

PARIS TENDERS GREAT OVATION TO AMERICANS

Pershing's Reception a Continuous Succession of Enthusiastic Demonstrations—Napoleon's Tomb Visited—Presented to President Poincare—Joffre Accompanies Party.

PARIS, June 14.—The first day spent in Paris by Major-General Pershing was a continuous succession of enthusiastic demonstrations. Great throngs filled the Place de la Concorde early in the day, hoping to catch a glimpse of the Americans. Hundreds of French soldiers on leave from the front mingled in the throngs and gave hearty greetings to the troopers of the Second Cavalry, who accompanied General Pershing. A large American flag waved over the general's hotel and everywhere the French and American colors were intertwined.

One of the first events on today's program was a visit to Napoleon's tomb. After a brief ceremony, General Pershing made a formal call on American Ambassador Sharp and was then escorted to the palace of the Elysee to be presented to President Poincare. At 12:30 o'clock the president and Madame Poincare gave a state breakfast in honor of the American commander. Among the other guests were Premier Ribot, General Painleve, Marshal Joffre, Minister Viviani and Ambassador Sharp.

Continued Ovation.

Paris opened its arms to General Pershing and his staff yesterday and welcomed them with an outburst of spontaneous enthusiasm such as only Paris is capable of. No conquering hero returning home could have hoped for or received such a tremendous reception as greeted the American commander as his automobile sped through hundreds of thousands of cheering people.

Paris and particularly the French authorities had planned and hoped for a great reception, but it is doubtful whether the most optimistic pictured the almost frantic crowds that all but blocked the progress of the automobiles. Men and women cheered themselves hoarse and flung masses of flowers into the cars. Parisians declare that the only event in their lifetime that approximates the reception in enthusiasm was that accorded to King George of England in 1914.

A Continuous Roar.

When the special train reached the station General Pershing and Field Marshal Joffre were the first to appear. Behind them came a stream of American officers, each with a French officer as his host. The first shout of welcome became a continuous roar that seemed to shake the station to its foundation. The police hurriedly began to clear a lane down which a half dozen automobiles moved at a snail's pace, between frantic throngs.

From hundreds of windows American flags were waved by men, women and children. French girls, with flags pinned to their breasts and their arms filled with flowers bought from their scanty savings, fairly fought for a chance to get near enough to the machines to hurl their offering into the laps and on the shoulders of the astonished American officers.

The Americans apparently had not imagined the heights to which Parisian enthusiasm could rise. Boys, men and girls and even some old women, struggled to jump on the running board of General Pershing's car to shake hands with him.

Welcome Is Hailed.

The demonstration was the more significant because it came from a great outpouring of people who, for the time being, seemed almost to forget that war was in progress.

It was not General Pershing alone who came in for unprecedented ovations, but every American caught sight of by the people was almost burdened with flowers. Crowds shouted themselves hoarse with cheers for America. From every house top all along the route, from every window, from every elevation and from the thousands upon thousands who choked every thoroughfare in the vicinity of the line of march there was hurled a welcome that no American in Paris will ever forget.

TWO CAR LOADS ORE SENT OUT OF MEDFORD MONDAY

On Saturday last one carload of copper ore from the Blue Ledge mine and one carload of gold concentrates from the Opp mine, near Jacksonville were shipped to the smelter at Tacoma.

On Monday two cars were loaded with copper ore from the Blue Ledge and one car of antimony from the Hoxworth-Carpenter mine. Three carloads of copper ore are now ready for shipment.

EARL COMPANY CONFINE EFFORTS TO F. O. B. SALES

A circular recently received is of interest to local growers. It is an announcement to the trade issued by the Earl Fruit company of the Northwest and represented in the valley by J. C. Brown. The methods by which this company propose to handle fruit are so different from those of the usual marketing concern, that the grower should at once be interested.

The ordinary plan has been to secure the growers crop by any means possible, after which it would be consigned to some of the larger markets for sale. If it struck a good market, it brought a good price and the marketing concern took the credit. If the market was glutted and nothing was realized for the grower, it was a dispensation of providence and the agent was not to be blamed. The Earl company, realizing that the consignment plan would never result in any permanent business, that it was unfair and a constant source of dissatisfaction and loss to the grower, are confining their efforts to f. o. b. sales. In order to accomplish this they have secured representation in every city in the country capable of handling a carload of fruit, and even have their salaried agent in the English market. Mr. Moorman, who has heretofore so successfully handled this business for Davison of Hood River, but who is now associated with the Earl company.

The Earl company of the Northwest call the attention of the trade to the fact that they have warehouses and storage plants in Medford, Centon law June 5, but also had been a trial Point, Voorhies, Wenatchee, deserter from the United States army North Yakima and Boise. They resigned December, 1913. He deserted now building storage houses and from Fort Bliss, Texas. He was taken packing plants at several of these to the Presidio, San Francisco, Wednesday night for court-martial.

the plans projected for the Rogue River valley. They state to the trade that they will have their own force of inspectors at all shipping points and can insure quality and accurate grading and that sales will be strictly on the f. o. b. plan. Of course, there will always be some necessity for consignments especially on Newtowns, but even in that respect they will be able to avoid objectionable practices of the English broker by having their own representative on the ground.

In the matter of supplies, the Earl company means to take care of their patrons. All who are acquainted with the lumber situation, know that the problem of securing sufficient box shooks for the valley's needs this season, is a problem. The fact is that the mills will not even quote prices at the present time. The Earl company, foreseeing this, has covered their wants and will be able to take care of those whose fruit they ship. The same is true of paper, nails and other supplies.

We predict that this concern will prove a valuable asset to the valley and a very important factor in the fruit marketing world. *(Adv.)

SLACKER PROVES TO BE ARMY DESERTER

When Uncle Sam began officially to "snoop around" for "slackers" this week, a man named Gregory, employed around Medford for several months in various orchards, felt the "jig was up" and that he must lay his cards, face up, on the board. He surrendered to Sergeant Bauer, U. S. A., here Wednesday. Gregory, it developed, not only ignored the registration law June 5, but also had been a deserter from the United States army North Yakima and Boise. They resigned December, 1913. He deserted now building storage houses and from Fort Bliss, Texas. He was taken packing plants at several of these to the Presidio, San Francisco, Wednesday night for court-martial.

COURT ORDERS ACQUITTAL OF CHARLES B. GAY

The trial of C. B. Gay, in the circuit court, on a charge of contributing to the delinquency of a minor, one Fern McDaniels, came to a rather ingloriously abrupt finish when Judge Calkins, at the close of the argument of District Attorney Roberts, instructed the jury to return a verdict of not guilty on the ground that the evidence was insufficient to authorize a consideration on the part of the jury.

The case of the state was painfully weak and vacillating as to time and place and the efforts of the prosecution to bolster it up with incompetent and hearsay scandal was very promptly nipped by the court upon the objections of attorneys Neff and Kelly who represented the defendant. At the close of the trial Attorney Kelly submitted the motion for a directed verdict which so abruptly terminated the case.

The case attracted wide attention on account of the prominence of the defendant and a large crowd was in attendance. Fully a score of prominent citizens, doctors, lawyers and business men of high standing came voluntarily to testify as to the good moral character of the defendant and at the close of the trial Mr. Gay was surrounded by congratulating friends among which were many of the jurors who sat upon the trial.

ITALIAN ENVOYS WELCOMED BY PEOPLE OF NEW ORLEANS

NEW ORLEANS, June 14.—The Italian envoys arrived here today on their tour of the south and were given an enthusiastic welcome by large crowds.

CHORAL CONCERT AT PAGE FRIDAY

Tomorrow, Friday evening, June 15th, is the date of the big Choral Society concert to be given at the Page.

It seems unnecessary to again remind the people of Medford that this is one of the most important musical events (to Medford) that take place during the year.

It is a program to be given by a hundred and fifty musicians and singers, all residents of the Rogue River valley. These people have been rehearsing all the past winter on this program. If music is worth while in the community the Medford Choral Society certainly represents the best efforts of the worth-whileness.

Tickets are going fast for the concert and everything points to Friday evening being a society as well as a musical event.

ENDORSEMENTS FOR MANN AND RIDDELL

The annual school election will be held next Monday, June 18, from 2 until 5 o'clock, p. m., at the high school building. At this time, two directors will be elected for a term of three years, and the school budget for the coming year will be voted on. According to the new law, all legal voters, regardless of property qualifications, may vote for the directors but taxpayers only may vote on the budget. All people who desire good schools in Medford should be interested in this election. A committee representing the five Parent-Teacher circles, the Greater

MANUFACTURER VISITS MEDFORD ON AUTO TOUR

Senator H. Von der Hellen today entertained his friends, Dr. and Mrs. H. L. Deimel, of London, England, and their seven children and the children's governess, Miss Ilsa Bosthorn.

A complete roster of the Deimel party, besides the parents and Miss Bosthorn, comprises H. L. Deimel Jr., Edgar, Thomas and Philip Deimel, and the Misses Frances, Virginia and Dorothy Deimel. The entire party of ten is traveling in one large automobile.

The elder Deimel is owner of the Deimel Linen Mesh Underwear company, with principal offices in London, and fabricating plants situated in a dozen different cities in the civilized world. The product of the company is world-famous and its revenues are immense.

The Deimels left England in October 1914, and have been globe-trotting much of the time since. The party is on its way for a two months' sojourn on the McKenzie river, east of Eugene, where Mr. Deimel has one of his summer homes. He maintains a country home at Shortlands, Kent, England, and a mansion in London. The Deimel children are fluent linguists, and speak in addition to their native language, French and German, taught by Miss Bosthorn, who is a charming little German girl, amongst whose numerous assets are flaxen hair and a captivating arch smile.

Medford club, the Wednesday Study club and the College Women's club has endorsed J. C. Mann and Dr. E. G. Riddell as candidates for the two new members of the school board.

WHAT OUR NEIGHBORS IN CALIFORNIA SAY.

Pasadena, Cal.—"I want to extend to you my heartfelt thanks for the benefits derived from the use of your medicines, also for the kind and good advice obtained. I am a proud mother. "I had been a great sufferer; three times I was given up to die—the last time being four months ago. I doctored with several doctors but obtained no relief. Was told that an operation would effect a cure, so I submitted to one, but this proved like all the medicines I had taken—not beneficial. I obtained, and started at once taking 'Favorite Prescription.' "Four months ago the doctors and nurse said it would be a year or more before I would be able to do my housework; and, of course, I thought so myself as I was not able to walk across the floor for several weeks. I am now able to do my housework and to care for my children and I do not feel as though I could ever thank you enough for the benefits I have received."—MRS. MARILLE KIFF, 184 South Pasadena Ave.

Why should any woman continue to worry, to lead a miserable existence, when Dr. Pierce's Favorite Prescription is sold by druggists, in either tablet or liquid form? Sick people are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and so-called confidential.
