

TOBACCO FIRMS FINE EXAMPLE OF PATRIOTISM

The John Bolman company, Pacific coast branch of the Liggett & Myers Tobacco Co., has set a good example to employers of labor for patriotism.

The company feels assured that this action, taken not only to assist the government in the sale of bonds, but to make it possible for a large number of its employees to purchase bonds under more favorable terms than the government can offer, will result in tens of thousands of dollars being subscribed by employees of this company.

Furthermore, the company has notified its employees that it will arrange to take care of the families or dependents of those enlisting in the army or navy during the period of such service, by way of paying all or as may seem equitable—all circumstances considered—and in any event, will see that positions are open for them at the expiration of their service, at salaries not less than they now receive.

The company has insured the lives of all its employees free of charge—such insurance to expire with the termination of employment. On this point the company has notified its employees that termination of employment by enlistment in the army or navy will not cancel the insurance policy, but instead, that the full amount of insurance will be carried for each employee during his term of army or navy service.

DOLL BABY PARADE TO BE A BIG EVENT

The big feature in connection with the patriotic carnival this week will be the doll baby parade by the little folks at 7:30 Thursday evening starting at the city park and ending at the Seventh company arch across Main street.

The prize is a big 36-inch kid body doll for which the soldier boys have paid \$15.00. This doll will be presented by the judges at the close of the parade to the little tot having the most beautifully decorated doll and buggy in the parade.

The feature of the carnival is to be conducted exclusively by the 7th company boys and all details will be handled by them. In addition to the valuable and beautiful doll to be given, the carnival management will present each participant in the parade with a complimentary ticket to the dog and pony show, Monksville hotel, ferris wheel and the merry-go-round.

Since the announcement of the doll baby parade a few days ago in the newspapers a great many enquiries have been made at the Sun office, where any further information may be secured. From indications there will be in the neighborhood of fifty participants in the parade.

The doll is now on exhibition in the Book Store window, where it is attracting a great deal of interest by the little folks.

You Need Not Suffer From Catarrh

You have probably been in the habit of using external treatments to relieve your catarrh. You have applied sprays, washes and lotions to the mucous surfaces of the nose and throat, and then wondered a short time after, why you were troubled with another attack of catarrh.

You should realize that catarrh is an infection of the blood. This fact has been agreed upon by specialists in catarrh troubles, and has been proven in the laboratories of the Swift
