands for these two things:

Efficiency Economy

CERTAIN-TEED roofing is the most efficient and economical type of roof for factories, office buildings, farm buildings, garages, etc., because the first cost is less than that of metal, wood shingles, or tar and gravel. This is particularly so now, because of the present high prices of some of the materials. CERTAIN-TEED costs less to lay than any other kind of roof. It will not rust, is not affected by fumes, gases and acids, coal smoke, etc.; it is light weight and fire retardant. Every rain washes it clean; and it does not melt or run under the hot rays of the sun, nor can it clog gutters and down spouts.

Certain-teed
Roofing

is the best quality of prepared roofing. It pays to get the best. The only difference between the first cost of a good roof and a poor one is in the materials—the labor, freight, etc., costs the same in both. As CERTAIN-TEED Roofing is guaranteed for 5, 10 or 15 years according to thickness (1, 2 or 3 ply) it will be in splendid condition years after a poor quality roof has to be replaced.

For residences, Slate Surfaced Asphalt Shingles have all the advantages of CERTAIN-TEED Roofing, plus artistic beauty; not bulky, and are uniform in weight, quality and appearance. They need no paint, are pliable, eliminate waste and misfits, cannot curl, buckle, rot or crack. Guaranteed for ten years. Investigate CERTAIN-TEED before deciding on any type of roof. For sale by dealers everywhere.

Certain-teed Paints and Varnishes

are good, reliable products made by experienced paint men, who have at their command all the machinery, equipment, materials and resources necessary to manufacture good paints and varnishes economically—as well as the extensive selling organization and warehouse system of the Certain-teed Products Corporation, which materially reduces marketing costs. Guaranteed to give satisfaction.

It will pay you to see that you get CERTAIN-TEED Paints and Varnishes. Any good dealer can sell them to you or get them for you.

PRETTY MOTHERS

No woman, in the joy of coming motherhood, should neglect to prepare her system for the ordeal she is to undergo. Experienced mothers say that it is much better to keep your health and good looks during the period of expectancy than try to regain them afterwards.

"Mother's Friend" is a preparation for just this purpose. By its use the muscles of the abdomen become pliant; the strain on the cords and ligaments is lessened; the breasts are kept in good condition, and great comfort is had throughout all the period.

Thousands of happy mothers say that "Mother's Friend" is the greatest aid they know to relieve the pain and distress at childbirth. Secure a bottle of "Mother's Friend" from your druggist now. The complete directions are to be had with every bottle. Write for a special book for the expectant mother. Address Bradfield Regulator Co., Dept. L, 445 Atlanta, Ga.

MOTHER'S FRIEND

Not an Army---A Nation

"ALL must pursue one purpose. The Nation needs all men, but it needs each man—not in the field that will most please him, but in the endeavor that will best serve the common good."

Those who will tomorrow list themselves as eligibles to their country's defense shall be the honored of honored of all men.
