## RAILROADS REDUCE CAR SHORTAGE THIRD

WASHINGTON, June 21.—Fairfax Harrison, chairman of the railroad war board, announced today that the roads, in patriotic response to the nation's demands upon them, reduced the car shortage more than one third during May, while they increased the bituminous coal traffic nearly 25 percent. ## SOLDIERS PICK FRUIT, TOSS HAY ON LOCAL RANCHES

Fully twenty-five men of Company I, Third Oregon infantry, were at work on ranches and in orchards today, and more of the soldiers could have been placed had there been any to send out. As it was only the kitchen police, company cook and Lieutenant Killen were left in the city, the others being either out on guard duty at various places on the Southern Pacific or doing farm or orchard work.

On account of the shortage of labor in the valley the soldiers are much in demand. They are being paid from \$1.50 to \$2.50 a day and board, according to what work they are doing. Every member of the company who is allowed to work must be within easy telephone communication with company headquarters in Medford in case of emergency. Several of the soldiers were engaged for the next two weeks at the ranch on which they worked Tuesday and Wednesday.

Thursday forenoon a rancher appeared at company headquarters and asked that he be assigned several soldiers for work in his hay fields. He said he would gladly pay \$2.50 a day and board. He was much disappointed when told that no more men could be spared.

Captain Todd states that he will not allow any of his men to work where they are not treated right and as free American citizens, and in accordance with this declaration would not let three soldiers return to the ranch where they were employed Tuesday, because the head of the ranch refused to allow the boys to talk while they were working. The soldiers went to work at another ranch Wednesday.

The farm and orchard work is very popular with the soldiers as it not only relieves them from the humdrum tedium of barracks and patrol duty life, but the money they earn is all velvet as their government pay goes on just the same.
