THE SILENT MASTER A SCREEN SENSATION

"The Silent Master," starring the incomparable Robert Warwick, at the Rialto theater, is a daring, thrilling, challenging story of social adventure in France and America, full of tragic situations, quickly shifting to scenes of love and domestic calm, and again to cyclonic combinations of unanticipated terror, menacing human lives, lacerating human affections, destroying fortunes and rending the hearts of the participants. But the tragedy of it produces righteous compensation.

It is the story of a mysterious character of wealth (Warwick as "Valentin Simon") in a role of charitable justice, becoming a victim of the sins he sought to suppress, the ill-starred Nemesis of a righteous cause, fighting a devious and doubtful way thru a series of semi-tragic situations that compel tears and suggest heart-breaks.

Olive Tell, his beautiful wife, as "Marquise de Sombrenil," devotes years to silent torture of mind and heart before she discovers the terrible mistake of her wedded life and heroically beckons happiness to return.

The entire thread of the story is a continuous thrill, first of emotion and then of fear, but the triumphant climax is reached by a succession of situations that hold the audience in a spell of suspense until the last foot of the film. "The Silent Master" will appear for the last time at The Rialto tonight.
