# TURPIN MADE LITTLE EFFORT TO AVOID PURSUERS

GRANTS PASS, Or., Aug. 17.—Ralph Turpin, self-confessed murderer of William McCallister, whom he shot and killed after a dispute over a trivial difference, has been brought here from Klamath Falls, where he was captured.

His story of his flight after the shooting last Friday morning, is filled with unusual incidents. In all points in which information is obtainable from other sources, his story is corroborated.

Between the time of the murder, about 9 o'clock Friday morning, and shortly after dark that same evening, he traveled over rough hills a distance of twenty-five miles to his father's home on the outskirts of this city. Altho the home was supposed to be watched, young Turpin entered, learned from his father that McCallister had died, took a loaf of bread and a jar of canned fruit and left again, going south on the Pacific highway.

**Goes Thru Town.**

Turpin traveled the main road until he reached Gold Hill, seventeen miles distant, and had a sleep by the roadside. He went to a barber shop at Gold Hill for a shave. During the afternoon he left for Medford, still keeping to the Pacific highway. He passed thru Medford Saturday evening about 8 o'clock, when the streets were crowded. He reached Ashland and passed thru the center of the town about midnight.

He stopped at a peach orchard near Neal creek, five miles south of Ashland, for a nap. When he started to resume his journey at about 2 o'clock he saw an automobile approaching, and hid behind a cluster of rose bushes. The car stopped within fifty feet of his hiding place and the occupants filled the radiator with water.

Turpin recognized the men in the auto as Sheriff Lewis and Deputy Lister of this county, who were returning from Siskiyou county, California, where they had gone in search of Turpin.

Here Turpin left the Pacific highway and struck over Green Spring mountain. Shortly past the summit he was overtaken by an auto driven by a Klamath Falls photographer named Miller, who gave him a ride into that city.

**Sunday at Klamath.**

He spent Sunday night in a lodging house in Klamath Falls, and the next morning went down to the passenger station with a hazy idea of getting out of town; where and how he had not planned. At the station he was recognized by a former Grants Pass man named York, who notified two special deputy sheriffs nearby. York pointed out Turpin to them and they started for him. Turpin insists that he simply walked around the station twice, keeping the station between himself and the deputy sheriffs. After the second circuit of the station the deputies, figuring they had lost their man, returned to their station in the railroad yards.

An hour or so later Turpin started to walk across an open field, and was again seen by York, who notified Sheriff Humphrey.

On the way to the jail Turpin gave his name as Newton and said he lived at Ashland; but when York asked him, "How's Grants Pass?" Turpin replied without hesitation, "Everything was all right when I left." Sheriff Humphrey recognized him from a scar on the back of his head and called him by his right name, whereupon Turpin broke down and confessed the whole affair.

# COUNTY FAIR TO BE HELD HERE SEPTEMBER 18-23

The seventh annual Jackson County fair will be held in Medford, September 18 to 22 and the premiums offered on products of the farm, orchard, dairy, kitchen, pantry, on fancy work, art, flowers, livestock, poultry, etc., are very liberal and everyone who can should make some entries.

Owing to the fact that there are to be no races this year or attractions connected with the fair that required the same being held at the fair grounds, it was decided to lease the Natatorium and grounds, house all the exhibits except livestock in the building and to prepare suitable places to exhibit the stock in the shade of the trees on the grounds, and house it in a nearby large barn at night. It was also decided to have the fair open of nights and provide entertainment in the large hall each night. There will also be merchants' displays and style show, open to all the merchants of the county.

Another attractive feature is the general admission of 25 cents instead of 50 cents as heretofore. This together with no fare to pay for riding to the grounds will make it possible for everybody to attend, bring their whole family each day, see as good if not better exhibits than ever before and enjoy themselves in a comfortable place.

There will be water sports in the big pool, bowling, dancing, and other free attractions each evening to be announced later.

The Juvenile department under the supervision of County Superintendent G. W. Ager, will make a better showing this year than ever before and the children of the county are making great preparations for the same. Among the prizes offered is two free trips to the state fair for boys and two for girls.

The prizes for the highest scoring district exhibits this year are as follows: First, $60; second, $40; third, $25; fourth, $15. The prize winning exhibits in this class as well as in fruits, vegetables, grains and other exhibits will be put in a county exhibit and shown at the state fair and the Land Products show at Portland. D. M. Lowe's big exhibit of 500 products from one farm will be another feature this year.

In fact the management are busy preparing to make this fair a big success and ask that every merchant and citizen in the county boost for the fair and boost every day.

If you haven't a premium list get one at any of the banks or stores or send to J. H. Carkin, secretary.

# ASHLAND AND VICINITY

In addition to car shortage and strike situations, the Southern Pacific Shasta division faces a crisis here in efforts to secure a house for Engineer Elbert Bush. The premises at 91 Church street have been sold over his head, and what complicates matters is that Bush has only till the first of next April in which to secure new quarters. Every stall in the roundhouse is occupied, and a handy location at 381 A street, near the freight depot, which was thought available, is already preempted by long-term lease in the hands of the chair doctor. It is thought, however, that the S. P., in Bush's behalf, can secure an option on the vacant bungalow four miles up the canyon, near Watson Falls.

J. A. Graham, recently returned from San Francisco, has gone to Fort Stevens in response to a telegram from military authorities, where report has it that a commissioned officer's position is awaiting him. Graham was formerly a member of First company in this city.

Hoover had better harvest the huckleberry output, in view of reports from returning vacationists in the Lake of the Woods berry patches, who state that the Indian pickers have quadrupled the price. When asked the reason, the invariable reply is, "Hell heap war in Europe."

Mr. and Mrs. Clarence Lane, Miss Georgia Coffee and Floyd Place leave this week for a tour of the Crater lake and adjacent mountain regions.

Mr. and Mrs. L. J. Orres will camp for a week or more in the vicinity of the Ashland mine, the former attending to business matters in town intermittently.

The Hodgson realty agency has recently sold the Oscar Gustafson ranch on Granite street to Mrs. Harriet Poole of Yreka, who takes possession October 1, also the Logan Sparks ranch of twenty-two acres, two miles east of town, to C. O. Butler of California.

A dispatch in the dailies of Thursday states that Clyde E. Gray of Ashland has been commissioned a first lieutenant of field artillery, the result of attending the Fort Myer training camp course.

Undertaker Stock was called upon Friday to officiate at the funeral of Charles P. Kerby, son of Joseph Kerby of Wagner creek, who died August 15. Services were at the grave and interment was in Stearns cemetery. The deceased was 24 years old. He leaves a wife and young child.

Another warning worded in big type has been issued from police headquarters to the effect that after August 15 the pace as set by auto ordinance will be rigidly enforced. The maximum speed within city limits is fifteen miles per hour. A further admonition is that all mufflers must be closed.

Mr. and Mrs. G. F. Billings leave this week for a fortnight's recreation at the seaside, Newport being their destination.

M. A. Pottenger of St. Joseph, Mo., author and lecturer, was in town on Wednesday interviewing the Masonic affiliations here with the view of delivering an illustrated lecture later in the season.

Upon recommendation of Recorder Wimer, the city will redeem nearly $25,000 of electric light bonds by transfer of unused balances in various other funds, thus affecting a saving of several hundred dollars in annual interest charges.

Mrs. Elsie Churchman and children are visiting relatives in Portland and will also go to Newport before returning home about September 1.

Walker Thorne of Seattle, buyer for the "Bon Marche," the big department store of that metropolis, is visiting relatives here on his way to New York City.

What man can fully perceive the sympathetic understanding and the lovelight that glows in a woman's eyes at the sight of her flesh and blood represented in the tiny infant. Three generations have found the tried and reliable external application, "Mother's Friend" of the greatest help at such a time. By its daily use throughout the period, the skin of the abdomen is made soft and elastic, the expanding muscles relax naturally and with ease, when baby arrives, and the inflammation of breast glands is soothed.

**Laugh When People Step On Your Feet**

Try this yourself then pass it along to others. It works!

Ouch! ?! ?!! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says freezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.
