

DEADLOCK EXISTS IN CHINESE CRISIS OVER REVOLUTION

PEKING, June 12.—Conflicting opinions as to President Li Yuan Hung's proper course of action in the present political crisis were given today by Dr. George Morrison, a British subject and general adviser to the president and by Professor Nagao Ariga, Japanese adviser to the president, who were called on by the executive for advice. President Li Yuan Hung has taken no definite action in response to General Chang Hsun who recently arrived at Tien Tsin with a body of troops and demanded that the president dissolve parliament.

The president is endeavoring to procure the counter signature of Li Ching Hsi to the mandate for the dissolution of parliament which he has drawn up. Whether Li Ching Hsi will agree is doubtful. The situation is at a deadlock. (Li Ching Hsi was nominated as premier last month but refused to accept. Dr. Wu Ting Fang, acting premier, has declined to countersign the president's decree.)

The Kuo Min Tang (democratic party) which heretofore has supported the president, is now deserting him owing to his failure to take strong action.

PHONE USED TO SPEED BOND SALE

SAN FRANCISCO, June 12.—The liberty loan committee for the Twelfth federal reserve district, with headquarters at San Francisco, today redoubled its efforts to dispose of the remainder of the district's quota of the bonds before Friday night, when the subscription closes.

As a feature of the campaign, a telephone "endless chain" is planned. Friends of the issue are requested to call up five acquaintances, ask each whether he or she has subscribed to the loan, and also ask each to call up five others in turn.

Secretary McAdoo today telegraphed Chairman Kains, governor of the federal reserve bank, urging greater efforts to insure success and stating that a "failure to subscribe the loan is not to be contemplated. It would be a national calamity and wholly unnecessary."

COMPLETE HEARINGS ON RATE INCREASE

WASHINGTON, June 12.—The interstate commerce commission today completed its hearings on the 15 per cent freight rate increase asked by railroads of the country to become effective July 1. The amount involved is estimated by shippers at \$300,000,000.

Charles Donnelly, chief counsel for the western railroads, opened today's arguments by saying that several important western lines would be obliged to reduce, if not pass, their dividends in the near future if the proposed increase is not granted.

IOWA TOWN, PELLA BREAKS BOND RECORD

WASHINGTON, June 12.—To the town Pella, Iowa, has fallen the honor of the largest over-subscription to the allotment of any one community, it was announced today. The town has a population of approximately 3000 and subscriptions thus far amount to \$123,000, an over-subscription of more than \$33,000.

GIRLS HONOR GUARD TO MEET TONIGHT

All girls of the Honor Guard desiring to take the course in shorthand are asked to meet at the public library Tuesday evening at 7:30 o'clock. This is the first meeting of the class and any girl not previously enrolled may do so at this time.

Classes in automobile driving will be given Wednesday evening of this week at 7:30 o'clock. The girls are asked to be prompt in attendance.

The corps will meet at the garages as follows:

- Corps 1—Young's garage, South Bartlett street.
- Corps 2—Pacific Highway garage, South Bartlett street.
- Corps 3—Crater Lake Motor Car company, North Fir street.
- Corps 4—Walker's garage, Fir street.
- Corps 5—Bernard Motor Car company, North Front street.
- Corps 6—C. E. Gates, Main street.

NEW TYPE OF AMERICAN SHIP UNLOADS, FRANCE

PARIS, June 12.—A correspondent of the Journal describes a visit aboard the first American ship of a new type which recently arrived at a French port. He says a steamer which he calls "J" belongs to a class of vessels which accompany the squadron far from its base and are capable of keeping it constantly supplied with food, coal and materials for repairs. The "J" did not come alone but was accompanied by one of the new boats constructed for the pursuit of submarines.

The "J" brought thousands of tons of wheat flour in miscellaneous cargo, the correspondent says, and a veritable mountain of medicine and surgical dressings. A huge electric crane on the deck keeps unloading the cargo to waiting trains aligned along the quay.

A large number of German and Austrian prisoners assist in unloading the "J," looking with surprise and saddened faces at the Stars and Stripes waving above this formidable instrument of war which had come so far to insure the defeat of their country.

AIRPLANES SOLVE U-BOAT PROBLEM

WASHINGTON, June 12.—Rear Admiral Robert E. Peary told a subcommittee of the senate military committee today that the airplane was the cheapest and quickest answer to the submarine and that if 1000 airplanes were sent abroad they would do more to curb the submarine menace than anything else that could be done.

"With the same concentration of effort as Von Tirpitz exerted to develop the submarine in Germany, I think we will have an answer to the submarine and a quick decision of the war," he declared.

Admiral Peary appeared in support of a bill to establish a department of aeronautics with a place in the cabinet.

The general opinion among experts, he said, is that the war will be decided in the air and that soon airplanes will be fighting in brigades of from 500 to 1,000 fliers.

SEATTLE BEHIND IN LIBERTY LOAN BONDS

SEATTLE, June 12.—Seattle's subscription to the Liberty loan bond issue passed \$5,000,000 yesterday, and with three days of the campaign period remaining the loan committee is hopeful of bringing the total up to \$8,200,000, the amount allotted to the city.

W. G. TAIT NAMED LEADER OF RED CROSS CAMPAIGN

A number of Medford people interested in the Red Cross campaign to raise \$15,000 in Jackson county met at the Public Library last night and after the purposes of the Red Cross had been outlined by Lincoln McCormack who represented Medford at the recent state meeting in Portland, the following committee were named: General chairman, William G. Tait, president of the First National bank.

Executive committee, W. A. Folger, C. B. McDonald, and Lincoln McCormack. Campaign manager, T. E. Daniels. Publicity committee, George Putnam, R. W. Ruhl, and a third member to be selected by Campaign Manager Daniels.

It was decided to have five campaign teams of five members each to cover Medford, and one team of five members in each of the outlying districts in the county. Mayor C. E. Gates presided at the meeting and after a few remarks introduced Mr. McCormack who outlined the purposes of the Red Cross campaign as printed previously in the Medford papers.

A large mass meeting for the Red Cross campaign is planned for next Monday night, June 18th, when Edgar B. Piper of the Portland Oregonian will be the principal speaker. It is planned to raise the \$15,000 in one week,—from June 18 to 25th.

Eugene Has Block of Liberty Bonds. EUGENE, June 12.—Two local banks and customers have purchased liberty bonds to the amount of \$80,000. The total, according to a bank official, will likely reach \$150,000. One customer took a \$12,000 bond, the amounts ranging down to \$50.

SEAMEN'S UNION HOLD-UP DELEGATES TO PEACE MEET

LONDON, June 12.—The holding up of the socialist labor delegation to Russia by the seamen's and firemen's union is causing a good deal of ferment and occupies a considerable space in the papers. There is a sharp conflict of opinion and amass McDonald and Frederick W. Jowett, the heads of the delegation, have received strong support from the Glasgow trades council.

The trades council has telegraphed to the premier, the shipping controller, the foreign minister and the labor party, protesting against the hold-up of the delegation and saying, among other things:

"The action of the seamen's union may cause labor unrest." Meetings were held through Glasgow last evening, at which the attitude of the council was endorsed.

Several of the morning papers confirm the report that MacDonald and Jowett have signed a guarantee that they would insist upon restitution to allied merchant seamen for murder and destruction committed by German submarines. The papers say, however, that the labor delegates opponents declare that their action has come too late. President Wilson of the seamen's union is also quoted as saying:

"The view of the union has been modified owing to the seamen's distrust as to the fulfillment of the guarantee. They further demand an apology for insults offered at the league's conference, where they were refused a hearing and denunciations of the submarines were scoffed at." It is reported further but not confirmed that MacDonald and Jowett have gone to another port. The union has ordered a strict watch on all harbors. Another rumor is that the delegates will cross the North sea in an airplane.

ARTHUR W. COPP, OF A. P. IS DEAD

WASHINGTON, June 12.—Arthur W. Copp, superintendent of the southern division of the Associated Press, died here today of a complication of diseases after a lingering illness. He was 49 years old.

Before coming to Washington, Mr. Copp had been superintendent of the western division at San Francisco and before that had served the Associated Press in many places in many capacities. Entering the service as a telegrapher nearly 25 years ago, he had risen to superintendent of division.

Twenty years before, as an Associated Press correspondent he had served in Cuba during the Spanish-American war.

Mr. Copp was born in Madison, Wis., where he will be buried. He was unmarried. His brother, J. M. Copp of Madison, was with him when he passed away.

CANADA TO ADOPT SELECTIVE DRAFT TO KEEP UP ARMY

OTTAWA, June 12.—A bill for compulsory military service by Canadians between the ages of 20 and 45 years was presented in the house of commons today by Sir Robert Borden.

The premier said that on January 1, 1915, he had authorized the enlistment of 500,000 men for overseas service and the offer was taken as a pledge that the number would be raised.

Under the voluntary system more than 400,000 men had been raised and their presence had brought glory to Canada, he declared. Lately the number of men volunteering had fallen off, while the demand for men had increased, Sir Robert explained.

To date Canada had suffered casualties to the number of 59,000. There were under arms enough Canadians to supply reinforcements for some time to come, but for military reasons he could not say how long.

During the next seven months, to keep four Canadian army divisions in the field, the enlistment of 70,000 men was needed and to keep five divisions in the field 84,000 men were needed. There was a greater number of suitable men in Canada. It had been decided that they should be brought to arms by compulsion. All Canadians, under a law which had been on the statute books for 49 years, were liable for the defense of the country and liable to be sent abroad if the government decided that in defending the country they should fight beyond its boundaries.

Today the first line of Canadian defense was in the North Sea with the British fleet and in the trenches of France with the Canadian divisions.

GERMAN U-BOAT IN SPANISH PORT

CADIZ, Spain, June 12.—The Spanish torpedo boat number 6 this morning discovered the German submarine U-52 disabled from gunshots which had struck her engines. The submarine was towed into Cadiz and stripped of her wireless apparatus.

Repairs to the German submarine will take at least two days, but it is believed the vessel will be interned. The submarine is of 450 tons and carries a crew of 20. It is equipped with two torpedo tubes and two rapid fire guns.

AMBULANCE DRIVERS ARRIVE IN FRANCE

BOULONGE, June 12.—Another installment of the vanguard of the American army has arrived in France in the form of 150 ambulance drivers and 75 nurses. Preceded by a British military band, they marched thru the streets to their quarters amid the enthusiastic cheers of the population.

HOW do you know when dinner's ready? "Your Nose Knows"

Trust that same sense of fragrance in the selection of a tobacco. Get its flavor! Whiff it close to your nose. Its pure fragrance will appeal. It will always satisfy—"Your Nose Knows."

Such a tobacco is

Tuxedo

The Perfect Tobacco for Pipe and Cigaretta

And the reason is that TUXEDO is made of the most fragrant leaves of the tobacco plant, the tender Burley leaves—ripened in Blue Grass sunshine, mellowed and carefully blended. There's no fragrance like it—no fragrance so pure and appealing. Put it up to your nose—"Your Nose Knows."

Try this Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—"Your Nose Knows"

This is FISK TUBE WEEK

THE best time in the year to safe-guard your casings for the coming season. You can't afford to chance ruining perfectly good casings with worn-out tubes. Forestall inconvenience. See to it that your tube equipment is right and ready to meet all the conditions of summer driving. Replace all your old tubes now—before Fisk Week goes by.

How long has it been since you examined your tubes? Look them over carefully and replace any which you are not sure will stand the strain.

New Fisk Tubes NOW will give you better tire satisfaction and lower upkeep costs for the balance of the season. This is the time to buy.
