

LOCAL AND PERSONAL

A large number of people have been in attendance each evening at the religious meeting being conducted by Rosella Douglas at the large tent on Tenth and Ivy streets. Interest is growing, and those who hear the gospel as preached by this lady wish to hear it again.

Dr. Helme fits glasses correctly.

Frank J. Murphy, ranger in charge of the Klamath entrance to Crater Lake Park, was stricken with apoplexy Sunday and immediately removed to the residence of Will G. Steel at park headquarters, and yesterday was brought to the Sacred Heart hospital at Medford. His sister, Mrs. George Kilpatrick, of Spokane, was notified. Mr. Murphy has rallied and is improving rapidly, and doubtless will go to Spokane. Dr. E. H. Porter has the patient in charge.

W. B. McDonald, one of the proprietors of the Valley garage, is suffering with a broken arm as the result of a peculiar accident. A week ago, while fixing an auto tire, the tire blew off and the rim flew up and struck his right arm, fracturing it at the wrist. Not realizing at the time that the arm was broken, he had it bandaged. Later the true nature of the injury became known and yesterday he had a physician set the broken member.

GERMANY SOUGHT BRITISH CONSENT TO ENTER MEXICO

WASHINGTON, Aug. 30.—James Keeley, the Chicago publisher, declared today that he had personal knowledge to confirm former Ambassador Gerard's published statement that Germany had proposed to Great Britain a joint intervention in Mexico and an ending of the Monroe doctrine.

Mr. Keeley said that when he was in London last winter he met a brother official who told him that just before the war started the German ambassador in London had sought an appointment with him for a personal representative and close friend of the Kaiser. It was granted. The German representative asked:

"Would it not be a good thing for your government and my government to block the evident design of the United States for conquest in Mexico? I am ready to give you high official assurances that your country and my country would have no difficulty in establishing our influence in Mexico."

To this the British official replied: "I had not known you were coming here for such a proposal. Neither I nor my government has any desire to discuss the question. I now bid you good afternoon."

FARMERS MUST SERVE IN ARMY RULES PRESIDENT

WASHINGTON, Aug. 30.—In disapproving a proposal by Representative Shouse of Kansas that all men engaged in agricultural pursuits last March be exempted from military service, President Wilson today wrote the Congressman that a class exemption would lead to "many difficulties and to much heartburning." He added, however, that he "should like personally to see all the genuine farmers left at their indispensable labors."

The president also called attention to Provost Marshal General Crowder's recent arrangement for calling men whereby most farm labor will not be drafted in service before October 1 when it is believed most of the heavy farm work will be done. This arrangement was the result, the president wrote, of "most careful and sympathetic attention" by the war department.

Representative Shouse responded to the president's letter with the declaration that much of the Kansas wheat crop would not be in on October 1 and that the labor situation in that state was critical.

RUSSIANS REPLY TO WILSON'S GREETING

WASHINGTON, Aug. 30.—The reply of the Moscow conference to the greeting of President Wilson, in the form of a resolution, was received today and follows:

"The message of greeting of the president of the United States to the Moscow state council being read in conference on August 27, the council has manifested by enthusiastic cheers its gratitude for the wishes formulated by the president, emphasizing that the feeling of the great American democracy and its faith in the common triumph of the allies for the sake of justice and liberty are shared by all the people of Russia."
