

REIMER GOING TO JAPAN AND CHINA FOR UNCLE SAM

Professor F. C. Reimer of the Southern Oregon Experiment station, will sail for Japan and China next month, in connection with the great work this experiment station is doing with pears.

The collection of varieties and species of pears which Professor Reimer has gathered together at the Southern Oregon Experiment station is regarded by experts as the most complete in the world.

Another species of very great importance occurs in Central China. This species is a very vigorous grower, and thrives under the most adverse conditions imaginable.

At the present time these pears are not in the nursery trade, and they cannot be purchased anywhere, China has no nurserymen and no dealers from whom this material can be purchased.

Professor Reimer will collect large quantities of these seeds for use in this country. He will also make a thorough systematic study of the many wild species of pears of Japan and China.

Among the guests at the Sunnyside Sunday were Miss Alcefflawley and her niece, Miss Clara Henley, Hilda Leslie, Elva and Frank Abbott, wife and two children, Jo E. Moorman, C. V. Cummings, Guy Pruetz, Jay Spitzer, Percy and Glen Haley and Mr. Grikshy.

Clarence Robinette, who has been up in South Dakota for the past year returned to meet his mother and stepfather, Mr. and Mrs. W. L. Childreth and other relatives in our town Sunday evening, taking them on surprise.

ANARCHISTS ARE PLACED IN NEW YORK TOMBS

NEW YORK, June 16.—Emma Goldman, editor of "Mother Earth," and Alexander Berkman, editor of "The Blast," widely known as anarchists, were locked in the Tombs last night on a complaint charging them with engaging in a conspiracy to induce men of military age not to register under the selective draft.

Neither Miss Goldman nor Berkman seemed perturbed at their arrest. The former was smiling when she was led to her cell. She had previously served a term in the city penitentiary for inciting a riot during the cloakmakers' strike.

Berkman, who fell down stairs and broke his leg a few weeks ago, walked on crutches. He joked with the deputy marshals who had him in custody. He was no stranger to prison life, as he served 14 years of a 20 year term for shooting Henry C. Frick.

defendants feloniously conspired to induce young men of military age not to register.

CROP SHORTAGE IN GERMANY IS SERIOUS PROPOSITION

COPENHAGEN, June 16.—Official admission of food difficulties in Germany resulting from a shortage of potatoes and the inadequacy of grain stocks to afford a supplementary bread ration, is made in an announcement of the food control department.

EAGLE POINT EAGLETS

Last Saturday afternoon after I had written my article for the Medford Mail Tribune, the following young ladies arrived at the Sunnyside on their way to the Alivista orchard to begin thinning apples and pears:

Misses Beattie Chambers Wilma Morris, Mildred Patton, Ursula Gippert, and Mrs. Anna Corum, all of Butte Falls. The last two came out in an auto with Jud Edsall and John Foster, and the next morning, Sunday, after having added our daughter, Hattie to the company, started for Ashland, but by the time they reached Ashland concluded to go on to Hornbrook, returning in time for supper, and the next morning the five ladies, dressed in their overalls, started to work in the orchard, and Jud and John returned to the Edsall farm near Butte Falls.

The same afternoon I learned that Geo. Brown and sons had purchased the Frank Abbott and Joe Mayhem wool. I also met in the Von der Hellen store Mr. and Mrs. Firm and Mr. Halte of Sardine creek, near G. H. and George W. Daily, Jr., of L. C. He was just returning from Jacksonville where his father had been arraigned on a criminal charge and the case was dismissed by the court.

Mrs. Huff, who has been stopping with her daughter, Mrs. Geo. Von der Hellen for some weeks, left for her home in Corvallis Friday.

Born, to Mr. and Mrs. Thomas Clinecade, Sunday morning, June 10, a son.

Among the guests at the Sunnyside Sunday were Miss Alcefflawley and her niece, Miss Clara Henley, Hilda Leslie, Elva and Frank Abbott, wife and two children, Jo E. Moorman, C. V. Cummings, Guy Pruetz, Jay Spitzer, Percy and Glen Haley and Mr. Grikshy.

Clarence Robinette, who has been up in South Dakota for the past year returned to meet his mother and stepfather, Mr. and Mrs. W. L. Childreth and other relatives in our town Sunday evening, taking them on surprise.

CENTRAL POINT

Miss Sadie Beebe, who has been attending O. A. C. for the past nine months, returned to her home here the first of the week after a short visit with relatives on her way home from school.

Dr. S. A. Mulkley is spending this week at the Oregon metropolis.

Mr. and Mrs. Neale and daughter, Miss Martena, former residents of this place, were welcome guests at the homes of their many friends here during the past week.

here I had a talk with him with regard to the dam at Fish Lake and he says that it is a constant menace to every one living along the banks of Little Butte creek, that the dam is so loose that the water simply gushes thru it and is liable to give way at any time and sweep out the entire Butte creek valley. And in talking with Mr. Frey who was at the dam at the time of the late disaster and he said that there was no break over the dam, but that there was a break thru the dam or three breaks, one ninety feet long, one thirty and one ten feet, where the water had simply washed dirt away from the loose rocks and was gushing out at the foot of the dam.

There was a meeting held at Lake Creek Monday and one here on Tuesday to take steps for our protection in that line. At the meeting at Lake Creek Mike Hanley was elected tempo chairman and resolutions were passed regarding the necessity of the authorities to investigate the subject and take steps to protect us from any such menace. At the meeting at L. C. Lemon Charley and C. L. Farrar were appointed to take charge of the matter and the people there subscribed \$320 and in Eagle Point \$110 as a starter and the committee was instructed to institute legal proceeding to stop the repair work on the dam and have the general government take supervision of the work of making a dam that will be safe. H. B. Tronson was appointed to act in conjunction with the two men from L. C. in the proceedings. There was only a few men attended the meeting here, as it was not generally known that there was to be a meeting of that kind here.

J. R. Kline, the fruit tree inspector of this district and J. A. Allen, a fruit buyer, Perry Foster of Trail and T. Morgan, were here for dinner Tuesday.

The frost came Tuesday morning in force enough to kill quite a lot of garden stuff, such as beans, squashes, tomatoes, potatoes etc. in many localities, but in this immediate section did but little damage, but from Brownsboro up the creek did considerable damage.

Will Lewis Tuesday morning brought out on his jitney R. E. Elcher, Frank DeFord, Henry Reynolds and Mark Wooley. They were on their way up to the Grissam sheep ranch to shear his sheep.

Bert R. Greer, E. J. Smith and R. F. Ferguson of Ashland were here for dinner Wednesday. They were spotting the country in the interest of the Ashland Roundup, scattering handbills and posting large bills and urging every one to come to Ashland July 2, 4, 5 and see and enjoy the sport. They are making vast additions to their seating capacity and are expecting many more than was there last year.

G. C. Griffin of Medford, a traveling Sunday school evangelist, working in the interest of the American S. S. Union, called on us Wednesday afternoon. He reports success in the work, having organized schools in Laurel Hill, Derby and Trail districts.

JACKSONVILLE

Mr. and Mrs. Raymond Peters spent a few days in Jacksonville the last of the week.

Mr. and Mrs. Fred Williams motored down from Grants Pass Monday when the former attended to business at the court house.

Miss Kate Buckley arrived from San Francisco one day this week and will visit with relatives until the first of July when she expects to be called to France as a Red Cross nurse.

Mrs. Gus Newbury and Mrs. George Collins were among the Jacksonville visitors from Medford this week.

Miss Mildred Neil is driving a new "Ford" automobile.

Mr. and Mrs. J. P. Wells expect to leave for Eugene Monday where they will take the summer course at the University.

The following committee has been appointed to take charge of the "Red Cross campaign" in Jacksonville next week: Lewis Ulrich, chairman; J. M. Williams, W. H. Johnson, G. A. Gardner and Emil Britt. It is hoped the people of Jacksonville will respond generously toward the raising of the \$15,000.

week for Portland where they will attend the Rose carnival.

Alvin Williams of Ashland was calling on his friends here the middle of the week.

Mr. H. T. Pankey is representing the local order of the Eastern Star in Portland this week.

Flag day was observed here Thursday. A very appropriate program was rendered consisting of a recitation, "Old Glory," by Tiny Geraldine Fox; solo, Miss Ruth Warner of Medford; violin solo, Mr. James, also of Medford and addresses by Ilevs, Doran and Bandy. The program was very well rendered and thru the columns of this paper the community desires to thank the outsiders who so willingly helped to make Flag day a success in Central Point. The address by Rev. Doran is worthy of special mention because of the clear and logical way in which he presented the causes, reasons and the forthcoming results of the great war. After hearing that talk, there can be no doubt in any one's mind as to the position the United States must and will occupy in the world war. There was not as large a crowd present at this meeting as was desired, due to the fact that every available man, woman and child in the city at this time are busy in the orchards, hay fields and best fields, and consequently were quite too tired to come.

Ernest Scott of Medford was shaking hands with his many Central Point friends Thursday.

Mr. Cameron and daughter, Miss Angelina, also the Nealon family of Table Rock attended the Flag day exercises here Thursday evening.
