

AIRMEN SHOW PERSHING STUNTS ON FRENCH FRONT

PARIS, June 15.—Altho General Pershing's first day in Paris was naturally filled to overflowing with social affairs, he managed, nevertheless, to utilize odd moments for business. It is understood that he will soon leave for an extended trip to the front.

Following his attendance at the chamber of deputies the general and his staff motored to an aviation field to watch aerial evolutions of French experts. The French airmen outdid themselves in performing spirals, loop-the-loops and other tricks that frankly astonished the Americans, who admitted afterwards that they had never seen such feats in aviation. After an hour with the aviators General Pershing returned to Paris. And conferred with the ministry of marine. He then rested briefly while the ever increasing crowd waited patiently outside his hotel. After his rest he went to keep a dinner engagement with Minister of War Painleve.

The French academy has resolved that its officers shall wait on General Pershing with a greeting from the academy and invite him to attend a public reception on June 28. The American general and his staff were the guests of Marshal Joffre at lunch today at the Military club.

While the American general is being loaded with honors in Paris his subordinates are already at work. A delegation of American officers, accompanied by a French staff officer, has begun a tour of the principal railroad centers to inspect the French transport organization.

white and blue attire. The serving of light refreshments closed the festivities of the evening.

Robert Hall, grandson of Mrs. Elizabeth Calhoun, is visiting her and other relatives in the Beaver families. He is connected with the Y. M. C. A. work among the Indians, under government auspices, with headquarters in New York city and is on his semi-annual tour through Pacific Coast territory.

The Elks flag day exercises on Thursday evening incorporated 14 numbers on a program replete with literary and musical treats. Symbolic features lent added charm to the ceremonies. The program opened with "The Star Spangled Banner," and closed with "America." In addition to the Stars and Stripes, the national colors of England and France were displayed. The flag record was recounted by W. H. McNair, the tribute to the flag being paid by W. E. Newcombe. The address, "Spirit of the Flag," was by Prof. Irving Vining. Various organizations attended the exercise, the gathering assuming the proportion of a patriotic rally of the first magnitude.

The big flag has arrived, anticipating the celebration event at which time it will be unfurled from a pole 200 feet high. It is 70 feet long by 40 feet wide, with stars and stripes in due proportion. It will be displayed on Litchia park lawn next Sunday afternoon, and 200 young girls will take part in the patriotic event.

Semi-weekly band concerts, to be held on Sunday afternoon and Wednesday evening, will begin June 17.

The school election, which will be held Monday, June 18, at city hall, will be open to all voters under the new law regardless of freeholder qualifications. The hours are from 2 to 7 p. m. Messrs. Fred Engle and T. H. Simpson, whose terms as directors expire, have consented to be candidates for re-election.

Mrs. Isora Hodges and daughter, Letty of Gold Hill, have been visiting their father and grandfather, Judge C. C. Gall, and other relatives in the family of Wm. Myer.

Mrs. Seymour Van Cleve, who spoke in the Presbyterian church recently on war conditions in Europe as viewed by an eye witness, renewed the acquaintance while here of Mrs. Emily Bingham, the ladies having been old time friends in the central west.

Last Monday afternoon Albert Arnold, who was at work on the G. S. Butler ranch, near Gherky Falls, setting fence posts, heard the new fire alarm whistle at city hall distinct enough to note the location of the blaze as per the department's alarm schedule. The distance is nearly five miles in an air line.

Soda water from the Songer springs, replacing the supply from the Dodge well, is promised to be on tap in the parks by next week, as soon as new pipe lines are connected up. The pipes are of plain wood, minus the so-called "electric" inner reinforcement, and are expected to deliver a soda water flow natural in taste instead of being flavored with a rubber tire twang as under previous conditions.

Louis Schwein has bought the A. T. Warner place, 171 Church street. This is one of the finest residence properties in town, well built perfect as to conveniences and details of construction. He will move to the new home early in July.

C. B. Haney, from the vicinity of Drain, is the new purchaser of the Leach tract of 26 acres across Bear creek from Talent. This is known as the old Wilson and Reed property, and was conveyed recently to Mr. Haney thru the Lamkin real estate agency. The Leach family will move to Ashland for permanent residence.

BUTTE FALLS

Butte Falls is at last coming into her own. Harry D. Mills, superintendent and manager of the Butte Falls Lumber company, has received orders to put things in shape for extensive operations and men are at work putting the mill (which has been idle a long time) in running condition. The company has about a million feet of logs in the pond, and by the time these are sawed out the new supply will be coming in. The lumber yard and box factory will be in the south part of town and just east of the P. & E. depot. E. A. Hildreth, Sr., is clearing the ground for the lumber yard. The saying that all things come to him who waits will at last be realized by our people, who either from stiektioiveness, or being too poor to get away, have stayed on the job.

As soon as operations begin here we may expect daily train service.

A good, commodious rooming and boarding house will soon be in demand and will be a paying investment.

You people of the outside world ought to come to Butte Falls and get a drink of goo dwater, and to those who know the conditions of the fish hatchery a year ago, should see it now. Fish are hatching by the thousand every day. Last week a consignment of 300,000 eggs, of the Rainbow variety, received at noon, were conveyed to the hatchery and before night were actually hatching. J. W. Berriam, in charge of the hatchery, declares this to be the most ideal place for fish culture that he has seen in all his years of experience in the business.

SAMS VALLEY

A very severe frost was felt Tuesday night in this and surrounding dis-

tricts, heavily damaging the crops of beans, corn, potatoes and tomatoes. Something particularly noticeable about the frost was the spotted way in which it fell, killing vegetation in one inch of some left undamaged.

With the death of J. I. Fredenburg an honorable man and much loved neighbor was taken from our midst. Much of his life had been spent here among us where his honesty and upright disposition won the respect of all who knew him, and where he will be sadly missed. His life had been none too happy since the death of his wife, some eighteen months past and many had noticed his health falling since that time. A very large crowd from all parts of the county assembled at the cemetery Monday to pay their last tribute to a long honored friend. The floral offerings were profuse. The funeral was conducted by the Odd Fellows lodge, of which he was an honored member. Our deepest sympathy is extended to the griefed family in their loss.

Miss Farnham returned Sunday from a visit with friends in Ashland.

Several from here attended the Medford carnival, reporting it to excel any in the past.

Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit raxy cause lockjaw and women are warned to stop it.

A few drops of a drug called freeze-one applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freeze-one, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser.
