HISTORIC FLAG AT CRATER LAKE K. OF P. CONCLAVE

All arrangements have been completed for the big convolve of the Knights of Pythias, which will be held at Crater Lake, August 14, 15 and 16, and indications point to a very large attendance of knights from all over the state. The convolve will be held under the auspices of Tufisman Lodge, No. 31, of Medford.

All the grand officers of the state will be in attendance and will put on the knight rank on Wizard Island, August 15. Members of the order are coming to the convolve from all over Oregon by auto and train. The railroads have made a special rate.

Historic Battle Flag.

A big feature of the occasion will be the presence at the convolve of the battle flag that flew on the bridge of the Olympia in the battle of Manila bay, and of William Speaker, the color sergeant under Admiral Dewey, who was on the bridge with the admiral during the battle and handled the flag.

Speaker is a member of Muir Lodge, No. 136, of Sausalito, Cal., and the flag is the property of this lodge. It is safely guarded and has never been used or taken out of the lodge room but on one previous occasion. The lodge carries \$500 insurance on the flag, and it is kept locked in a special receptacle made for it and is never to be out of the possession of some special deputized member whose duty it is to guard it.

The information that the flag and Mr. Speaker will attend the convolve has just been received in the city in a letter from J. E. Stinson, special deputy grand commander, of Sausalito, who also writes that himself and a number of other members of the lodge will attend the convolve.

Maintain a Commissary.

Talisman lodge will maintain a commissary department during the convolve, and all meals will be served at a large triangular table. The knights will sleep out in the open and all visiting knights attending the convolve should bring along blankets.

All members of Talisman lodge are requested to attend the meeting of the lodge Monday night, when matters in connection with the coming convolve will be further considered.

BOOS OFF FOR FAMILY REUNION AT SEATTLE

George E. Boos leaves tomorrow for an extended visit to Seattle, to be present at the Boos family reunion. Mr. Boos states this will be the first meeting of all his family since 1899, and he looks forward to once more sitting at the head of the table and bossing the job. Mr. Boos has three children, all married, and two grandchildren. Mrs. Boos, himself, Edw. H. Boos, a prominent business man of Missoula, Mont.; Mrs. Charlotte Boos Hart of Kentucky, and Mrs. N. R. McKay of Seattle will participate. During Mr. Boos' absence W. R. Jackson, Medford National bank, will look after his insurance business. Mail addressed to P. O. Box 1042 will reach Mr. Boos.

OBITUARY

LINDLEY.—Seldom does a young man occupy so large a place in a community as the late Nolo Lindley. A native son, he grew to manhood in this community, graduated with honors from the city schools and was rapidly making a place for himself in business circles when the end came.

Mr. Lindley was born in Medford twenty-three years ago and for the past three years had been employed in the Jackson County Bank, of which his father is vice-president. He received promotion from time to time until beginning with July he was in charge of the windows.

Nolo was a young man of sterling Christian character. His activities extended into every department of the church of which he was an honored member. He was serving his second year as president of the Epworth League, the largest chapter in the district. As an executive he was alert, painstaking and optimistic. For the past year he has served as treasurer of the church and a member of the official board. In the Sunday school

he displayed the same keen enthusiasm and for two years has been chorister of the school.

The last public appearance was on Decoration day when the quartet of which he was second tenor sang for the old veterans. They were recalled again and again. The same evening he was stricken with internal hemorrhage. After a month's rest he resumed his place in the bank, but again on July 24 he suffered intestinal rupture and passed into the beyond on Sunday at midnight.

The funeral services were attended by his pastor, Dr. J. C. Rollins, and a great throng of people paid tribute to his beautiful Christian life. Everywhere will he be missed.

His pastor has lost a stalwart and loyal assistant, whom he had learned to love as a son. Such a life is worth while, tho it seems to have been rudely and untimely broken. Life is never measured by years, but by quality of living. Brought up in a Christian home, by precept and example taught to love God and honor the church, the child grew into a symmetrical manhood, clean and wholesome. We shall miss him, but we rejoice to have known him and been honored with his friendship.

Society is sweeter, the church richer and heaven more attractive because of such a life. To the sorrowing home we offer our sincere sympathy and love.

The funeral services last Wednesday afternoon from the residence of his parents on Slaklyou Heights, were probably the largest private funeral service ever seen in Jackson county. The several banks of the city closed for the hour of service out of respect to his memory. The floral offerings were exceeding elaborate and beautiful.

His is a fragrant memory—a life abundant.

Toward the end, in extreme weakness, he said more than once, "It is all right," and so it is, tho we see not the why because of tears, we trust and hope.

"All's well, God love thee yet, Heart, smile, Sleep sweet, nor fret."

KERENSKY'S PLAN IS DEFEATED BY DEMOCRATS

LONDON, Aug. 4.—The negotiations between the Russian cabinet, Premier Kerensky and the constitutional democrats, with a view to the latter joining a coalition government, says a Reuter's dispatch from Petrograd, dated Thursday, have been broken off.

A dispatch to the same agency dated Friday in Petrograd says that M. Avksentief, chairman of the executive committee of the council of peasants' delegates, has been appointed minister of the Interior.

I. W. W. MENACE TO THE NORTHWEST

BUTTE, Mont., Aug. 4.—That the I. W. W. are a direct and serious menace in the northwest and that in the city of Butte alone there are more than 500 members of the order, was a part of the report made today by United States District Attorney B. K. Wheeler to Washington. The report was made following a request from Washington for a full report on labor troubles and I. W. W. activities in the northwest.

Mr. Wheeler reported that conditions in the lumber camps of the western part of Montana are at present the most serious aspect to the situation. Reports that certain men in Missoula have been making seditious speeches were investigated and reported back to the government as without foundation by the district attorney.

The submarine approached and shelled the vessel and then ordered the small boats alongside the submarine. The skipper was summoned and taken inside. The others were mustered on the deck of the submarine.

The Germans removed the life belts and the outer clothing of all except eight of us, smashed the life boats with axes and then re-entered the submarine and closed the hatches leaving us on deck. The submarine went about two miles and then submerged. I had a life belt. Near me was an apprentice boy of 14 years, shouting for help.

"I went to him and held him up until midnight, but he became unconscious and died of exposure."

The whole trend of the statements made by the captive officers is that they are beginning to fear they may lose the war. More depressing than anything else is the fear that there may be another winter campaign. Peace without annexation or indemnity is endorsed by all officers who have discussed the question, but most of them have indicated that they favor the annexation of eastern Belgium and a part of the coast of Flanders, if such a thing possibly could be done.

ALL BUT 20 OF 200 ENTOMBED MINERS RESCUED

EVANSVILLE, Ind., Aug. 4.—It was reported that all but twenty of the 200 entombed miners in the West Kentucky Coal company's mine at Clay, Kentucky, had been brought to the surface early this afternoon. Six men are known to be dead, three whites and three negroes. Sixteen of the rescued men are badly burned. Mine officials at Clay expressed hopes that the remaining 20 men would be rescued with few casualties.

CLAY, Ky., Aug. 4.—Two hundred miners are entombed in Mine No. 7 of the West Kentucky Coal company at 7:30 this morning. The explosion occurred in the south end of the mine where negroes largely are employed. Debris, it was said, choked the passageway to the north end where the remainder of the force including forty white men were at work.

Fire which followed the explosion raged for several hours and tho it is now thought to be extinguished, the presence of "black damp" has made further rescue work impossible pending the arrival of a mine rescue car from Evansville, Ind.

BARBARISM OF GERMAN SUBMARINE COMMANDER

A BRITISH PORT, Aug. 4.—Thirty-eight members of the crew of the steamship Belgian Prince were drowned in a most deliberate manner by the German submarine which sank her, according to the account given by survivors of that British vessel, who have reached British shores. The chief engineer of the steamer, who many times after the steamer was torpedoed was perilously near drowning, gave the following narrative of his experiences:

"About 8 o'clock on Tuesday evening, when we were 200 miles off land, I saw the wake of an approaching torpedo. The vessel gave a lurch as she was hit and I was thrown to the deck among the debris. The vessel listed heavily and all of us took to the boats.

The submarine approached and shelled the vessel and then ordered the small boats alongside the submarine. The skipper was summoned and taken inside. The others were mustered on the deck of the submarine.

The Germans removed the life belts and the outer clothing of all except eight of us, smashed the life boats with axes and then re-entered the submarine and closed the hatches leaving us on deck.
