

### ERICKSON RECRUITS FORESTRY REGIMENT FOR FRENCH FRONT

The forms for listing men for the forestry regiment, the 19th reserve engineers, have just been received by the local office of the forest service. Qualified persons desiring to join the regiment for service overseas should at once communicate, preferably in person, with M. L. Erickson, forest supervisor, Federal Building, Medford, Oregon.

This regiment will consist of six companies of 164 men each who must have had much experience incident to the operation of small sawmills of the portable type, and experience in small logging, teaming, motor trucking, blacksmithing, cooking, tie-benking, etc. In short, the men are to be actual experienced workers who can set up a small mill and proceed at once with all necessary work from felling trees to shipping the milled product. Men with only technical training, slight experience, or experience only in heavy steam logging cannot be used. Relatively few men will be enlisted in Oregon and Washington.

**Assignments Are Later.**  
No assurance can be given any applicant that he will be assigned to a certain class of work. Assignments and appointments as non-commissioned officers will be made by commanders after the regiment is organized. The work is expected to be behind the firing lines, but not necessarily always outside the danger zone.

Men desiring to be considered for this regiment must be white, between the ages of 18 and 40 years, must be able to pass the regular army physical test.

From the applicants now offering, their names, selection and enlistment of the required number will be made and the men assembled late this month or early in July at some training camp where they will undergo instruction. The rates of pay have been fixed as follows, the first being monthly pay in the United States and the second monthly pay for foreign service:

One chief clerk, \$51-\$61.20; 2 battalion clerks, \$51-\$61.20; 2 regimental clerks, \$44-\$52.80; 18 platoon clerks and accountants, \$33-\$39.60; 9 interpreters and clerks, \$33-\$39.60; 2 care of quarters and supplies, \$51-\$61.20; 5 care of quarters and supplies, \$44-\$52.80; 6 ordering and distribution of food, \$44-\$52.80; 6 company clerks and foreman, \$51-\$61.20; 1 bugler and messenger, \$48-\$57.60; 2 color sergeants and messengers, \$44-\$52.80; 4 orderlies and messengers, \$33-\$39.60; 12 buglers and messengers, \$20-\$26; 6 control and inspection of stables, \$44-\$52.80; 18 platoon stable bosses, \$36-\$43.20; 120 teamsters, \$33-\$39.60.

Two direction and upkeep motor transport service, \$81-\$97.20; 6 motor truck repairers, \$71-\$85.20; 5 motor truck repairer, \$33-\$39.60; 26 motor truck drivers, \$36-\$43.20; 2 portable sawmill millwrights, \$81-\$97.20; 2 portable sawmill millwrights, \$71-\$85.20; 2 upkeep and repair logging equipment, \$71-\$85.20.

Eighteen platoon blacksmiths, \$36-\$43.20; 6 horseshoers, (blacksmiths), \$38-\$45.60; 6 harness repairers, \$36-\$43.20; 2 road builders and repairers, \$71-\$85.20; 19 regimental and platoon cooks, \$38-\$45.60; 57 cooks' helpers, \$20-\$26; 18 sealers and timber markers, \$51-\$61.20; 18 wood bosses, \$44-\$52.80; 18 head choppers, \$36-\$43.20; 108 fellers and buckers, \$36-\$43.20.

One hundred and forty-four sawmills and cordwood cutters, \$20-\$26; 26 logging crew loaders and extra men, \$30-\$36; 90 motor truck loaders and extra men, \$30-\$36; 18 portable mill sawyers and foremen, \$41-\$52.80; 18 portable mill engineers, \$36-\$43.20; 114 portable mill carriage men, log rollers and lumber piers, \$20-\$26; 12 special work and extra men, \$44-\$52.80; 21 special work and extra men, \$33-\$39.60.

### DEMONSTRATION BEAN TRACKPULL TRACTOR

The demonstration for the Bean Trackpull Tractor will be held at Fred Hopkins' at Central Point on Thursday, June 28, from 10 a. m. to 4 p. m. and at Bear Creek orchard Saturday, June 30, at the same hours.

This demonstration will prove that the Bean can do the work of six horses with ease and will be interesting to all orchardists and farmers. See how it works on short turns and gets around under the trees when no horse can go.

L. R. H. Herwood and P. E. Stapp, representatives for Oregon, will have charge of the demonstrations and will be pleased to give any information desired.

### 20 TON GIRDER TO BE USED IN MOVIE THEATRE

A girder of steel with reinforced concrete, weighing 20 tons, and said to be the heaviest entering in to the construction of any building between Portland and San Francisco, is this week being installed in Medford's newest motion picture theater, the Rialto, which is being built under the direction of and will be managed by H. L. Percy and A. J. Moran, two young men formerly of San Diego. The girder weighs 128 pounds per square foot, is 13 inches thick, will be of 56 feet span and will rest on a foundation of solid concrete.

The Rialto, its owners declare, will offer many attractive features to its patrons, some of which can be found only in the newer theaters in the larger cities of the country.

**Entrance Turn Lobby.**  
Entrance to the new theater will be thru a lobby 26 feet wide, which extends to a depth of 125 feet, which will be used as a promenade.

The auditorium, 90 feet wide, opens from this lobby, and at its extreme west end an old red curtain of velvet, 35 feet in width, will unfold from over a Hill "Wonder" projection screen 12x16 feet. The pictures will be projected from a distance of 90 feet by Simplex machines, equipped with Hertzner transmitters. The current will be direct.

Music for the Rialto will be given by an American photoplayer, the catalogue cost of which is \$10,000. The carpeting of the auditorium floor will be of Wilton velvet, and of identical the same pattern as the carpet of the new Casino theater, San Francisco. This item will involve an expenditure of about \$700.

The 800 seats on the auditorium floor will be upholstered in genuine leather, and are said to cost \$6 the seat.

#### Mezzanine Room.

A feature of the Rialto that Percy and Moran assert will be a particularly pleasing one will be its mezzanine room, which is entered from the auditorium by easy spiral stairways. In this room will be chairs—crotone-embossed and finished in old ivory—for 100 patrons.

A ladies' rest room, beautifully furnished and with practically every convenience, is another delightful innovation the Rialto owners promise their patrons.

The lighting process of the new theater during the projection of the pictures will be in colors, and so operated, on "dinners," as to harmonize with each scene depicted on the screen.

The operating room will be 10x20 feet, many of the appliances of which were especially designed by Percy and Moran.

The Rialto managers declare they have in their possession contracts with certain of the larger motion picture producing concerns that assure their patrons of some of the best programs in the entire industry. Percy and Moran, who are practical mechanics, and have grown up with and in the motion picture industry, will edit their own pictures, thus eliminating any scenes that might be considered objectionable.

Failure promptly to receive steel shipments has delayed somewhat the work of construction, but the owners announce that the Rialto will be completed about July 15, by which time, they assert, they will have expended approximately \$25,000 on the theater.

### TWO REVERSALS FOR JUDGE CALKINS

Circuit Judge Calkins were reversed in two cases Tuesday by the state supreme court, as follows:

F. H. Maxson, appellant, vs. Ashland Iron Works; appealed from Jackson county; action to recover possession of a planer; opinion by Justice Moore.

S. P. Reichert vs. Josephine Sooy-Smith, appellant; appealed from Jackson county; constraining a mortgage on real property; opinion by Justice Hendon.

### RIVERS AND HARBORS BILL PASSES HOUSE

WASHINGTON, June 27.—The \$20,000,000 rivers and harbors appropriation bill passed the house today by a vote of 205 to 132. A motion by Representative Treadway of Massachusetts to amend it to require presidential endorsement of all appropriations as being of military or commercial necessity, was lost 189 to 132.

### ZAIMIS RESIGNED TO EVADE CALLING GREEK PARLIAMENT

ATHENS, June 27.—The resignation of Premier Zaimis was occasioned by his decision that he could not assume responsibility for convocation of the parliament of May 31, 1915, which King Constantine dissolved. M. Jonnart, diplomatic representative of the allies demanded the assembling of this parliament in which M. Venizelos had a majority. In resigning M. Zaimis announced that King Alexander was willing to comply with all the demands of the entente.

It is understood M. Venizelos will be premier, Nicholas Politis, foreign minister of the provisional government set up in Saliniki by M. Venizelos probably will have the foreign portfolio in the Venizelos cabinet. It is expected Admiral Comdouritis will be minister of marine and General Dangelis minister of war or chief of the general staff.

Neither the archbishop of Athens nor members of the Holy Synod who took part in the anathematizing of M. Venizelos will be present at the administration of the oath. They will resign. Cretan gendarmes will act as a body guard for M. Venizelos.

Proceedings have been instituted against the ring leaders in the recent demonstration.

J. B. McCargar of San Francisco is spending several days in the city.

### RUSSIAN ARMY FULL OF MUTINY ASSERTS GERMAN

COPENHAGEN, June 27.—German military writers, with enlightenment furnished to them by the war press bureau, express the opinion that the British are preparing a new offensive but that serious attacks by the French are to be expected at this time.

Captain Von Salzmann writes in the Vossische Zeitung that the feints of the British commander in the last week evidently were to cover a regrouping of troops and a surprise attack probably would be made like the Wytsehaete offensive against an arrow front with an extraordinarily heavy concentration of artillery and infantry. He believes the attack may come north of Ypres.

General Von Ardenne in the Tageblatt declares a Russian offensive is entirely impossible at this time. The general dismisses the convention of workmen's and soldiers' delegates which decreed an offensive at "a meeting swayed by gold and alcohol," which was guilty of false pretenses in assuming to speak in the name of the Russian people.

He says the army is impregnated with mutiny and disaffection and has been reduced to half its original numbers by desertions and sickness; that officers are murdered and that the possibility of an offensive is beyond their power.

### BOXERS ARRIVE FOR TOURNAMENT ON JULY FOURTH

The boxers who are to participate in the big boxing tournament during Roundup week will arrive this Thursday and Friday and finish up their training stunts for July the 3rd and 4th, the first two days of the tournament. Red Corbett Watson will arrive with his trainers and Manager Jack Kearns Friday morning. Eddie Burns, his opponent, will be on the ground Thursday, and Tommy McCarthy and Seattle Frankie Burns will be here either Thursday or Friday at the latest. The boys are all in good shape and will need only a few days' good road work and light exercise to put them on edge.

From all indications a big crowd will be on hand to witness the bouts. This is the first time in the history of Oregon that four big stars are to box in a series of championship bouts.

Harry Lefkowitz, the athletic director, has received hundreds of inquiries by mail and wire in regard to seats and the time of bouts, etc. Promoter Harry Lefkowitz has decided to stage the bouts immediately after the roundup takes place, which will be no later than 4 o'clock, assuring the fans that the three contests will each go the limit and the crowd will be on its way home no later than 5:30 o'clock. Seat sale opens at the Austin hotel, Ashland, Friday morning. Those desiring choice reservations should wire or write to Harry Lefkowitz, Austin hotel, Ashland. Popular prices will prevail, namely, bleachers \$1.00; grandstand \$2.00, and ringside seats \$3.00. Ladies will be admitted to witness the bouts.

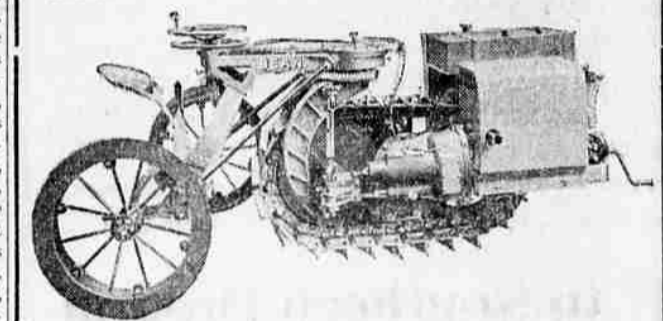

### BELL-ANS

Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

### BEAN TrackPULL Tractor DEMONSTRATION

THURSDAY, JUNE 28—At Fred Hopkins' Snowy Butte Orchard, between 10 a. m. and 4 p. m.  
SATURDAY, JUNE 30—Bear Creek Orchard, between 10 a. m. and 4 p. m.  
For information call at Garnett-Corey Hardware Co.

You do not need to buy more land in order to earn more money. You can make more on the land you have with a Bean TrackPULL. The Bean TrackPULL Tractor does all the things that a farmer or orchardist wants a tractor to do.

### DOES SIX HORSES' WORK

This little tractor pulls a six-horse load (1125 lbs.) at drawbar. It is a light eater. Works ten hours a day, if necessary, never tiring and eating only when working and making a profit for you.

Only 3100 pounds in weight means an upkeep cost reduced to a minimum. Guide traction combined with light weight means increased production at less expense.

### It Pulls Itself Over the Ground

That's the big feature. It doesn't use up its power pushing itself on weight, but puts all of its power to pulling the load.

Powerful motor runs stationary machinery when tractor is not working in the field.

Come out and witness the demonstration and see for yourself.

Bean Spray Pump Co. San Jose - California

### GOING TO RIDE

on the good old glorious? Then look over your car and see if its equipment is complete. If there is something lacking or should be replaced, come right here and our efficiency in auto supply service will make up the deficiency. Don't trust to luck that you can get along without it. That's the very thing you are likely to need most urgently.

C. E. Gates Auto Co.

### SHINOLA

Make Thrift a Household Word

Teach the children to be thrifty. Habits formed in childhood are not apt to change in after years. The key opening box of SHINOLA with more than fifty shines and a SHINOLA HOME SET for polishing is an outfit unequalled for economy and convenience.

**NOW IS THE TIME**

Now is the time to consider kitchen-comfort this summer—now is the time to buy an oil cook-stove.

Look for the specially-decorated windows of the merchants listed at the left. The orange discs proclaim a message welcome to every housewife. They tell how the New Perfection drives out the drudgery and discomfort of summer cooking, and at the same time gives better results than your regular kitchen range for all-the-year-round cooking. This is New Perfection Oil Cook Stove Week. Ask these dealers to explain how the long blue chimneys of the New Perfection Oil Cook-Stove prevent all smoke and smell. Learn the comfort and economy of cooking with Pearl Oil.
