B. Cunningham and E. E. Scott are cursing the memory of him. He worked the old gag that if they would only come to Cow Creek canyon on a hunting trip under his guidance they would sure get meat; as in case all else failed he had two captured deer tied up in the woods, ready to be shot. They bit, as others, including Larry Jerome, had done before them. Moore ran his victims all over the mountains of Douglas county until they had to stop from sheer exhaustion. They never even saw a deer. They have returned home very sore in mind and body.

COMPLAIN OF RAIL SERVICE IN OREGON. SALEM, Sept. 19.—Inadequate facilities for moving western freight are called to the attention of C. M. Sheaffer, chairman of the committee on car service, American Railway association, in a letter addressed to him at Washington by the Oregon committee today. The letter is in reply to a letter from Sheaffer urging heavier loading and greater efficiency in car service in this territory. The Oregon committee says: "There is a condition prevailing on the Oregon lines which is very detrimental to shipping interests in this territory in that the western carriers are unable to secure from their eastern connection anything like the equivalent of the loads turned over for eastern movement. This militates very much against the Pacific coast in that we are unable to get equipment for transportation of our products."

WEDDING BELLS. An unusually pretty wedding was that at an early hour this morning at St. Mark's church, which united Miss Katherine Esterly and Harold Scott McCaughy, members of prominent and wealthy Seattle families. Rev. William B. Hamilton, rector of St. Mark's, performed the ceremony.

The church was attractively decorated with palms and ferns and the altar was covered with pink gladiolus. The bride wore a smart suit of taupe broadcloth, a Joseph hat and carried a bouquet of pink Perle d'Or roses. The wedding guests were the following: Mr. and Mrs. George Max Esterly of Seattle, parents of the bride; Mrs. Joseph Mortimer Anderson of Whitewater, Wis.; Dr. and Mrs. J. F. Reddy, Mrs. Joseph Lyon Mohndro of Seattle; Mr. and Mrs. John Logan of Waldo, Ore.; Mr. and Mrs. A. Judson Adams of Cordova, Alaska, and Mr. and Mrs. Roy Clark of Takilma, Ore.

The newly wedded couple left this forenoon for Vancouver, B. C., where they will spend part of their honeymoon trip in a motor tour of Victoria island.

The bride and groom are graduates of Washington university and attended that institution at the same time. The bride's father, a Seattle capitalist, recently purchased the famous Logan mine at Waldo, in Josephine county. The groom is the son of the head of the McLaughry Lumber company in Seattle.

On Tuesday evening Dr. and Mrs. J. F. Reddy entertained at dinner the prospective bride and groom, Mr. and Mrs. George Max Esterly and Mrs. Joseph Mortimer Anderson.

Following the departure of the bride and groom from the city this morning, the remainder of the party enjoyed an informal breakfast at the Medford hotel.

W. C. T. U. Notes. The Medford W. C. T. U. are beginning the first quarter of the new year and there never was a time when they needed more loyalty and courage to face the problems before them. If every member will see that her dues are paid promptly it will help the officers very much.

Emily Stevens, the wonderful emotional star of the stage—plays the central figure—there are no stars—the play is too big—our Nation 100,000,000 strong!!!

Damage Claim Settled. The council approved the settlement made by Mayor Gates and Chairman Keene of the water committee with C. L. Farrar, who has long had a grievance against the city and threatened to sue unless damages he claimed were paid. Farrar has a ranch several miles this side of the

city water intake thru which the city water pipes run. Bad leaks in the pipe caused water to collect on part of his land and damage it.

Then, too, some months ago, the city disconnected Farrar's telephone from the city's line running from Medford to the intake, which gave Farrar an additional grievance. Farrar agreed in conference with Messrs. Gates and Keene to settle with the city for \$100 and to release his claim to telephone service.

The council was of the opinion that before the winter rains set in the water intake surroundings should be cleaned up and necessary repairs made. City Water Superintendent Arnsperger has prepared several plans for intake improvements and the council authorized him to go ahead and use his judgment as to the best plan and to begin work at once.

Fire Warden Interferes. The dam of logs, debris and rubbish in Little Butte creek at the intake has never been cleared away since the flood caused by the break in the Fish Lake dam several months ago, which wrecked the intake. Some time ago when city employees started to burn this debris the state fire warden ordered the burning stopped on account of forest fire danger.

COUNCIL REDUCES TREASURER'S PAY TO \$100 PER MONTH

The city council last night unexpectedly reduced the salary of the city treasurer to \$100 a month, passed a fire limits building ordinance, introduced an ordinance giving the council the power to revoke the licensing of any public billiard and pool or card room for selling intoxicating liquors, or other good cause; took steps for the immediate cleaning up and repair of the city water intake, and transacted much other business.

The lengthy meeting did not start until 9 p. m. on account of the absence of Councilmen Carkin and Gaddis, who were thought to be in the neighborhood of the jazz orchestra at the Natatorium. The belated councilmen were finally brought to the council chamber after the council had ordered Acting Chief of Police Timothy to bring them there dead or alive. There was much genuine disappointment when they were brought in alive, as that meant a long and late council meeting.

Council Act a Surprise. The action of the council in reducing the salary of City Treasurer Samuels from \$125 to \$100 a month was a total surprise and was done under suspension of the rules without any debate whatever, showing that the councilmen had held a secret caucus previously and unanimously decided on the action.

The explanation given for making the reduction is that it is in line with the low condition of the city's finances and makes the salary equal to that of the city recorder, whose duties are regarded as at least equally arduous.

Mayor Gates did not announce the appointment of a new policeman, as he was expected to do, the councilmen and mayor agreeing informally to let the appointment go over until the next council meeting. There are two candidates for the appointment, the latest being J. O. Gerking, the well-known photographer, who was sworn in yesterday as a special policeman to fill the vacancy temporarily caused by the resignation of Night Policeman Eugene Amman.

The other candidate is Charles Zimmerman who is taking the place of Night Officer Timothy who is acting chief of police during the absence of Chief Hittson for several weeks in eastern Oregon.

The city officials decided it would be best to let the two men serve until the next meeting when they would choose the man for regular appointment who had made the best showing in the meantime.

Council Ignores Firemen. The council did not act on the request of the city firemen for a raise of \$5 a month—in fact totally ignored the request, seemingly having dropped discussion of the matter when at their conference this week they decided not to grant the raise.

The public billiard and pool room and card room ordinance was made more elastic for the express purpose of covering such cases as that of Rankin Estes who long bootlegged in his billiard and pool room until he was apprehended by the county authorities and given a long jail sentence and heavy fine.

At the time of his conviction County Prosecutor Roberts ordered his place of business closed. As far as the city was concerned the council could not have ordered the place closed or revoked the license under the provisions of the old ordinance.

The new city ordinance not only gives the council authority to revoke the license and close up a pool room where the proprietor sells intoxicating drinks, but gives authority to revoke the license for any other good cause.

Damage Claim Settled. The council approved the settlement made by Mayor Gates and Chairman Keene of the water committee with C. L. Farrar, who has long had a grievance against the city and threatened to sue unless damages he claimed were paid. Farrar has a ranch several miles this side of the

Superintendent Arnsperger now plans to burn or remove the debris and otherwise clean up to intake, and
