ARSONISTS ESCAPE SERVING TIME

The end of the famous Ashland arson case came Saturday afternoon when Judge F. M. Calkins in circuit court sentenced Mrs. Nan L. Strickfadden and Mrs. L. Dreyfoos, her sister, to from three to five years in the state penitentiary, and to pay the expenses of the state, amounting to \$500 in the trial of Mrs. M. M. Garwood.

However, the two women will not have to serve their sentences in prison as Judge F. M. Calkins paroled them to the charge of the penitentiary parole officer at Salem, in whose custody they will be until pardoned or released. They left for Salem last night on their own recognizance to report to the parole officer.

The two women, it will be remembered, when their trial was called in circuit court recently, pleaded guilty to the charge of conspiracy to defraud an insurance company by attempting to burn down the home of Mrs. Strickfadden in Ashland, and then turned state's evidence and testified against Mrs. Garwood, when she was placed on trial. They placed all the blame for the alleged conspiracy on Mrs. Garwood. At Mrs. Garwood's first trial the jury was unable to reach an agreement, and on her second trial the jury acquitted her.

WHEN bread is made into fresh, hot-buttered toast, it has more flavor.

Toasting puts more flavor into most good things—seals it in, so to speak.

And toasting puts more flavor into Lucky Strike cigarettes; the tobacco—it's toasted.

Better still it's Burley tobacco—toasted. Lucky Strike is the real Burley cigarette—something absolutely new in cigarette flavor.

This toasting not only gives Lucky Strike cigarettes flavor but keeps it there—seals it in. They're always fresh.

And because everyone has been wanting real Burley cigarettes, everyone has been buying them—look at all the Lucky Strike smoke circles.

Have you tried the famous "toasted cigarette"; begin today.
