Full leased wire Associated Press dispatches.

BRITISH SUBJECTS IN UNITED STATES DRAFTED FOR WAR

In connection with the news dispatches of Saturday stating that every male citizen of the British empire, of the British military age, in the United States will be forced to enlist in the British army, the orders just received by Sergeant Paul Bauer of the Medford army recruiting office from Captain E. J. Huebscher, of Portland, officer in charge of army recruiting in Oregon, are interesting.

In part Captain Huebscher's orders read as follows:

United States Aids. "All U. S. recruiting stations in the Portland district will aid in securing Canadian and British applicants for the British and Canadian forces. Handbills will be circulated and all information possible will be given to applicants that may apply. A more strict and closer physical examination will be given each applicant to make certain that he is O. K. before forwarding him to Portland. The applicants will be treated in the same manner as the U. S. army applicants and forwarded to this station at government expense.

Similar Tests to U. S. The same mental and physical test that our army has applied to the British recruiting. Married men may be taken. No one who claims to have been in some military organization, who cannot show evidence of having been discharged from such organization will be accepted. No deserters from the British or Canadian army will be accepted. No waivers of any kind will be asked for.

Men are wanted for the Royal Artillery, Royal Engineers, Royal Flying Corps, Royal Infantry and A. S. C. Men are also wanted for the Inland Water Transport service.

BASYE FUNERAL HELD ON SUNDAY

Funeral services were held Sunday both in Medford and in the Missouri Flat cemetery over the late Charles H. Basye, father who was killed last week by John L. Ragsdale in his escape from the county jail. Both services were largely attended and there was a profusion of floral offerings.

At 11 a. m. Sunday ritualistic services were held in Perl's chapel by the Fraternal order of Eagles lodge of Yreka, Calif., of which Basye was a member. The Yreka Eagles came to Medford by automobile. Members of the Medford lodge of Eagles were also in attendance.

Following the service the Jacksonville lodge of Odd Fellows, of which Mr. Basye was a member, took charge of the remains and conducted ritualistic services at the Missouri Flat cemetery. In addition to the fifty members of the Jacksonville lodge were present from Medford, Gold Hill and Grants Pass. The full members, all members of the Jacksonville lodge, were Sheriff Ralph Jennings, James Cronmiller, John Perrell, F. A. Thompson, B. Coleman and W. Goodell.

MEDFORD BOYS ON BATTLESHIP SOUTH DAKOTA

Desney Fabrick and Glenn Laidley, well known young men of Medford and former members of the Seventh company, have met with rapid promotion since the enlisted in the navy this spring and are now serving together on the United States battleship South Dakota, which is on the eastern coast at the present time. Fabrick is assistant engineer and Laidley is petty officer.

Whole Fabrick has advanced further in the service, perhaps, Laidley has become more famed for millions of people in the United States have gazed upon his features and admired his actions in the moving pictures gotten out by the navy to advertise that service. He played the chief here in the navy pictures, which will soon be shown in Medford. These pictures are being exhibited all over the country.

Freak of Fortune.

Good fortune has played strangely with the boys since they left Medford. After enlisting here they were sent to the Mare Island naval training station at San Francisco. Both showed great aptitude for the service and soon met with various small promotions until Fabrick was promoted to assistant engineer and Laidley to petty officer.

When the navy officials decided to have the moving pictures made in looking about for their cast of characters they chose Laidley for one of the hero jobs. With the rest of the characters he was shifted about to the various parts of the country picked for the scenes.

Before he returned Fabrick was assigned to active duty on the South Dakota, which was then on the Pacific coast, and has since then passed thru the Panama canal to the eastern coast.

Surprises Awaited.

When Laidley returned to Mare Island from his moving picture mission not only did he find his chum gone but also his entire company, which had been sent to duty at some distant point. Because of this fact the commanding naval officer assigned him to duty on the South Dakota.

Assistant Engineer Fabrick, much grieved over their separation and wondering what had become of Laidley, was never more surprised in his life than recently when he saw the latter climbing up the ladder of the South Dakota at some eastern port.

FARM LOAN CHARTERS WILL BE HERE SOON

E. H. Hurd received word Friday that the Medford National Farm Loan association would soon receive a charter. President O'Shea of the Federal Land Bank of Spokane wrote as follows:

"We take pleasure in advising you that we have recommended that a charter be granted to the Medford National Farm Loan association, and we expect that such charter will be forwarded to us forthwith, whereupon we shall have it sent to you.

"We congratulate you on the opportunities that will be afforded to your association to give really good service to the farming people of your district, and we trust you will use the opportunities to the best advantage and in the interest of those for whom the law was intended."

The officers are Alton W. Stone, president; C. V. Cummings, vice-president; E. H. Hurd, secretary-treasurer; loan committee, George Hilton, F. S. Carpenter and Ray V. Gram.

The total of loans approved for the 12 members making the charter application was \$30,500. The First National bank was chosen as the depository for the funds of the association.

The territory within which said association shall do business is as follows: Townships 23, 22, 24, 25, 26, 27 and 28, South, Ranges one and two, West, W. M. Jackson county, Oregon.

Treasurer's Notice.

Notice is hereby given that the city council, pursuant to provisions of Section 129 of the city charter, has fixed July 1, 1917, as the date of the Consolidated Lion Debt, which will then be in my hands for collection. Up to said date I will receive payments of any portion of assessments for paving, sewers and water mains without penalty.

This notice is pursuant to Section 142 of the city charter. Dated June 15, 1917. GUS H. SAMUELS, Treasurer of the City of Medford, Oregon.

WAR SUPPLIES ON ROAD HERE FOR SEVENTH COMPANY

War equipment and supplies for the Seventh company, preparatory to the call into active service of the Oregon coast artillery on July 15 will be received in Medford this week. The goods have been received at the coast artillery corps headquarters in Eugene from the war department and will probably be shipped out to the various companies of the corps early this week.

Among the equipment which will be received by the Seventh company will be axes, two woolen blankets to the man, waist belts, galvanized buckets, big ash and water cans, wall tents and flies, fire iron sets for field mess, camp kettles, lanterns, tarjaulins to cover over the mess tents, pick axes, shoe stretchers, 24 tubes of hypochlorite of lime, enough in each tube to disinfect 20 gallons of water, six compass watches, equipped with radiolight so that the compass may be seen at night, and many other minor articles needed during war time.

Other equipment to be distributed among the coast artillery companies of the state includes 2000 pairs of army shoes, two suits of underwear for each man, four pairs of socks for each man, an extra suit of cotton uniform for each man, new stoves, mosquito bar, bed sacks, brooms, woolen gloves for each man, cots, field desks, 85 pounds of nails for each company, toilet articles and other equipment that is useful and necessary in the field.

WARM RECEPTION GIVEN SOLDIER

The fate of Ralph Aitken, son of Mr. and Mrs. Jack Aitken, is unknown. He was last seen this forenoon boarding the military train at Medford on which were 250 honorary members of the Eighth Engineers Reserve corps, in which he has enlisted, with a crate of strawberries which had just been presented to him by his father. On the war front in France the Medford boy will probably never encounter a warmer reception than he met with on the train.

Ralph, who has been located at Roseville, California, for some time as a member of the S. P. engineering department, recently enlisted in the engineers' reserve corps. This morning Mr. and Mrs. Aitken met the military train at Ashland and brought Ralph with them to Medford by automobile and visited with him at the depot until the train reached this city.

Just as the train was pulling out Mr. Aitken handed the crate of strawberries to Ralph, and the last seen of the latter he was surrounded by a struggling band of recruits. He may have survived.

RAILROAD CREDITS MORE SUBSCRIPTIONS

The Farmers' and Fruitgrowers' bank and the three other Medford banks have received the following telegrams announcing the crediting of Medford with subscriptions made by employees of this division of the Southern Pacific for liberty bonds:

"Have entered credit to you for our community thru Northwestern National bank, Portland, and Federal Reserve Bank, San Francisco, \$700, in amount of subscriptions made by employees Southern Pacific Co. to liberty loan. W. E. INGRAM, "Asst. Treas. S. P. Co."

NEDD PROMOTED TO SAN FRANCISCO

F. J. Nedd, manager of the Medford branch of the Union Meat company for the past four years, has received a promotion and on July 1 will take charge of all the Union Meat company's affairs at San Francisco.

Mr. E. Bosworth, who has been connected with the Portland branch of the company for several years, will succeed Mr. Nedd as manager of the Medford district. While the change will not take place until July 7, Mr. Bosworth is already here learning the local ground. His wife and son, who are now visiting in Los Angeles, will soon arrive in the city.

Mr. Nedd, who is in Portland, will arrive home tomorrow. Mr. and Mrs. Nedd have made many friends in the city who will regret their leaving, the pleased at Mr. Nedd's promotion.

ASHLAND PLANS RED CROSS DRIVE TO SECURE \$5000

ASHLAND, June 18.—"Over-subscribed, like the Liberty bonds, would be a welcome result of the Red Cross drive as applying to Ashland in the effort to raise its apportionment of \$5000 during the week of June 18-25. A number are sanguine that \$5000 will be secured. The local Red Cross fund will benefit to the extent of 25 per cent of the amount raised. Ashland territory includes Phoenix, Talent and Bellevue, also the usual suburban districts tributary to this town in various directions.

Piper is Orator.

E. V. Carter is chairman of the committee and Prof. Irving Vining is campaign manager. A number of sub-committees have been appointed and all are actively at work on a plan of canvassing from house to house, the effort being systematized as to minute details. Superintendent Briscoe of the public schools has charge of the clerical work, assisted by stenographers. The organization has roomy headquarters in the Elks building.

As a preliminary, Monday was ushered in with a picnic luncheon in Lathia park. Ice cream, cake and coffee were on sale as a side line to help the good cause along. Lunch was followed by a formal program, and in deference to these exercises, business houses were closed from noon till 2 o'clock. There was music by the band and vocal selections, also First company went thru some evolutions. The main addresses were by E. B. Piper of Portland, and Prof. Vining of this city. The proceeds of the picnic were for the benefit of the local Red Cross.

Teams to Vanvass.

On Tuesday morning eight or ten teams of four persons each, will begin the active canvass, every detail having a captain, whose specific duties and territory have been outlined in advance. Every single resident from Phoenix on the west to the Barron ranches on the south will be personally interviewed, and data will be kept of all phases of the work as it progresses. In the depot sections of this city ladies will superintend the canvassing, inasmuch as the men are away at their railroad work. No indefinite pledges will be accepted during the drive. Agreements must be positive ones, and those inclined towards a negative response, if able to contribute, will be labored with until won over to a recognition of the merits of the Red Cross crusade, which will begin at 10 a. m. daily, or earlier, and continue until 3 or 4 p. m.

In order to expedite the work of canvassing and allow a brief period at the noon hour for rest and relaxation, the work teams and clerical help will dine at Elks hall, in the upstairs banquet room on the following schedule, accommodation being reserved for fifty workers:

Noon Time Luncheons.

Tuesday.—A New England dinner will be served by the Wednesday Afternoon club of the Presbyterian church, under direction of Mrs. Caroline Schurman.

Wednesday.—The menu will incorporate Mexican viands as furnished by the Christian church, Mrs. W. L. Mellinger directing arrangements.

Thursday.—The Teacup club of the Methodist church will serve a chicken pie dinner, with Mrs. W. D. Hodgeson as mistress of the culinary department.

Friday.—A fish dinner will naturally be in order. This will be supplied by the Staklyon Circle of the

THIS MEDICINE WOMEN VALUE

Positively Relieves the Suffering.

More Convincing Proof.

When Lydia E. Pinkham's Vegetable Compound was first introduced its curative powers were doubted and had to be proved. But the proof came, and gradually the use of it spread over the whole country. Now that hundreds of thousands of women have experienced the most beneficial effects from its use its value has become generally recognized and it is now the standard medicine for women's ills.

The following letter is only one of the thousands on our files. "Denison, Texas.—I cannot feel that I have done my duty until I tell what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from female troubles so I could hardly drag around and do my work. I was very nervous, and had dizzy spells, faints, and headaches until life was a burden. My husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound and I soon began to improve. I continued its use and am now free from all pains and aches that made life a burden. You may use this letter in any way you like for I want the world to know what a grand medicine Lydia E. Pinkham's Vegetable Compound is."—Mrs. G. O. LOWERY, 911 S. Barrett Ave., Denison, Texas. Write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for free advice.

Congregational church under direction of Mrs. F. G. Swendenburg. Saturday.—A meat dinner, with stew and dumpling accompaniments, will be served by the ladies of the Catholic church, Mrs. J. P. Wolf being chief cook.

Red Cross Committee.

The Red Cross committee having general charge of the dining arrangements include Mrs. J. M. Wagner, Mrs. S. B. McNair, and Miss Lillian Patterson. In behalf of the Baptist church, Mrs. B. H. Rinthorne will have charge of the details as to decorating the banquet room. The Elks not only afford the Red Cross local with roomy headquarters, but have cheerfully tendered the use of dining hall and all its equipment free of charge, and not in a grudging spirit, either, but with a whole-hearted generosity which is greatly appreciated.

The Red Cross banner is not only in evidence at local headquarters, but is displayed all over town and is floating over the city hall during Red Cross drive week. Autos conveying the committee workers will also be decorated with the insignia of the order.

PRESIDENT REMOVES REVENUE COLLECTOR

WASHINGTON, June 18.—Joseph J. Scott, collector of internal revenue for the first California district at San Francisco has been removed from office by direction of the president. Mr. Scott is under indictment for shortage in his accounts with the government.

JAPANESE WARSHIPS SINK SUBMARINE

LONDON, June 18.—A Tenthon submarine probably has been sunk by Japanese warships in the Mediterranean, it was announced today. The Japanese flotilla encountered and attacked the submarine June 12.

Among the band of willing workers who will launch the drive crusade on the morrow, the query arises as to who will be the first one to donate a Liberty bond to the Red Cross movement.

TO THE PUBLIC

BROOKINGS, ORE.

On account of the many letters we have been receiving from parties in this and other localities we have deemed it best to set out in an open letter the conditions of living, employment and recreation that surround the employees of this company. Location, Climate and General Surroundings.

The town of Brookings and the manufacturing plant are located on a plateau about 100 feet above ocean level and running from the shore line back about 3/4 of a mile. Unlike most saw mill towns, the site is rolling beach land, free from stumps and slashings. The climate is mild. Snow fall is a rarity, and during the summer months the weather is that of a beach resort. In the winter the temperature is moderate.

The view of the ocean, beach and surroundings is beautiful.

A good public school is provided for all grades; moving picture theatre with a seating capacity of 300 with two weekly shows; general store carrying a large stock at reasonable prices; also a well equipped hospital is provided for employees and families, and is in charge of a first class physician and surgeon with trained nurse in attendance.

Living Accommodations.

For single men there is a large hotel provided with showers and other facilities, with table board that is unexcelled in its line.

In addition, comfortable bunk houses are provided to take care of excess of single men over and above the accommodations provided in the hotel. Rate of board \$6.25 per week, including 50c and up, according to accommodation.

For married men comfortable houses are provided with rents ranging from \$4.00 per month and up, according to type selected; water, light and wood extra at nominal rates, usually prevailing in municipalities of like character.

Wages and Working Conditions.

The minimum rate for common labor is \$3.00 per day of ten hours at the present time in all departments, with usual advance above this rate for responsible positions.

The company operates a sawmill, logging camp, railroads, wharves and shipping; runs its own line of steamers to California ports.

Requirements Applicants Must Fulfill.

No man over 50 years of age will be employed.

Before entering our employ, each and every applicant will be obliged to pass an examination by the company's physician and satisfy him as to physical condition.

Married men must work for the company at least 30 days before they will be permitted to bring their families in order that both parties may be satisfied as to conditions and ability.

No liquor is permitted in the town; parties found intoxicated will be summarily discharged.

General.

We desire to build up a community of sober, thrifty, industrious men with families, and such will be given the preference in the matter of employment at all times.

There is plenty of continuous employment here for a large number of active, sober men in practically all classes of work, and any parties meeting these requirements can feel assured of employment on reporting here.

The company invites correspondence from parties interested and further information can be obtained from M. Jordan and other stage operators at Grants Pass, or F. G. Lange, Medford.

This point is reached by auto stage from Grants Pass via Crescent City, at the present time consuming about nine hours for the trip.

Luscious Raisins! Mellow Tobacco! (flavor-gifted by Father Time)

To Father Time and Old Sol we owe the luscious raisin. Time-curing preserves the ripened grape beyond the harvest time—in raisin form.

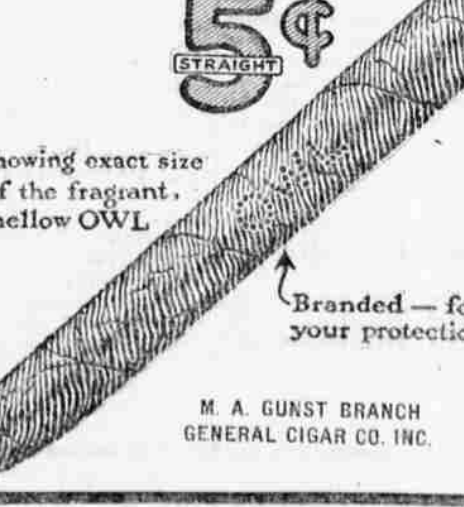

Mellow tobacco, too, owes a debt to Father Time. And a greater debt than raisins. For raisins must cure but a few days. But it takes long months to time-cure tobacco to the fragrance point.

That is why OWL Cigar fragrance demands that we store up a leaf-reserve worth \$1,000,000 or more. That is why our curing experts never allow any of their watched-over leaf to be made into OWL Cigars until it is "ready" in OWL fragrance and mellowness.

Yes, smokers, you owe the fragrance of your OWL Cigar to time-curing—careful time-curing of selected leaf.

Why don't you buy an OWL Cigar and redeem the OWL "fragrance pledge"? 5c does it at the nearest Cigar Store.
