**DID HUSBAND MURDER HIS WIFE'S LOVER?**

SEATTLE, July 3.—Samuel S. Klumpp, a Ballard painter, was killed Sunday by E. George Brown, when the latter was in a jealous rage over the fact that Klumpp had presented her with a rocking chair as a love token, according to Mrs. Maude Hallock, alias Martin, alias Howard, who was arrested today with Brown in connection with the murder of Klumpp. The murdered man's body, stabbed in neck and back with a small knife, was found in the basement of an untenanted house at 112 Bell street this morning.

Mrs. Hallock and Brown were arrested in the house next door to that in which the body was found.

Bloodstains were found on walls and ceiling and on half burned strips of wallpaper in the kitchen stove. Behind a wash stand was found a pair of blood-stained scissors. There were further stains on the sill of a broken window, through which Mrs. Hallock declares, Brown threw the body, afterward dragging it to the empty cellar.

## INCOMES HARD HIT BY SENATE REVENUE BILL

Measure Reported Approved by Both Democrats and Republicans — Yields Total of \$1,670,170,000 or \$130,000,000 Less Than House Authorized—Income Taxes Pay Most.

WASHINGTON, July 3.—Providing increase in taxes for war purposes of \$1,670,170,000 or about \$130,000,000 less than the house authorized, the war tax bill as revised by the senate finance committee after six weeks of work was reported today to the senate by Chairman Simmons. It will be taken up after the food control measure is passed.

Vastly increased income taxes and levies upon excess profits resulting from war times, liquors and tobacco form the bulk of the new taxation measure, the largest in the country's history.

**Incomes Soaked.**  
Upon incomes the bill would impose \$532,700,000 in additional taxes, upon excess profits of corporations, partnerships and individuals, \$523,000,000, upon liquors \$155,500,000, and tobacco \$56,600,000.

Reduction of income taxation to single persons with incomes over \$1,000 annually and married persons at \$2,000 and over, with incomes under \$500 subject to a new "normal" tax of two percent were house provisions unchanged. The committee reduced house rates on incomes over \$40,000, decreasing the revenue return by \$66,000,000. It struck out inheritance taxes designed to raise \$8,000,000 and retroactive taxes on 1916 incomes for a further reduction of \$108,000,000.

**Publishers Taxed.**  
After many changes the final committee draft contains the proposed tax of 5 percent upon profits of publishers in excess of \$4,000 estimated to raise \$7,500,000 and adds an increase of one-quarter of a cent a pound on second class postage rates, estimated to yield \$3,000,000. Stren-

uous efforts are expected in the senate for amendment of the imposts upon publishers.

Except for Senators La Follette, Thomas and Gore, the committee's revision has the general support of the entire republican and democratic membership, which for the first time in the history of the revenue legislation, united in amending the house measure. The three senators who voted against the final draft except to advocate Senator La Follette's substitute providing for imposition of all war taxes upon incomes, excess profits, liquor and tobacco.

**SOLDIERS KISS THEIR NEW RUSSIAN LEADER**

PETROGRAD, July 3.—Up to the hour of telegraphing, the advance of the Russian army in Galicia was still in progress. A dispatch received by the war minister says the staff of the Russian army in Galicia is more than satisfied with the progress made.

Never was an offensive so auspiciously begun. The army staff was pleased with the speed of the advance, as the operation which the staff had expected would take two days. All the latest telegrams to the war ministry agreed that the soldiers are in good spirits. The preparations regarding munitions are in better shape than during any previous period of the war.

Leutenant Pierun, chief of the war ministry information department, has just returned from the front, where he witnessed Minister Kerensky's crusade in favor of an immediate offensive. The great eloquence of Minister Kerensky was largely responsible for the change in the army's mood. The lieutenant was present when Kerensky, having told the soldiers if they would not attack, he would march toward the enemy's trenches alone, was embraced and kissed by the soldiers.

"The army," said the lieutenant, "was reborn under my eyes."

The minds of the soldiers, he said, are thoroughly permeated with Russia's new political program. War Minister Kerensky's merit, the lieutenant declared, is that he first realized that the Russians will fight only if they are convinced they are fighting, not for imperialism.

WASHINGTON, July 3.—At the request of Senator Reed consideration of provisions prohibiting government employees or members of advisory commissions from selling their own products to the government was deferred.

Exemption of farmers' co-operative organizations from the licensing legislation caused considerable debate. A committee amendment limiting exemptions to horticultural organizations which do not make profits was opposed by Senator Wadsworth of New York and Norris of Nebraska. Senator Chamberlain said the committee amendment was suggested by Mr. Hoover in order to reach food stuffs in elevators operated by farmers' organizations and to prevent pooling in marketing of crops.

Senator Norris insisted that there is little danger from any farmers' organization.

The committee amendment exempting farmers, gardeners, co-operative associations of farmers or gardeners, including livestock farmers from the anti-boarding section was adopted.
