New Zealand Rabbits y Haertle, Medford—1st, old

AUTO SHOW BIG HIT OF FAIR WITH DISPLAYS FEATURED

The auto dealers of Medford are a wide awake bunch of fellows is again demonstrated by the huge success of their first Auto show at the County fair. This show is the best ever held in Oregon outside of Portland and would be a credit to that city, which is the western distributing point for nearly all makes of cars, and certainly speaks well for our auto dealers. The show is being held on the floor where the indoor sports are conducted and that space being too small the overflow is placed in two of the halls. The entire display is nicely decorated and the dealers and their assistants are on hand to welcome the people, explain their cars, tires and accessories and give out booklets. Everybody says the Auto show is one of the features of the fair and it enables the people who have the bug, to see the different cars and compare them. These dealers and cars are represented:

A. W. Walker Auto company, with a Hudson Speedster, Chalmers Six, Maxwell touring car, a Maxwell truck and a Trackrod. Power Auto company, Buick Six and Four, and the parts in the rough used in their manufacture, Redden Farm-a-Truck, Firestone tires. A feature of this display is a Firestone truck tire 14 inches wide, 42 inches high, weight 540 pounds, value about \$300. It is the heaviest and most costly tire ever seen in Medford. Trenchler Peirson, inc. Aldsmobile Six, recently received, and the parts used in construction; Dodge touring car, Dodge Sedan and U. S. tires. G. E. Millner. Overland roadster and Country Club and Willys-Knight, Wire-Grip tires and the new theft signal, a patent to put on tires that makes getting away with a car very difficult. Valley Garage, Osman & McDonald. Page Six and Speedster, one of the latest additions to the auto family in Medford. W. R. De Lay, Velle Six, another new car here; Chevrolet roadster, Chevrolet light delivery, Goodyear and Republic tires and accessories. C. E. Gates Auto company. The Ford and out in the yard the new Avery 5-10 horsepower tractor. These cars run from the moderately priced Ford all along the line to \$2500 and if you expect to make a purchase better look them over and investigate before the prices advance, as cars are getting scarce.

SISKIYOU PHONE LINE BEING REBUILT The Pacific Telegraph and Telephone Co. have a large crew of men rebuilding their toll lead from Ashland to the Oregon-California state line. All curves and angles are being eliminated, making the line go straight over the mountains. The 19 miles of reconstruction will cost approximately \$53,200.00 and the company is pushing the work vigorously in order to have it completed by the first of the year. This is only one of many improvements being carried on by this company to insure the lines of communication to the government during the war.

Lemons Beautify! Make Quarter Pint of Lotion Cheap Here is told how to prepare an inexpensive lemon lotion which can be used to bring back to any skin the sweet freshness, softness, whiteness and beauty. The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smootheners and beautifier. Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands, and see for yourself.

PRIZES AWARDED IN CLUB PROJECT EXHIBITS AT FAIR

The winners in the club project exhibits at the County fair were announced last night as follows: 1. Corn growing, first prize, Vern Owens, Medford. 2. Potato growing, first prize, Andrew Stevens, Talent. 3. Gardening, first prize, Cyril Haak, Eagle Point. 5. Pig feeding, first prize, Alta Knips, Medford. 7. Baking, first prize, Mildred Ward, Phoenix. 8. Canning, first prize, Leta Stevens, Talent. 10. Sewing, first prize, Mary Monia, Brownsboro; in 2nd division, 1st prize, Flora Manke, Medford. 11. Handicrafts, first prize, Cecil Ager, Jacksonville.

The canning demonstration held yesterday afternoon, attracted a number of people, four teams were entered to contend, but the team from Belle View did not arrive and the last of the teams have now contested and the winners will be announced today at 2:30 p. m. in the

canning department. Immediately following the announcement, the Phoenix team will give a demonstration. The winners of this contest will be given a free trip to the state fair and it is reported that plans are now under way to send the second team to the Portland Land show.

FAIR NOTES

The district exhibits at the fair would be a credit to any state fair, says D. M. Lowe, and he has seen a number of them. They are certainly wonderful and especially for a dry year. They also show what a little community spirit can do, where there are a few live wires to exploit the products of that locality and compare products with their neighbors. Part of the exhibits will be taken by Mr. Lowe to the state fair, Portland land show and Dallas, Texas, Dry Land congress.

There are five districts represented. No. 1, Ashland, Mrs. Lou Pierce, superintendent; No. 2, Talent, S. S. Stevens, superintendent; No. 3, Sams Valley and Table Rock, W. Tresham, superintendent; No. 4, Brownsboro, Butte Falls and Eagle Point, Floyd Charley, superintendent. No. 5, Rogue River, W. G. Alden, superintendent. The exhibit of over 1100 varieties

of fruits, vegetables, grains, seeds, melons, canned goods, etc., from the farm of D. M. Lowe & Sons, of Ashland surpasses anything ever seen in the northwest from one farm, and many of the total exhibits of fairs. Several of the noticeable features are one egg plant with ten eggs on it; Jerusalem cherry tree in bearing, a summer squash four feet long, 100 onions that weigh 101 pounds, vetch ten feet long, 62 varieties field grain in bundles, and a big collection of canned goods prepared by Mrs. D. M. Lowe.

The fruit and vegetable exhibits while not as large as on some former occasions, are better in quality and are well worth seeing. The exhibit of grapes is larger than at any previous fair and are first class. The little flag buttons being sold by the Girls Honor Guard were all purchased the first day, showing that the people who attend the fair are patriotic.

PORTLAND SECTION OFF TO WAR FRONT

PARIS, Sept. 21.—The first section of the American field service, attached to the United States ambulance service, left Paris yesterday on cars furnished by the citizens of Portland, Ore. The section comprises representatives of many of the important American universities.

Real boys like 'em, too! SNOW FLAKES are good for growing boys because everything that goes into them is the best, and of the highest food value. PACIFIC COAST BISCUIT CO. Portland, Oregon.

THE UP-TO-DATE AUTOIST. carries with him an equipment of tools and appliances that enable him to make all but the most serious repairs. Many of the wise car owners get their supplies of this, and all other kinds here. They have learned that they can always be sure of obtaining what they want, when they want it at a price admittedly reasonable. C. E. Gates Auto Co.

Heap big mileage!

Advertisement for SAVAGE TIRES. In every layer of fabric, in every bit of rubber—permeating the entire casing! No wonder Savage Tires average so much greater mileage. Savage Tires are built to give mileage first, then road comfort and complete satisfaction—they are not made to sell at a price. And yet Savages cost no more than ordinary casings. Sold through our own distributors. We put the middleman's profit into extra quality—"Heap big mileage!" Watch for the red Savage sign. C. E. Gates Auto Co. Medford, Oregon
