

AMERICAN TANK SHIP PETROLITE SUNK BY U-BOAT

Standard Oil Steamer Victim of Submarine—One Boat Landed, Two Missing—Vessel Fired Upon Two Years Ago by Austrian Submarine—Carried Crew of 38.

WASHINGTON, June 12.—The American steamer Petrolite has been sunk by a German submarine.

Consular reports which brought news of the disaster today said one boat with 18 men, the third mate and the chief engineer, had been landed and two boats with an unstated number of men missing.

The time and place of the attack were not given in the dispatch.

Shelled Before. The Petrolite, a tank steamer, first figured in the news nearly two years ago, an attack upon her by an Austrian submarine threatening diplomatic relations between the Vienna government and the United States.

The submarine sent a crew aboard the vessel and removed a large quantity of supplies. She then was permitted to proceed.

The incident was the subject of a series of notes between the United States and the Austrian government.

NEW YORK, June 12.—The Petrolite, a vessel of 3,710 tons, owned by the Standard Oil company of New York, left here April 30 for Savona and Leghorn, Italy. The vessel was in command of Captain Thomas H. McKellum and carried a crew of 38 men, of whom 10 were Americans.

Former German Ship. The Petrolite was formerly the steamship Excelsior, under the German flag and was transferred to American registry with other ships of the Standard Oil fleet early in the war.

The Standard Oil company said today they had received word from Gibraltar that the Petrolite touched at that port yesterday on the return voyage from Italy to America. They had received no details of the sinking.

Our Country Calls to You to Do Your Share to Save Her—Buy Liberty Bonds

BY FREDERIC A. DELANO. Member of the Federal Reserve Board.

More than a century ago our forefathers fought for liberty and for the freedom of the seas. Weak tho we were in numbers and resources, they fought the greatest power in the world and won a victory.

Half a century ago we fought a bitter contest to maintain the principles of the constitution and preserve the Union.

Now we are face to face with the reaffirmation of some of these same principles for the benefit of the world. For the first time in over 50 years, the nation calls upon every American—man, woman and child—to do his share. For the first time in the lives of most of us we are asked by our government to help. Ten million young men have registered their names for the country's service. The overwhelming majority of these men did this willingly and cheerfully, but they are, in addition to this, some seventy million people of mature age, many of whom have volunteered for military service and a great majority of whom would be glad to register their names and offer themselves to the government for such service as they might be fitted.

In the great cause we have before us every one can do something. Indeed, people are coming to Washington by the hundreds, offering their services to the government freely and generously, but at the present moment, next to the service of the soldier in the field, there is no service that can be rendered equal to that of supporting the government loyally and enthusiastically.

The government is offering the people a bond issue of two billion dollars. This means that every man, woman and child, to do his pro rata share, should subscribe to \$20 worth. It means that the average father of a family should subscribe to \$100 worth. Let us not fall into the mistake of assuming that somebody else will do his duty and more than his duty; that somebody else will subscribe to these bonds, and that they will be oversubscribed. Let us be sure that we, every one of us, are doing our duty. This is a matter for each individual to decide for himself. Do not wait. The date of the closing of the subscriptions is near. Do not let your neighbor alone bear the burden of the war. Be prepared to contribute your share, and if you cannot be a soldier of the army be a soldier of the treasury. Subscribe to the Liberty Loan.

EAGLE POINT EAGLETS

By A. C. Howlett

Grandma Curtice celebrated her eighty-eighth birthday last Wednesday. She has been in the habit of having the old people among her acquaintances in town join with her on these anniversaries, and the most of them would bring in some little keepsake for her to cheer her along "life's rugged way" but as her granddaughter, Mrs. Walk of Gold Hill was just getting ready to start for San Juan, Calif., and they were all more or less excited over the event her daughter, Mrs. Charles Painter, concluded to dispense with that this time but there were quite a number of her old friends who remembered the date and went in to tender congratulations.

Frank Neil of Derby was among the business callers Wednesday.

Henry, Tom and Lee Farlow of L. C. and Dean Terrill of Brownshoro drove into the Sunnyside yard with a truck load of salt and deposited it in the granary for safe keeping and to have it handy to take from here up to the range or rather to the places of deposit, for the salt belongs to the Butte Creek Stock association and the association buys a few tons of salt in the summer, takes it up to a convenient place and then each member of the association takes his turn and goes out on the range to distribute the salt at the regular salting stations.

Mrs. Joe McKee of Prairie City, and Mrs. Barr and Miss Mahel Thompson and Misses Helen and Leah

Butler brought in the wool off of fourteen sheep and received \$65 for it.

Among the passengers on the P. & E. Saturday morning were Mr. Shartrean and son, Mr. and Mrs. Cagator, Sr., Mr. Swihart of Derby, Mr. Hawk, E. A. Blidreth, Mr. and Mrs. Watson of Butte Falls. Mrs. W. was going home from the G. S. hospital in Medford, where she had been operated on. Mr. and Mrs. Lungale of Jacksonville, Mrs. James B. E. Mr. and Mrs. Mills of B. F. and Wm. Welch of Asbestos.

Since my last report in addition to the sub. to the D. M. T. of Robbie Pelouze, S. F. Coy, T. F. Boltz and W. M. Von der Hellen have renewed their subscriptions to the Daily Mail Tribune and W. P. Morgan, who lives on the road between here and Trail, gave me his sub. to the D. M. T.

Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lock jaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus. You simply apply a few drops of freezone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain. This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin. If your wife wears high heels she will be glad to know of this.
