NEW OUTBURST OF RAGE OVER WILSON'S NOTE

German Papers in Frenzy to Save Hohenzollerns-"Climax of American Insolence"-Reactionaries Try to Use Incident to Block Proposed Popular Reforms Demanded.

AMSTERDAM, Sept. 9.-There was fresh outburst of rage against the United States in Saturday's German newspapers in connection with Secre tary of State Lausing's reported denial of the statement tha America would no insist on the elimination of the Hohenzollerns before entering into peace negotiations. The Rheinische Westfalische Zeitung carries a headline that crosses an entire page, in large type, reading:

"America demands the deposition of the Hohenzollerns," which it follows with a furious denunciation of America, in which the alleged demand is alluded to as "the climax of the arrogant insolence of the American government, which," it adds "we hope will be met by an emphatic 'hands off' from the Reichstag." Wilson's Impertinence.

The Frankfurter ZZeitung issues a warning against the efforts of German reactionary elements seeking to make political capital out of President Wilson's reply to the pope. It says that certain parties make the point that "national honor" now re-Trires that the democratization of Germany shall be indefinitely shelved because America makes it conditional for peace.

Reforms Demanded,

The paper declares that, while unwarranted interferers will be sharply rapped on the knuckles, the peo ple shall not be deterred, even by eas mies, from enforcing reforms deemed necessary for the benefit of the coun-

The chief center party organ, Germania, commenting editorially in a similar vein, says that while not even the slightest reform must be introduced under foreign pressure, none must be kept back just because it is apt to the construed as a concession to outsiders.

The Vartemberg center party or gan, the Deutsches Vokesblatt, says that President Wilson's reply has ereated a new situation, that it releases that majority party in one Releastag from the peace resolution pledge and that their attitude must be revised accordingly.

Bavarian papers report an active peace propaganda by the South Geran clergy on the basis of the pope's
